NEW LABOR LAWS—Progress of 1914. BIG GAINS FOR AMERICA'S INDUSTRIAL ARMY

Big gains in the war against industrial evils is recorded in the Review of Labor Legislation of 1914, just issued from its New York headquarters by the American Association for Labor Legislation. The labor laws enacted by Congress, by thirteen state legislatures which convened this year, and by Alaska and other territories are briefly summarized.

"Noteworthy as marking renewed determination to grapple scientifically with one of the most pressing problems of industrial maladjustment," said John B. Andrews, Secretary of the Association, yesterday, "is the law adopted this year in New York, establishing a state-wide system of public employment bureaus. Shortly after the signing of this act, New York City adopted an ordinance resulting on November 19 in the opening of the best equipped public employment exchange in the country. New workmen's compensation laws were enacted in New York, Maryland, Kentucky and Louisiana, while other states, notably Massachusetts, liberalized the provisions of existing compensation codes. By enacting carefully drawn measures for the prevention of compressed air illness and of lead poisoning, New Jersey took an advanced stand in the campaign for occupational hygiene. In no fewer than seven states this year, initiated measures affecting labor were submitted to popular vote. Among those which were successful are a new Arkansas child labor law, adopted on September 14, and a Washington bill prohibiting the taking of fees by private employment agencies from applicants for work, adopted at the general election on November 3. The 1913 Colorado's 'assumption of risk' law and the Nebraska workmen's compensation act of the same date, upon which referendum had been demanded, were sustained by popular vote, while the Missouri full-crew law of 1913, which was similarly challenged, was repealed. Universal eight-hour day bills, initiated in the three Pacific coast states, were lost. Of more than ordinary interest is the section of the new federal anti-trust law which pre-

vents the use of the Sherman act against trade unions on the ground that 'the labor of a human being is not a commodity or article of commerce.' Congress also strictly regulated the issuance of injunctions by federal courts in labor disputes, and established an eight-hour day for female workers in the District of Columbia." Two important measures still before Congress provide for a federal system of public employment offices and for adequate industrial accident and occupational disease compensation for Federal employees.

Accidents and Diseases.

Three legislatures enacted laws requiring industrial accidents or occupational diseases to be reported, while New Jersey adopted scientific measures for the prevention of lead poisoning in lead plants and potteries, and of the dreaded "bends" or compressed air illness in tunnel and caisson work. Four states gave further attention to protecting their industrial workers from fire, and Maryland passed two comprehensive laws regulating canneries and tenement workshops. Three states and the territory of Alaska legislated upon the subject of safety in mines, Kentucky going furthest and enacting a new mine code. Several new railroad safety laws are concerned with full crews, headlights and enclosed vestibules on trolley cars.

Factory Inspection.

Seven states dealt with machinery for more efficient enforcement of their labor laws. No changes from the old style labor department to an industrial commission are recorded this year, but, special commissions or boards to administer workmen's compensation laws were created in Kentucky, Maryland and New York. In several states salaries of labor department staffs were increased.

Child Labor.

Eleven states, or about three-quarters of those in which legislation was passed this year, took action on child labor.

Arkansas, Georgia, Kentucky, Mississippi and Virginia passed entirely new codes, and other states amended their laws, tending to raise age limits and educational requirements, to shorten hours and to forbid hazardous employments and night work. Backward steps were taken in Maryland, where the minimum age for newsboys was reduced from twelve years to ten, and in Mississippi where the maximum working hours for boys of fourteen and girls of sixteen were increased from eight to ten a day.

Workmen's Compensation.

By the action of New York, Kentucky, Louisiana and Maryland, exactly twenty-four states, or one-half of those in the union, now have workmen's compensation laws. Massachusetts, after two years' experience, raised the benefits under its law from 50 per cent to 66 2-3 per cent of wages, and New Jersey also liberalized its rates, though to a less extent.

Hours.

Alaska established an eight-hour day on public works, and a number of vacation and hour laws for public employees were enacted in Massachusetts and New York. Five states and Alaska legislated on hours in private employment, railroad workers and miners being the groups most widely affected. The weekly rest day law in New York was amended to exempt a number of milk handling establishments and also, in the discretion of the commissioner of labor, continuous industries in which no employee works more than eight hours a day.

Trade Disputes.

The use of the injunction in labor disputes was regulated in Massachusetts and by Congress, the latter body also declaring the Sherman anti-trust law inapplicable to labor organizations as "the labor of a human being is not a commod-

ity or article of commerce." Congress, further in appropriating \$300,000 for the enforcement of anti-trust laws, for the second time specified that none of the money was to be used for prosecuting to enforce the act.

Massachusetts protected workmen in their right to organize.

Unemployment.

Spurred on by the experiences of the winter of 1913-1914, three states, Louisiana, Maryland and New York, made provision for public bureaus to put employment givers and employment seekers in touch with one another. The most important of these laws is that of New York, which created a bureau of employment within the state department of labor, with branches throughout the state in the discretion of the commissioner. The people of Washington, incensed at long standing abuses, practically abolished private employment agencies in their state by prohibiting the taking of fees from applicants for work.

Women's Work.

Though minimum wage legislation this year was represented only by some amendments to the Massachusetts law, five states and the federal government took action on hours and working conditions affecting women. Mississippi established for women a ten-hour day and a sixty-hours week, and Virginia extended its ten-hour law to cover certain establishments not previously effected, while New York made its nine-hour day and fifty-four hour week general for women employed in all mercantile establishments and limited their working week to six days. Congress established for all female employees in the District of Columbia an eight hour day and a forty-eight hour week, prohibited their employment before 7 a. m. or after 6 p. m., and provided a special staff of three inspectors, two of whom are to be women.

RESIGNATION OF DISTRICT COUNCIL ORGANIZER W. V. SCOTT.

Officers and Members District Council 3-2, Greetings:

Being in a position at this time to better my personal working and living conditions in all respects, and feeling that the rank and file should elect an entirely new set of officers in the near future, I am tendering my resignation as Organizer for your consideration and acceptance to take effect February 7, 1915.

In retiring I wish to thank all officers and members for their earnest support and help during my time in office. Real-

izing the duties that confronts my successor as well as all other officers during the next year, I extend my best wishes for every success possible.

Feeling that the year 1915 will be one of the best in the history of the Brotherhood I urge all members to take advantage of every opportunity possible.

Again extending my best wishes for success to all, and hoping to hear from any and all from time to time.

Sincerely and fraternally yours,

Walter V. Scott,

District Organizer Southwestern District Council.

IN MEMORIAM

WILLIAM HERLIHY.

Whereas, It has pleased Almighty God, in His infinite wisdom, to summon into His presence our beloved brother, William Herlihy (died January 11, 1915) and, Whereas he departed this life at the very threshold of a useful career and in the prime of his manhood and,

Whereas we treasured his presence among us as he was a true and loyal member of Local Union No. 9, and a staunch supporter of Unionism and an honest and faithful worker,

Resolved, we hereby express our heartfelt sympathy to the bereaved family, relatives and friends in their hour of grief.

"Eternal rest grant unto him, O Lord, and let perpetual light shine upon him," and be it further

Resolved, That our charter be draped in mourning for a period of thirty days, and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family and that a copy be forwarded to the Electrical Worker.

Local Union No. 9, Chicago, Illinois.

A. E. Cummins,
John Olpady,
P. J. Clark,
Committee.

CHARLES MILTON CONNERS.

January 28, 1915.

Whereas, It has pleased the Almighty God, in His Wisdom, to call from our midst, our dear brother, Charles Milton Connors, who was called from this life on January 15.

He was employed for several years by the Bell Telephone Co., and later, with the Interstate Telephone Co., the latter losing a valued employee as well as we, a kind and courteous brother.

He was ever ready to help the cause of our organization and was at all times solicitous of the welfare of his friends and co-workers. He suffered patiently, so may he rest in Eternal Peace, therefore be it

Resolved, That a copy of these resolutions be sent to the widow of the deceased, and also a copy to the mother; that a copy be sent to the official organ of this organization for publication, and that they be spread upon the minutes of Local No. 34, of the International Brotherhood of Electrical Workers.

G. M. McVay,
G. M. Akers,
A. L. Sims,
Committee.

J. B. RODGERS.

February 18, 1915.

Whereas, It has pleased the Almighty in His infinite wisdom to remove from our midst, Brother J. B. Rodgers, and

Whereas, the I. B. E. W., lost a true union man and Brother; therefore be it

Resolved, that Local No. 151 of the I. B. E. W., extend their deepest sympathy to his family in this, their hour of grief, and be it further

Resolved, that our charter be draped in mourning for a period of thirty days; and be it further

Resolved, That a copy of these resolutions be inserted in the minutes of this Local Union, a copy sent to the family and a copy sent to the International office for publication in our official Journal.

Jas. A. Himmel,
James H. Burch,
E. E. Hayland,
Committee.

J. D. HAGERMAN.

Whereas, In His wisdom that passeth the understanding of men, it has pleased the Creator of all mankind to call from our midst our Brother and co-worker, J. D. Hagerman, and

Whereas, J. D. Hagerman was ever a staunch labor advocate, his very strength in working for the cause, lay in his honesty of purpose and his steadfast adherence to do what he thought was right, therefore be it

Resolved, That Local Union No. 472, Toronto, of the I. B. E. W., send to his widow and child the sincerest condolence of the Union and, be it further

Resolved, That the charter of this Local Union be draped in mourning for a period of thirty days, and be it further

Resolved, That a copy of these resolutions be sent to the bereaved widow and child, and also be placed on the minutes of this Local Union and published in the Electrical Workers' Journal.

(Signed) R. P. Kaulfus,
Secretary Executive Board.

ALDEN F. TOBEY.

Whereas, It has pleased Almighty God in his infinite wisdom and mercy to remove from our midst our beloved Brother, Alden F. Tobey, and by his death our organization has lost a true and faithful member, and a Brother who was well liked by all who came in contact with him, therefore be it

Resolved, That we, the members of Local No. 142, I. B. E. W., extend our deepest and heartfelt sympathy to his wife, children and relatives, in this, their hour of bereavement; and be it further

Resolved, That the charter of this Local Union be draped in mourning for a these resolutions be sent to the wife of our deceased Brother, a copy be spread upon a separate page of our records, and a copy be forwarded to the International office for publication in the Electrical Worker.

George F. Backus,
J. J. McDonough,
J. A. Donoghue,
Committee.

JAMES M. THOMPSON.

Whereas, It has been the will of our Almighty Father to call from this world, in the prime of his life, our beloved and esteemed Brother, James M. Thompson, and his sudden removal from our midst has left a vacancy and shadow, which will be deeply realized, and,

Whereas, Local No. 239, has lost by his death a true and loyal union man and a Brother esteemed, therefore be it

Resolved, That the members of Local Union No. 239, I. B. E. W., extend to his family and many friends our heartfelt sympathy in their hour of sorrow, and be it further

Resolved, That our charter be draped for a period of thirty days and a copy of these resolutions be sent to our official journal for publication.

Local Union No. 239, Williamsport, Pa.

William Hain,
Chester Shultz,
Jos. Winslow,
Committee.

C. C. MASON.

Whereas, It has pleased the Almighty God to take from our midst our beloved Brother, C. C. Mason, whose sickness dates from January 20, 1915, to date of his death, February 2, 1915. We the members of Local No. 62 extend our deepest and heartfelt sympathy to his family and relatives in their hour of grief and sorrow; therefore be it

Resolved, That our charter be draped for a period of thirty days as a token of respect to his memory; and be it further

Resolved, That a copy of these resolutions be sent to his family, a copy to our official Journal, and they be spread upon our minutes.

A. Laughman,
W. B. Thompson,
J. W. Haynes,
Committee.

WALTER E. WALSCH.

Whereas, It has pleased our all wise Creator to take from us our Brother and fellow workman, Walter E. Walsch, in his prime of life, February 14, 1915, therefore be it

Resolved, That Local No. 66, extend our heartfelt sympathy to his bereaved loved ones and commit them to the guidance of our Great Councilor who doth all things well, and be it further

Resolved, That a copy of these resolutions be sent to his relatives, a copy spread upon the minutes of our meeting, a copy sent to our official Journal for publication and our charter be draped for thirty days.

H. J. Gutzwiller,
O. C. King,
P. M. Steshens,
Committee.

GEORGE H. PHILLIPS.

Whereas, It has pleased Almighty God, in His infinite wisdom, to summon into His presence our beloved brother, George H. Phillips, who died February 5, 1915, and

Whereas, He departed this life at the threshold of a useful career and in the prime of his manhood and

Whereas, We treasured his presence among us as he was a true and loyal member of Local Union No. 9, and a staunch supporter of unionism and an honest and faithful worker, therefore be it

Resolved, that we hereby express our heartfelt sympathy to his bereaved family, and friends in their hour of grief, be it further

Resolved, That our charter be draped in mourning for a period of thirty days, and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family and that a copy be forwarded to the Electrical Worker, also that this resolution be spread on the minutes of this organization.

Local Union No. 9, I. B. of E. W., Chicago, Illinois.

Baldy,
Press Secretary.

FATAL ACCIDENT.

Brother William Siebert, of Local No. 122, Great Falls, Mont., met his death on the morning of March 1, while working for the Montana Power Co., at Geyser, Mont. Bro. Siebert's remains were sent to Minneapolis, his former home for burial.

NOTICE.

Anyone knowing the present whereabouts of Wm. Carter Ware, last heard from when at Hot Springs, Ark., about two years ago, will confer a favor upon Mr. Ware's family by communicating the information to Wallis Ware, 308 E. Willamette, Colorado Springs, Colo.

NOTICE.

The Billings Montana local desires to warn our members against being deceived by the newspaper reports that there is a shortage of electrical mechanics in that locality at the present time.

EDITORIAL

CONCENTRIC WIRING.

The subject which this article deals with is, we believe, one of sufficient import to interest every electrical mechanic, irrespective of what branch of the trade he may be following.

Every day new problems and questions confront those following most every walk of life, and the electrical worker is no exception to the rule and we believe he is today face to face with one of the most serious questions he has ever been called upon to meet and that question is the "Concentric Wiring" system. This system is being strongly advocated and vigorously promoted by the National Electric Light Association, which is composed of and controlled by the central power station interests of America, also by the Incandescent Lamp Manufacturers, of which the Quality Lamp Division of the General Electric Co., is an important factor.

These interests are always keenly alert and ready to promote any plan that will increase their already enormous profits, and unhesitatingly grasp

the concentric system as presenting the golden opportunity of increasing dividends, and they are preparing to convince the ever willing public of the merits of the system by demonstrating its initial cheapness, but we venture the opinion they will not elaborate upon the hazardous risk to life and property this plan of installation might mean.

It is well known, that with the introduction of the Mazda lamp, the consumption of current was materially reduced, this affected the central power station interests, who looked about for relief and like a true brother the lamp interests co-operated and the cheap Concentric plan was hit upon as offering ideal relief. The thought of squeezing out the water from their stock, which would permit of reduced lighting rates, and an extension of service, could not be considered and casting the "safety first" slogan to the winds, decided upon the plan herein referred to.

We will give a brief description of the system for the information of those who may not be familiar with it and is what might be called a one wire and return ground system.

The conductor, generally speaking, is of stranded copper of about 16-gauge, covered with rubber insulation and encased in a thin tinned copper sheathing or armor.

The stranded conductor inside of the insulation carries the positive side of the circuit, the copper armor is the grounded side, or common return for the current, and is used as the other conductor.

The entire conductor is about as large as a No. 6 B.S. gauge wire and answers the purpose of two properly insulated conductors, which safe and proper construction require to be installed on knobs, cleats in tubes or conduit. Fittings are provided to care for all angles of construction, such as crosses, tees, taps, etc.

Fixtures are designed in consistent keeping with the system, an insulated wire conducts the current to the lamp, the shell of the socket being grounded to the other side of the lamp, the shell of the fixture is grounded to the stem, which in turn is grounded to the copper casing or armor of the conductor; the entire equipment including switches, are of the cheapest make and design.

This briefly is the system and material these great interests are preparing to unload on the public, without regard to safety, except to profits.

A committee appointed by Mr. F. E. Cabbot, chairman of the electrical committee of the National Fire Protection Association, met with a committee representing manufacturers of standard two-wire devices on January 1, in New York City, the result of the meeting was the establishment of a publicity committee to conduct investigations and researches and publish their findings in trade journals or other suitable publications.

A recommendation was also offered that organized co-operation of all interested in the electrical industry be arranged for and named the following associations: The National Electric Light Association, The National Board of Fire Underwriters, National Fire Protection Association, Electrical jobbers Association. The Life and Accident Insurance Co. will soon have a similar organization and will, no doubt, be included, they further advise the electrical manufacturers to organize.

The journeymen electrical workers' organization, we presume, the committee considered, was not interested, or more probably, they felt was not of importance enough to be considered, but irrespective of what they assumed or felt, we are interested, and every member should consider it their duty to fully investigate this proposition and this should be done without delay, and if it is found that the system does not merit our favorable consideration, voice our protests sufficiently to prevent the saddling of a property and life endangering experiment upon the public.

This means hard and expensive work, for the promoters will have the best technical and legal experts that money can command and expert opinions are not hard to procure where the inducement is sufficient.

Local No. 38, of Cleveland, has already taken the matter up and conducted careful and extended investigation of the system. Space will not permit of the publishing of the committee's entire report in this issue, but their findings resulted in the unanimous condemnation of the system by the local. The local's investigation disclosed the fact that the proposed system is of European origin and is used quite extensively in Germany, Italy and Austria-Hungary. The local's action on the committee's report was as follows:

Be it resolved by Local No. 38, I. B. E. W., that we oppose the class of construction known as CONCENTRIC WIRING. Be it further

Resolved, Our Secretary notify or forward our report to the Grand Office to this effect and that they be requested to communicate with all Local Unions in the United States and Canada, familiarizing them with details of said Concentric Wiring, requesting them to use their utmost endeavor with contractors, supply houses and the National Board of Fire Underwriters, to condemn the introduction of this foreign product to the electrical trade of America.

All locals are urged to communicate with the International Office regarding this question as soon as they have investigated the subject, the opinions of all is desired.

TRAVELING MEMBERS NOTE.

Work is still at a low ebb throughout our jurisdiction. Large numbers of our members are out of employment and have been for some-time past.

The no help wanted sign is on the doors of our employers wherever we go. All local unions have their hands full in taking care of their unemployed and members contemplating traveling should bear this in mind.

Traveling members are not looking for charity, they want work, the same can be said of the unemployed members in their home cities.

Local unions cannot be held responsible for members being out of work nor can they be blamed for not placing members to work when their is no work to be had.

"Charity begins at home." That is a law governed by human nature that cannot be changed regardless of the ties of fraternity and trades-unionism.

Every member should have an opportunity to earn their livelihood, that is only right and fair. But where there is only one job and two are looking for it; one a traveling member and the other a home member, the job will go to the home member ninety times out of each hundred at the very least.

We have called the attention of our members who contemplated trying their luck in other cities to the above conditions in past issues of our Journal, but it seems that they did not consider them and took a chance, only to find themselves stranded among strangers in a strange city. We cannot wire assistance to them when they write us, we are sorry we cannot and hope they will appreciate our inability to do so.

If there is any positions open in your jurisdiction that you cannot fill with your own members, it is your duty to notify the brothers in need of work in other cities through the Journal or the I. O.

CHANGE OF HEART?

Recent developments would indicate that many men, prominent in our industrial life have had a sudden change of heart in so far as it relates to the labor

movement.

When examined by the Industrial Relations Commission, Andrew Carnegie and J. D. Rockefeller by their testimony placed their seal of approval on organizations of labor, like sentiments was voiced by August Belmont. Following close upon these admissions, comes the announcement from the heads of twenty great Eastern railroads of a change of position on the question of their employees organizing. How literally this proclaimed policy can be taken, the future alone will tell.

In the public statement of the railways new policy, it is set forth by the officials, that their employees have the right to organize and they desire them and the public to know that it is recognized, it is impossible for an individual employe of a great corporation to receive fair treatment, acting alone.

This admission coming from the source it does is a verification on the employers part, of what the labor movement has claimed since its inception, and will not be enlightening information for organized labor itself, but let us hope and pray that the men and women of toil, who have with held associating themselves with the labor movement on account of the fear of incurring the displeasure of their employer will gather sufficient courage to have a change of heart also, and join with the movement that has done so much for the uplift of humanity.

ILLINOIS ELECTRICAL LEGISLATIVE LEAGUE.

On February 26th and 27th representatives of twenty-one of the fifty-one locals in the state of Illinois, assembled in the Headquarters city and organized a Legislative League, which will have for one of its important functions the promotion of safety legislation in the state of Illinois. The plans for a state organization was first discussed by delegates representing our various locals at the last convention of the Illinois State Federation of Labor, and the interest shown by the locals in sending representatives to the Springfield meeting, clearly shows that our membership are keenly alive to necessity of legislative measures that will establish proper laws governing electrical installation and construction.

Organization of this character can exercise great influence in securing remedial legislation, which is greatly needed, particularly so to regulate outside overhead construction, for one only needs to glance in the air in almost any city, town or hamlet and hundreds of death traps awaiting the lineman can be seen. There is also much room for improvement in the laws regulating interior work, many of those now in force are so antiquated that owing to the evolution of the business they are almost worthless and new laws are needed to meet present day requirements, this condition is not confined to any one state or city, and the locals throughout our jurisdiction should well consider the importance of legislative work and arrange to give this important matter early attention.

FORGETTING THE PAST.

We direct attention to the letter in the correspondence section of this issue received from Locals No. 41 and 45 of Buffalo.

What encouraging and cheerful reading it makes when we look back and consider that less than one year ago a meeting such as the press secretary of the local so ably describes, was considered impossible. It certainly

indicates we are truly making progress and are gradually conquering ourselves when this is once accomplished, we will have achieved something fully as valuable as the reunion of our divided forces was.

Locals Nos. 44 and 45 loyally supported the movement they considered right. Locals Nos. 41 and 86 with equal loyalty, gave their support to what they considered was right and now with their characteristic determination all four locals are working for what they know is right, harmony progress and the future welfare of the electrical worker.

Past differences are rapidly being forgotten in all sections. Many were the predictions that it would take years to erase the bitter feeling that once existed and we believe it will be an agreeable disappointment to those whose prophecy failed to come true.

We most heartily recommend the Buffalo and Rochester method to all localities, where there still remains any reason or cause for it to be applied.

OUR ADVERTISERS.

On deciding to accept advertising matter, the policy was adopted not to accept ads from any firm without first securing the approval of our locals in the city the advertiser was located; by following this method we can fully recommend the firms using our Journal as an advertising medium as being entitled to the patronage of our readers.

LOCAL Union Official Receipts up to and including 10th of the current month ::

Correspondence

L. U. NO. 1, ST. LOUIS, MO.

Local Union No. 1 was very agreeably surprised by a telephone message March 2d received, stating that Jack Hampton was in St. Louis and would be at meeting later. He came and was received as if he had never pulled out of No. 1 to place his card in Local Union No. 134. The I. B. E. W. has some very fine locals, and they have a good opinion of themselves, but they "aren't so much." If 134 will look over a list of their best, they will find among the names, that many are withdrawals of No. 1 and are pretty good union men too. If all visitors created as good a feeling as Jack Hampton did in No. 1 I think visitors should be encouraged. I say to No. 134 send any of your members, and I assure you they will be cordially greeted. To any

of the Brotherhood No. 1 will be good, but remember charity begins at home.

Be good and you will prosper.

Baldy.

L. U. NO. 1, ST. LOUIS, MO.

The following resolution was introduced with the necessary signatures and read three times and passed by Local No. 1, I. B. E. W. on January 16, 1915. Four copies were ordered, one to be sent to Mr. H. E. Read, President Single Tax League of Missouri, one to St. Louis Labor 966 Chouteau Ave., one to our journal, The Worker and one made a part of the minutes of the meeting.

Resolved, That the single tax is the remedy for involuntary idleness and,

Whereas, there is a condition of industrial depression placing the great mass

of the workers in a helpless condition, there is no employment for them and they are not able to employ themselves and,

Whereas, this inexhaustible earth is our only source of subsistence and by labor applied to it all our needs are supplied and it follows if man cannot make a living there are barriers to this storehouse that yields so abundantly to his labor; our laws have superseded man's natural right to use the earth,

Therefore, be it resolved by Local No. 1, I. B. E. W. that the remedy is to destroy the profit in the ownership of the earth and in so doing we will free it for labor to use, for such profit is the price labor now pays for the opportunity to use what already is here provided. As the community makes land values (the rent that now goes to the owners of the land) the community should collect it.

We therefore indorse the single tax as the means to remove the cause of this involuntary idleness.

W. B. Smith,
Secretary.

L. U. NO. 2, ST. LOUIS, MO.

Editor:

No doubt you will be surprised to see another of the locals has been awakened and before going further with this little article, which I hope you will give space in the Worker, I will say that Local Union No. 2 has come to the conclusion that they have been sleeping long enough and have awakened with the idea in mind of making up as much time as possible so that when the race is finished we will be among the first to cross the line of victory.

We have in our local, a very congenial and intelligent bunch of boys and the officials are, I believe, men who are capable and who will, during their administration, use their utmost efforts in behalf of their fellow members.

We have, after using all honorable means in trying to persuade the Bell Telephone Company not to discriminate against men in their employee carrying cards in our organization, placed them on the unfair list, and we have been indorsed in our action by the Central Trades and Labor Union of this city. It is a known fact that Old Mother Bell does not care to have anything to do with union labor.

I have been requested by the committee who are handling this and also our Executive Board, to publish the following names of men who have carried cards in our organization and have seen fit to drop them in order to hold their position, that the brothers will be posted and can be on the lookout for these men,

for they will not always have a job with Old Mother Bell here in St. Louis.

Keel, J. W.	Zachritz, Andy
Kind, Carl	

We have had a pretty hard winter of it here, but from what I see it has been the same all over. We have the good luck to keep most of our men working this winter, but there are a few of us who have had some mighty long vacations and the time cannot come too soon for us to get back in the harness.

The writer had the pleasure of meeting the following brothers who have been through here during the last month.

C. Schmalhausen, Local No. 72, Waco, Texas; R. W. Gage, Local No. 36, Sacramento, California; John Trabue, Local No. 350, Hannibal, Missouri; T. W. Kurtz, Local No. 23, St. Paul, Minnesota.

Also brother J. C. Munson (known as curly), who came through here with a traveler from Local No. 228 of El Centro, California, and stayed in our midst for about ten days, during which time the writer spent many pleasant hours in his company. Now I wish to say, brothers, that should any of you be traveling through here, the writer will consider it a personal favor if you will call upon him so that he may get your name and address, for it is our purpose to publish monthly, a list of visiting brothers.

In concluding, I will say that as the weather is now breaking, I sincerely hope that work will be plentiful, and that our organization will enjoy a very prosperous year. With best wishes I will remain, until the next issue of this paper.

Fraternally yours,
Merritt C. Schwenk,
Press Secretary.

L. U. NO. 12, PUEBLO, COLO.

Editor:

Having been afflicted with the job of press secretary, it is now up to me to get busy and do something. A careful perusal of our Journal seems to indicate that work in our line of endeavor isn't any too plentiful, and I regret to report that while we have been kept fairly

busy, "Little Pittsburg of the West" hasn't experienced any great big rushes, and things are just normal.

We have just finished checking up on our second annual ball, and the committee turned over a nice surplus to the local. While these affairs are a source of great work and lots of grief to the committees in charge, still when it is a successful affair it is well worth all the time and worry that we put into it, and we are already planning for the third annual ball, that according to all advance dope will eclipse all our former efforts.

We were well taken with the editorial in the January Worker relative to a Committee on Law for Constitutional Amendments and a committee will be appointed at the next meeting for the purpose of offering some suggestions for consideration of the St. Paul Convention.

Well as this is my maiden effort, I think I will pull the switch until the next time and maybe I will do better.

Fraternally,
Jack T. Flattery,
Press Secretary.

L. U. NO. 15, W. HOBOKEN, N. J.

Editor:

I am a little late, but have hopes of getting the following in the March Electrical Worker.

Was elected to be press as well as recording secretary and will try to give the brothers throughout the country an ear full, so here goes.

Local No. 15 gave a very successful and entertaining smoker in West Hoboken on February 27, 1915. We had several lively bouts on with singing and sleight of hand entering to fill in the gaps. The two hundred or more present certainly seemed very pleased and congratulated the officers on our successful venture. The joy stimulant ran so steadily it took three husky gents busy continually at the bar. We hope it will bring some lingering hikers back into the Brotherhood, that was one of our main reasons for running it this year. For the past three or four months we have been initiating one to five members at each meeting, so you see No. 15 hasn't retired to the hay for the lack of good live wires in it. We expect a few more this coming meeting night.

We had a sad accident happen to one of our brothers, R. H. Davis. Last Saturday or Sunday he was drawn in by the suction of a Pennsylvania train and killed. Will let you know more about it next writing as we meet March 12, 1915.

Things in and around New York are dead slow. A good many brothers are working at other trades to which they

originally belonged or are out of work, so wouldn't advise any brothers to head this way.

Yours for a bigger membership and a more successful future, I remain,

Yours fraternally,

Harold W. Liddy,
Recording and Press Secretary,
Local No. 15.

L. U. NO. 21, PHILADELPHIA, PA.

Editor and Brothers:

It gives me pleasure to report that we have initiated nineteen (19) new members at our two last, well attended meetings. This might at first glance appear as a very large number, but when we consider the large number outside of our ranks, we should endeavor to get them to join us. For instance on the 2d of February I saw thirty-six linemen report for work at one of the companies offices and among them was only three union men. This is about the percentage of union and non-union men here in Philadelphia. Is it a wonder that we cannot get better treatment and wages?

Let us get together. There are some of the evasive excuses given by non-union men when they are asked to join.

First one: I will join when I get a little ahead, this man is trusting in Providence and remains behind.

The second says: I don't belong, but my heart is with the union and I will stick with the boys in case of trouble. The time to stick is now. He is deceiving himself not us.

The third says: I would belong, but don't see where the union will do me any good. He either has failed to see the benefits or does not want to see the good that unions have done.

The fourth says: I will belong when the union has established a regular wage scale for the day, over time and holidays. As it is now you fellows work as cheap as I do and I don't see why I should spend my hard earned money on the union. This fellow thinks that the union is something that has been sent from heaven and should work miracles. It does not enter his little mind, that the union is composed of units and that he as a unit must assist us first by joining the union before we are able to make demands.

"There is a time, we know not when,
A point we know not where,
Which seals the destiny of men
For reward or for despair."

L'envoy.

"The time is now, the point is this:
Get together boys and join;
Don't trust in luck and Providence,
Organize and get the coin."

But of all the excuses the following should take the cake: One fellow who is at present a foreman, propounded this conundrum to one of our boys and this in the presence of some higher officials of the company in order to make it more effective.

How is it that you fellows (meaning us union men) never strike except in good times. We (notice the we) never hear you kick in bad times. Now I should think that such edifying ideas emanating as they do from brains whose intellect at times becomes almost human should not go unrewarded. But I have found that this same sort of fellows who think that because they carry a lead pencil, they have a right to abuse the union and a license to talk like a stockholder, get it in the neck just as quick as the rest of us and when they find that they are not married to the company they generally change their tune.

Now as the above fellows are in the majority and in order to push our demands successfully, we must have them in our ranks.

Methods of the past, which have proved unavailing must be abandoned and new ways and means found to get results. To this end I would recommend that each local appoint a committee on membership, whose duty it shall be. First: To get the names and addresses of all non-union men in their jurisdiction and keep them on file. Second: To have a circular printed that would allay the fears and doubts of the non-union men and at the same time be attractive enough to show them the advantages and benefits of joining the union. Circulars to be mailed to prospective members and later followed up by personal solicitation of the committee replies and excuses to be noted on index cards for future references. In fact it would be advisable to copy the ways and methods in advertising and other ways of the up-to-date and day ahead merchant that is after a prospective customer. We can also enlarge upon this idea by having a census of all the non-union men taken, each local to forward same to the G. O. This would give the G. O. an opportunity to see where an organizer could do the most good. In making the above suggestions I would like to see each and every member give a few minutes of concentrated thought upon the subject of organization and how to increase our membership. Tell your ideas to your press secretary and let us hear from you through the Worker. Don't give us your most dismal views, but grab hold of the wheel of progress and get it out of the rut.

Subscribe for the Worker.

Yours fraternally,
Theo. H. Wotochek,
Press Secretary.

L. U. NO. 22, OMAHA, NEB.

Editor:

I will try and let the Brotherhood know through the Worker that No. 22 is still doing business at the old stand, but the only thing that there is a plenty of in Omaha is snow. We hope that things will pick up a little when the snow is gone and the sun shines. The outside men are making an effort to organize and I think by the time this reaches you, they will have applied for a charter. The trouble with those fellows are that they have had such poor luck since the split that they are afraid to trust anyone now, but I advised them today to send in for a charter and get a start and then believe they can make it go alright.

Work is very slack here for inside men, although the prospects for building this spring is very good, but that is a long, long way to the wiremans part of it yet and we must all eat until then. So brothers if you are thinking of coming to Omaha, think again before you start and don't come.

We had a little social dance for members, families and sweethearts last Friday night and every one had a good time.

We are glad to see so many letters in the Worker from the different locals and hope all will contribute their little mite and by so doing we will all know how things are going all over the country. We are also glad to see the spirit shown by the locals in regard to the 50,000 membership by the next I. C. and hope it will to 60,000.

We all enjoy Baldy's letters as well as others and hope he will live long and continue to write to the Worker.

Hoping this does not go to the waste basket, I beg to remain,

Fraternally,

J. P. Brown,
Press Secretary.

L. U. NO. 41, BUFFALO, N. Y.

Editor:

Yes Buffalo is in existence, although no letter has appeared in the Worker for some time. This is due to the fact that reports from other points would just about apply to this city. Members out of work or on short time, business quiet, etc. Under these conditions our efforts have been to hold tight to what we have obtained and to impress upon the members the great necessity to organize the unorganized in order that we may be able to take advantage of the great wave of prosperity that is about to sweep over this country, as predicted by the press, but the advance guard has not yet put in an appearance.

The labor movement in this city has made some progress even during these terrible times.

Local No. 41 in answer to a challenge from the Killowatt bowling team of Nos. 86 and 44 of Rochester visited that city on January 30th. The Bison bowling team took twenty-five rooters along and although the Rochester team thought they were going to have a walkaway, found we had some bowlers too, for at the end of the game the score stood, won two, lost two. The Flower city members certainly know how to entertain visiting locals and all had a good time and returned just in time to go to work Monday morning having extended an invitation to Rochester to visit Buffalo in four weeks—which they did on February 27th. Local No. 41 knowing that Local No. 45 was again back in the Brotherhood decided to make it one grand get-together; so on that evening, Nos. 86, 44, 45 and 41 met in mass and the sentiments were that we would all put our shoulders to the wheel and make it one grand Brotherhood.

Among those who addressed the three hundred present, were Brother Zimmerman of Local No. 45, who gave an excellent address on harmony and get-together, Brother Donnelly of Local No. 44 told us that if the feeling that prevailed in Buffalo and Rochester among the wireman and lineman should spread over the country that the Brotherhood in 1920 would have a million members. Brother Glynn, who is well known among us confined himself to challenges: First he wanted to bowl a match with Brother McCaddon, who doesn't know how. He just knows how to work, then he wound up with a base ball challenge to be played in the good old summer time between Nos. 86, 44 and 45, 41, which was promptly accepted. The other speakers talked on harmony and good fellowship among whom were, Brother Wolf and Brother Watkins of No. 45. Brother McCadden and our jovial President, Brother Morgan for No. 41. Many of the brothers from the different locals sang songs with great credit to themselves. After the bowling match which was won by the Killowatt team of Rochester, a table was spread the length of the hall with good things to eat and drink and must say each and every one had a grand good time.

The only regret of the Bison bowling team is that the Killowatt team gave them a bad trimming in the bowling match and Locals No. 41 and No. 45 are going after the championship so the Rochester men better watch out.

Fraternally yours,

Ernest W. Brown,
Press Secretary, L. U. No. 41.

L. U. NO. 39, CLEVELAND, OHIO.

Editor:

Just a few lines to let the Brotherhood know that Local No. 39 is still in the ring and doing business.

The industrial conditions are very slow at this writing, about the only job working is the city light.

There is not much to write about, but I am willing to go the limit and tell what little I know, and I will mention the weather condition and that is simply grand considering our location on the map. I don't believe we are going to have our annual sleet storm this winter. I will call the attention of the G. O. that we need an organizer in and around Cleveland. Some real smooth guy with a heavy speel and lots of patience could be able to show the men who are working, or in other words (slaving) ten long hours for \$3.00 that they should belong to a union.

At last some of the dear brothers have an inspiration in mind that the outside electrical workers need an ordinance, and I hope I will have something to report in the next issue.

L. U. No. 39 meets every Tuesday night at 7:30 p. m., 310 Prospect Ave. All traveling brothers are cordially invited.

Will dead end for this time, with best wishes to all, I am,

Very fraternally,

Hollis Day,
Press Secretary.

L. U. No. 45, BUFFALO, N. Y.

Editor: Well, as I failed to get a letter in the Worker last month, I will have to get busy and get one in this issue.

Work in and around Buffalo is very slack with all of the companies, so I would not advise any traveling brothers coming this way looking for work, when work picks up it will be posted in the Worker.

Bro. T. J. McDougal is still on the sick list and it is doubtful if he ever gets well, his card is one of the oldest in L. U. No. 45, he was initiated June 19, 1894.

We also have several others on the sick list, this has been a very bad year for sickness and it has hit the local pretty hard, but that is one of the conditions that we pay our dues for.

The boys have presented a new agreement to the Federal Tel & Tel. Co.; they are asking for a small increase in wages but with the conditions in general with all classes of labor throughout the country it is doubtful if they receive it, but we will see later on, as they have the best conditions at this company of any company in the town; there are seven all told; the others will have to get on an equal basis then the Federal boys can expect more, they lead the way and others can follow.

It is a cinch if the fellows working with some of the other companies had any backbone in them at all they would see where they could better their conditions by organizing and getting together,

for the old saying is in "Union there is strength;" the employers form associations for their own protection, then why don't the men working for them do likewise, but the majority of them cannot think for themselves, some else must tell them what to do and they will do it, they are like sheep before their shearers dumb, enough said.

A short while ago Local No. 45 received an invitation from Local No. 41, to attend a smoker at their hall, on February 27th, we accepted it, as it fell on our regular meeting night, we had a short meeting first, then we marched over to their hall in a body of about 100 strong, there were about 25 from Locals No. 44 and 86, of Rochester, N. Y., and believe me we had some time, it certainly was some get-together meeting, and one that the boys will remember, now that the controversy is settled we probably will have more of them; Bros. Zimmerman, Wolfe and Watkins, from No. 45, made a few remarks, which were well received, we also had all that we could eat and drink and there were several boxing bouts, some of us did not get home until four or five in the morning.

The linemen's local of the state are trying to force a state-wide association to better the conditions of the linemen; we realize that this is the only way that we can successfully cope with some of the companies, in fact there was such a meeting held in Syracuse last Saturday, March 6. There was an agreement formulated there that when it is put into effect it is going to open somebodies eyes. There were quite a few inside men and shopmen there that wanted to get in also, so there probably will be a state-wide association formed later on, but it certainly looks funny to me that the linemen always get beat out in nearly everything that they undertake in such things as this, more will be told about this matter in the next issue of the Worker.

By the time that this letter is read, International Vice President Bugniazet will have attended our meeting as he expects to be here on the 27th of March, we are in hopes that he will see his way clear to stay around Buffalo and help us out a little.

Well, I hope that this will be in time for the March Worker, so I will close. I beg to remain,

Fraternally yours,

H. R. McLean.

Press Secretary.

L. U. NO. 55, DESMOINES, IOWA.

Editor:

Well brothers things have been pretty good around here for the past month. We have had two sleet storms about ten days apart, that has torn down about everything that was loose. The brothers that were loafing, all went to

work and all the floating brothers they could find. The different companies are getting in pretty good shape again and are laying off the extra men.

The bill we have before the Legislature for an electrical inspector and standardizing construction, has been introduced in the House and is now in the hands of a committee. Brother James Fitzgerald and a committee from L. U. Nos. 55 and 347 are pushing the bill through.

The Business Men's Association are fighting every bill presented by the labor movement. So we will meet considerable opposition when our bill comes up for passage.

We are taking in a few new members now and then.

Will close.

Yours fraternally,

R. Bennett,

Press Secretary.

L. U. NO. 56, ERIE, PA.

Editor:

I will try to contribute a letter from Old No. 56 as I was elected Press Secretary the first of the year. Business is somewhat slack in Erie at the present time but the outlook for a prosperous summer is good and that the members are still fighting for the men outside of the local and we are getting them in about every meeting night. Although there is some that always have some excuse to offer every time one of the boys speak to them about joining the local.

Wishing all the boys a prosperous year, I will close for this time.

R. W. Peterson,

Press Secretary.

LOCAL UNION NO. 58, DETROIT.
MICHIGAN.

Editor:

Although the press agents of the I. B. E. W. locals in the state of Michigan do not keep the Worker full of news from the Wolverine state, I feel it my duty to write another letter from Local Union No. 58.

I can understand a poor, lean, overworked, under-fed "working-stiff" being troubled with stage fright when it comes to getting up and taking the floor in a meeting of two or three hundred men, but I cannot understand the laxity of a versatile young man chosen to assume the duties of press-agent.

Perhaps it would be in order to give some of the readers a brief outline of the progress made by the inside electrical workers of Detroit in the past few years.

The first E. W. union organized I believe was No. 17, a mixed local. For some years the inside and outside men

belonged to the same union. Then as the membership increased and meetings in this big mixed local used to last till way on into the small hours of the morning. The wiremen got a charter of their own. It was No. 133 I believe. They had at that time about a ninety per cent organization, but as is sometimes the case in the labor movement a crash came, a struggle, a long fight, a mere handful in the place of the big union, and a damned good lesson. Experience is a bitter teacher and well do the wiremen know it. Out of this handful numerically there was the spirit of an army of Spartans.

Years passed, the handful grew and built up again a structure of organization better than the one before. Another fight came and another till the union was again nearly on the bum.

A reorganization took place and then the organized wiremen were known as L. U. No. 18. More skirmishes between capital and labor, a closed shop agitation, more battles, the closed shop policy in a few shops and then a period of peace in what closed shops there were. A new union was formed, No. 271 which organized the shops which were unfair to No. 18. For a while the bosses gloated over the scraps taking place between local unions Nos. 18 and 271. But there gloating ceased when the workers of the two unions amalgamated and became Local Union No. 58, a united body with a solid front.

This we have today, an organization of nearly seven hundred members including chandelier workers, shopmen, telephone installers, cable splicers and maintainance men, and last but by no means least the inside wiremen. All these men working for the same thing with a spirit of harmony that is most encouraging. And if I may say, some even inoculated with the virus of industrial unionism, the key to the emancipation of the working class at least on the economic field.

Thus we, here in Detroit are in a position, if we show half as much tenacity to the principles we claim as our own, as our predecessors did in past years in the movement to be one of the best paid bunch of wire fixers in the country.

So we hope and know that on May 1st this year our scale is going up to four-fifty for eight hours. Then on up till we get back as much as possible of the wealth we create will it go. It will go up until the whole working class with the mighty weapon it holds, but does not know how to use. Use the ballot box to usher in a co-operative commonwealth eliminating the costly battles that the inside electrical workers of Detroit have been through in the past twenty years or so.

But to get back to earth again; don't be deluded into thinking that Detroit is

a Utopia or even a good town to light in, as we have about sixty men out of work and have just purchased a bunch of meal tickets to give the migratory brothers a feed and a farewell.

Ed. Doke an old timer here blew back from St. Louis after being away for a number of years.

There is one thing we can boast of and that is that we have about as good a lounging place and reading room as any union on the continent. We have three big rooms fitted up as offices, reading rooms with all the latest labor papers, electrical magazines, checkerboards, chess sets, hot and cold water, vaults for the idle brothers' tools, sample boards of the best known electrical fittings, telephone, clean towels, soap, maps, blackboards, charts rugs on the floors, typewriter for the business agent, adding machine for the secretary, etc.

We hope that the District Council of the five states proposed will materialize. We just got wind of it last meeting.

Wishing all "bon soñte."

Fraternally,

Clair C. Killen,

Press Agent, L. U. No. 58.

L. U. NO. 66, HOUSTON, TEXAS.

Editor:

Just a few lines for publication in our Official Journal, at present writing I know of no jobs in the hikers line running wild looking for some one to kidnap them, in fact nothing encouraging, but hope to see things brighten up soon. At present writing all members of Local No. 66 are mourning the loss of one of our most worthy brothers, Walter E. Malch, who met with an accident on the 13th of this month while working on top of a light pole in some way seemingly come in contact with the 2300 volt circuit knocking him off and falling head first to the ground, crushing his skull, dying Sunday evening after lying unconscious about thirty hours. While the Almighty will claim us all some day, hope he will not see fit to claim any more in the same way as the above Brother was, by not having a chance to say a farewell to his loved ones.

C. A. Boatman,

Press Secretary, Local No. 66.

L. U. NO. 72, WACO, TEXAS.

Editor Greeting:

A few more lines from No. 72 just to let the Brotherhood know that the hard times and the war has not wiped us off of the map as yet, but we must admit that times have been pretty hard with some of our members, and we have had to issue several traveling cards and also several withdrawal cards to members who are going to try their luck at some other game, of these we are watching our

worthy Brother Prude, who seems to think that the automobile business is the best graft and has opened a garage here. He says he will be rich while the most of us will be trying to keep from starving. Work in Waco is not as brisk as it was this time last year or the year before, but we hope to see things open up soon. I believe all the inside locals of Texas are at present watching with interest the proposed bill we have up for a state wide licensing of the contractors (not for journey men). This bill when portant ways, and also creates the office of the State Electrician with four inspectors. At this writing the bill has passed the committees of both the Senate and the House very favorably. I hope in my next letter to be able to say that it is a law, and will state that our Brother Wetter of No. 59 has certainly worked hard and faithfully on it and he should be congratulated on his success so far. I noticed in the Electrical Review of February 20th that the boys of Massachusetts with the contractors have also a bill up for the licensing of contractors as well as for journeymen. This may sound good boys, but I have seen it fail and have to my own personal knowledge seen it work a decided hardship on the journeymen, while the contractor paid his fee and went free. I will never support an occupation tax law on a man that has a trade. I don't believe its fair and we can handle our men ourselves, if it could be enforced, I mean if it were enforced, it may be different, but the minute you have trouble, the examination is laid aside and the licenses issued to any and everybody whom the contractor desires, upon the payment of the fee. Our local would be pleased to receive a copy of the Massachusetts bill if some of the locals there would send one to us.

Will close for this time hoping to see more letters and discussions this month than ever in the Worker, I remain,

Fraternally yours,

Gus. F. Erfurth,
Press Secretary.

L. U. NO. 84, ATLANTA, GA.

Editor:

In my letter in January Worker I said I would like to get wise as to how to get a majority of the members to meetings regularly and how other locals worked it to keep members in good standing. And I wish to thank the brothers of the many locals for the information and by-laws they have sent me. And if No. 84 will adopt some of the suggestions we have received from other locals, it would not be long before we have one of the best locals in the south.

A job started here about the first of the year. But I am sorry to say it is no good. The Atlanta & West Point Railroad has started to build their own tele-

phone and telegraph lines from Atlanta to Selma, Alabama. About the time the job started, the Bell layed off a bunch of men, and I understand one of the Bell officials went to the Division Engineer who has charge of the work and told him he could furnish him with all the men he wanted from groundmen to foremen, and at any price they wished to pay. I think they must have taken him at his word, as they are paying foremen, seventy-five dollars per month and the linemen two dollars and twenty-five cents per day, and pay their own board. I can see where the Bell was pulling two strings, getting work for those they layed off so they would have them handy in case of a sleet storm. In the spring when they start work on their toll lines, they will tell them that they cannot pay them any more than they were receiving from the A. & W. P. R. R. We have two of No. 84 men on this job that are just staying until something turns up. There are three or four others who have dropped out, one of them is running a gang and he said he would not pay any more dues in No. 84. I would like to have the measurement of his head now and what it was before he started to making that seventy-five per. How some folks do swell up when they call them Cap.

The Atlanta Telephone Company layed off four or five men the first of the month. But I do not think they will be off long. The Ga. Ry. & Power Co. has not layed off any men this year, and they seem to have plenty of work for those that are working.

There are a great many linemen coming through Atlanta and the most of them have receipts payed up to date or in advance. But no T. C. Now I do not wish to turn any brother down when he comes my way, and I have helped three out in the past month and found out after they had left town that the receipt they had was not out of the local that they were made out from. I do not know how those men obtained the receipts, but I do know that I will find out why the next one has a good receipt and no T. C. I do not think it is necessary for any one to go on the road with a paid up receipt and no T. C. In other words I believe if a man has been working in a city and is going to leave there, he should take out a T. C. before he leaves there.

With best wishes, I am

Yours fraternally,

J. L. Carver,
Press Secretary.

L. U. NO. 103, BOSTON, MASS.

Editor:

Here it is again the same old cry. This winter I have been using this no work cry so much it now comes natural to me. But to be on the level I will state

that half the local is loafing and we are no small local at that. There don't seem to be any work coming along that will keep the boys on the hot foot, but with Spring coming, something will have to break our way or else the boys will go and shoulder the musket where they will be sure of three squares and a possible trench to sleep in.

The Auto show was a "God Send" to some of the boys who were able to bang out a weeks work, that helped some. There were about fifteen pair employed on the work.

About three months ago we voted \$500 to be used for needy brothers, who wished to make a loan on the local. We went through this and at the last meeting, we voted \$500 more to the fund. For information to other locals who might follow us in this direction, we loan no more than \$20.00 to any one member for thirty days. The boys have to have a paid up card and be in the local a reasonable length of time.

One hundred and three is having a pretty good attendance since the new by-laws went into effect. There is a fine of \$1.00 for any member who fails to attend at least one meeting each month. The last meeting of the month the hall is packed and some members are required to stand. It seems a shame that members will not show up unless a stiff fine is placed on them. But I think after a few months the boys will see that their presence is needed once in a while. This fine is going to be hard in the hot summer months. You can force a horse to water, but you cannot make him drink. That's the way the most of the members take this non-attendance fine. You get no good out of them when you force them to attend. The regulars who attend most of the meetings don't mind this compulsory attendance fine.

A few of us regulars have thought up a good solution of this matter and think it would be a good amendment to the by-laws, and may present it to the L. U. for its consideration. It reads as follows:

It shall be the duty of every member to attend at least one meeting during each month; failure to do so he shall be assessed 25 cents for each month.

If a member fails to attend at least one meeting in three consecutive months he shall be assessed the sum of \$1.00.

Members in arrears or those excused from attending meetings by the L. U. shall be exempt from these assessments.

The discussion of the St. Paul Convention hasn't hit Local No. 103 at this writing, but what I hear some of the other Boston locals have been talking convention at their local meetings.

On Wednesday evening, March 3d we omitted of L. U. meeting and held a monster stag party. The entertainment committee was the one that ran the annual ball on October 12th. The ball was

such a financial success that we used the surplus to run this smoke talk free to the members and guests. We hired one of the larger halls of the city, Paine Memorial Hall and had an attendance of about 600. The show opened at 8 p. m. and closed at 12 p. m. and something doing all the time with no interruptions. The members on entering the hall were presented with a little cedar wood box, containing two Elcho cigars. Then they were escorted to the check room and confronted with a huge sign "Free Checking." From there they went up to the main hall and were ushered to their seats to witness the evenings performance. The show opened with a half hour of good singing and funny jokes by the Wells Dramatic Club Minstrels of sixteen pieces. Following this was Miss Dot Libby, Cabaret Girl. She went through the audience singing, "I didn't raise my boy to be a soldier" and "Tipperary." With everyone singing the chorus. Then "Sandy" Chapman, Boston's famous tenor and Edison record singer, sang "Come back to Erin" with everybody singing. Miss Coogan assisted at the piano during the evening. The white coat boys then got busy and passed out the refreshments until the close of the show. At this time the stage was roped off for boxing with an excellent array in waiting. From this time the program varied, vaudeville acts were sandwiched in between the many bouts.

The bouts were referred by Charlie McCarthy of the St. Alphonsus A. A., with "Hoop" McDevitt of the Lawrence B. B. team as time keeper. The boys boxed three three minute rounds.

First bout: Johnny Buckley vs. Dummy Nixon.

Second bout: Gus Lenny vs. Johnny Sullivan.

Miss Molly Flynn, Cabaret Girl, went through the audience and sang.

"Sandy" Chapman entertained with stories and sang.

Third bout: Willie Lewis, New England, 105 amateur champ. vs. Bill Donohoe.

Fourth bout: Teddy Murphy, Fly weight champ. of New England vs. Cy. Goodwin.

Miss Emily Lewis, violinist and sang through the audience picking out different fellows. She made a big hit.

Miss Dott Libby sang and danced the tango through the audience.

Fifth bout: Johnny Noonan, the 122 pound champ. of New England vs. Charlie Hurlbert. This was a slam bang affair.

Sixth bout: Joe Eagan, welter weight champion of New England, who has drawn with Jack Britton vs. Jerry Gardner gave a good exhibition.

Fredo and Americo, a swell musical act.

La Belle Bernice, Oriental Dancer. This was the hit of the evening. It had the boys standing on their seats. "Nuff Ced," some dancer.

Seventh bout: Young Reynolds vs. Kid Harris.

Eighth bout: Young Andy Gardner vs. Young McDevitt. These two boys weigh about 80 pounds and put up a swell exhibition and worked like old timers. Emily Lewis acted as referee and Dot Libby and Molly Flynn acted as seconds and it was quite a novelty to see the girls swinging the towel between the rounds.

Molly Flynn sang in the audience.

Dot Libby also sang in the crowd and showed many classy moves.

Ninth bout: Johnny Kelley vs. Tom Fineran.

Tenth bout: Mike Glover, the welter weight champion of the world defeated Jack Britton for the title and who Mike Gibbons the middleweight refuses to box, vs. Battling Dan Casey, the New England 145 pound amateur champion. This was a scientific bout, with much action.

Emily Lewis, cabaret through the audience.

A double quartet of members of the Daly songsters and Ted Synders, singer, with Bill Scanlon at the piano and Jimmy Hooley with the violin. They sang the popular hits of the day. It was some swell singing.

Eleventh bout: Four colored boxers in the ring at one time. They fought for twenty minutes, with two being knocked out. At the call of time, Joe Eagan who acted as referee decided that Tom Goodman was the winner.

Chas. McQuarrie gave some very good stories.

Brother Mike McInerney sang "She wore a Tulip," assisted by Eddie Collins and Fred Fennell of the Wells Dramatic Minstrels.

This closed the show and everybody went home well filled and happy from their nights entertainment.

Your humble servant was stage manager and chairman of the Entertainment Committee and was ably assisted by corps of hard working members, composed of Herbie Deans, Jack Queeney, Joe Costello, R. Maginot, Frank Kelley, Theo. Gould, Mike English, Marty Joyce, Andy Johnson, Jim O'Donnell and Ed. Carroll. Business agents; Dennis and Smith, Jas. Kilroe, Phil Freidman, Doc Sanborn, Walter Crowley, Steve Murphy and Jim Nichols.

The boys had such a swell time they are talking of making an annual affair of the smoke talk. This is the first one the local ever had and guess the feeling that exists among the members, that many good times are in store for the near future.

Will close hoping some good member of the old I. B. E. W. will send No. 103 some solution to break up this present reign of hard times and no work. And I will fix them up with "Billy Sunday," so they can get by St. Peter without throwing their hat through the gate.

Wishing all the best of luck and good health, I remain,

Fraternally yours,
Major Capelle,
Press Secretary.

L. U. NO. 130, NEW ORLEANS.

Editor:

As we have not been putting anything of interest in the Worker, Local No. 130 has woke up to the fact that you think our press secretary in dead. Owing to conditions here work being slack, and about one-third of our brothers out of work, we are busy trying to keep things under our control.

In the past six months we have done some business. We managed to close fifteen shops which we were surprised to see done, but it was a miracle, it was due to the continual agitation of some brothers to carry a card to better your conditions. We have a hard fight on hand here as I mentioned above, about so many brothers out of work; if things would only pick up here we could do some business, as all the brothers are working heart and soul to bring Local No. 130 to the front, and make it surprise the G. O. of such a good local we can have, as they know the conditions that have existed here the past eight years.

We have struck a live wire as B. A. we certainly got one now, as Brother H. C. Brandt is on the job.

Last year 1914 our carnival decorations were being done by scab labor, but this year 1915 owing to the good work of our B. A. all work was done by union electrical workers with the exception of one business house on our main thoroughfare, which name I will keep from the worker, as I think we will line them up soon.

I guess you know that we have placed the Interstate Electrical Company on the unfair list, any fixtures that come your way put up by those rank scabs, I hope you know what to do with same.

We certainly had a dull month here, the only job we had on hand was the lighting fixtures on the new post office here, which was strictly a union job.

The brothers here are beginning to realize that they cannot get anything without organization, so we are going right ahead and bringing in new members. I am going to tell you brothers that all you want to do is to keep up that continual agitation, and you will find it does some good, as it sure done some good here.

I wish you would take notice to this little article I am going to write about the advantage of paying high dues, which you ought to know. Power is necessary to overcome, and the only way to make this power is to agitate the payment of high dues. As what better advantage has a man for investment than the payment of dues into an organization which he belongs. It helps to protect him in his demand for shorter hours and higher wages.

Any brother desiring to float this way I wish he would stay away for a while, as things here are not prosperous, which I don't think will be for at least two months. I am

Yours fraternally,
A. Hull.

L. U. NO. 146, DECATUR, ILL.

Editor:

I have been switched off for a couple of months, but with Pres. Drake as a "trouble-shooter" I am back on the job again and will try and keep hooked up from now on.

Last month we gave another smoker and had all the boys of No. 331 and No. 424 and invited all the electrical contractors and electricians in town whether fair or unfair, and all seemed to enjoy themselves. We had the good luck to have President McNulty with us and after he had given us a good long talk, we imposed on good nature for a couple of songs.

Refreshments were served both liquid and otherwise and in a dry town the liquid refreshments go better than anywhere else.

Work is awful slack here now, not more than a third of the boys working, but we don't seem to have many calamity howlers here and all try to make the best of our present bad conditions and hope for better times in the future.

The inside men were given a dirty deal by a general contractor a short time ago. This fellow was given the general contract to build an Elks' home, when his bid was \$200 higher than the lowest bidder because he was a union contractor. In sub-letting the contracts this man turns the electrical contract to a rat because the rat was \$75 dollars lower than the lowest union electrical contractor. This fellow may believe in unionism, but if he does it is the union of him and the almighty dollar. We fought to get this job, but it was no use. So the Elks', an organization that has always seemed fair to organized labor will have a home in Decatur that cost way up in the thousands and the electrical work was done by a flock of dirty rats.

Fraternally yours,
E. L. Buckner,
Press Agent.

L. U. NO. 149, AURORA, ILL.

Editor:

Well the time for another letter has arrived and it don't seem but a very short time ago when I sent in the last one.

Things here are just about the same as the last time I wrote.

All the companies are keeping a few men at work in hopes of business picking up in the spring.

Just received our new by-laws from the press and all the boys were eagerly waiting for them, so they could find out where they were at as there were some changes made.

We are after "Mother Bell" here and find it a hard matter to get any of the men to take out a card, but nevertheless we have three of them carrying cards as we just landed another one last night.

Heres hoping the good work will continue and some day when they have all awoke to the fact that better conditions are had by organization, they will wonder why they did not do so years ago.

Why don't the members of the local unions attend meetings more regular? You meet a brother the day before the meeting and ask him are you coming up to meeting tomorrow night? Why yes, I guess I will be there as far as I know now. Then perhaps you see him again the day of the meeting and put the same query to him and he generally has some excuse to offer that he is too tired, or has a date of some kind or other.

Now brothers that is a poor way to keep up your local and you know in order to keep in line with things going on, in the inside, you have got to attend the meetings. We need you as there are always matters coming up for a vote and yours is needed.

Don't merely be a card man, one who comes once a month to pay his dues, then not show up until the next month again, as you can't expect to get conditions by waiting for the other fellow to get them for you.

If you have any kick coming, come to the meetings and make them not on the street, for the average onlooker will laugh and agree and tell you how sad he is for you and then turn to some other fellow and express an unfavorable opinion of you.

If you are not satisfied in the way business is handled and have a complaint to make, come to the meetings, make it there to the ones who are responsible and don't tell it outside the meetings. (Brothers remember you obligation.)

Have only one member on the sick list and he is doing well as can be expected as he just had an operation, but is on the road to recovery.

Well as news is scarce around here will quit before I blow a fuse.

Now remember brothers dont' fail to attend meetings.

Fraternally yours,

L. R. Cole,

Press Secretary, No. 149.

L. U. NO. 169, FRESNO, CAL.

Editor:

News this month is about as scarce as jobs.

Brother Hinshaw, Inspector and Traveling Switchboard man of Mr. Reeves office, Sacramento has quit the road temporarily, and is working the evening trick at Sacramento.

Brother Schilander, who a short time ago went to Portland, Oregon, still has his card and remitting his dues to No. 169.

Brother Derr having failed to attend meetings of Fresno Labor Council forfeited his office as delegate. Brother Bartlett was elected to fill the office.

Traveling card of Brother C. V. Barker was received from San Jose. Brother Barker is one of our oldest members, and we are glad to see (Shorty's) smiling face among us again.

The Telephone Company, recently purchased a gasoline speeder to use in shooting toll line trouble on the Santa Fe Leads, piloted by Brother W. B. (Billy) Smith, with H. R. Kerner as Mechanician. Unfortunately for the Santa Fe, they overlooked the fact that while Brother Billy was burning the weeds off the track for them, he was also removing some of their ballast and pestering the farmers along the right of way with it. The S. P. Co. says the Government has taken enough away from them, so they don't care to turn Billy and the Speeder loose on their tracks.

The last few meetings we have been having better turnouts, so keep it up brothers, only bring some other brother with you.

There is no embargo onbitems boys, so come on in with them.

Yours fraternally,

I. E. Bartlett,

Press Secretary.

L. U. NO, 175, CHATTANOOGA, TENN.

Editor:

Just a few lines to let you and the locals of our re-united Brotherhood know that No. 175 is still on the map.

Work is very dull here and everywhere else; so now is a good time to get together and make out our plans to organize the non-union men when work gets better. It is our duty to organize every wire puller in the country so lets all of us put our shoulder to the wheel and bring every unorganized electrical worker into our re-united Brotherhood.

The Central Body in this city has started a Labor Forward Movement to bring every unorganized workman in the union that he should belong to. Every local in the Brotherhood should urge their Central Bodies to start the Labor Forward Movement. The A. F. of L. at its last convention urged every Central Body and local union to push the Labor Forward Movement. It is the duty of all our locals to carry out the recommendations of the A. F. of L.

So lets all of us get together and make our Brotherhood one of the strongest in the country. I noticed a piece in the Worker from the local in Atlanta, Ga., on the organizing movement I want to take off my hat to the Atlanta boys for going after the unorganized men so strong and their success in getting them in the local. I will pull the switch for this time. Remember the Labor Forward Movement.

Wishing the entire Brotherhood much success, I remain,

Fraternally yours,

W. W. Stilwell,

Recording Secretary,

Local Union No. 175.

L. U. NO. 177, JACKSONVILLE, FLA.

Editor:

Well here comes that Florida Crab Eater with another letter from Local No. 177 to let the brothers know that there is still a local here and that it is getting bigger every day. Things are slow here and we are having a hard time keeping all of our members at work, but we never give up and hope for a better time soon. We have taken in several new members and a few by card. Also we are having good luck in getting the boys that are behind straightened up as they have been doing very well.

In answer to Brother J. L. Carver's question in the January Worker in regard to getting members to pay their dues. No, us crackers do not use a gun and hold them up for their dues as most of us have not the cash to purchase the aforesaid artillery, but we just keep at them until they give us their dues to get rid of us. Then our dues are \$1.25 per month and if a member attends two meetings a month we credit him with 25 cents for attendance and that helps to get them up to the meeting to see what I do with their money.

It is usually the brother that is working steady that is loose with his dues, at least that is the way I have found it. We have some on the books that could pay a few dollars and still not be paid in advance and they are working every day but they "cannot get down to the meeting" and I suppose would not risk their money by sending it by some brother who would attend.

Well at last Local No. 177 has decided to go after the inside contractors and

see if we can not get an agreement and if we succeed you can bet that the members will pay their dues and attend or they will not work.

Things are quiet for the outside men now as the Home Telephone job is almost finished and the city does not want white men if they can get "shines." There was a time when the city job had about twenty white men with cards, but now they only have two white men and the foreman. One of the linemen said he did not want a card as he had worked in New Jersey most of his life and the company that he worked for did not allow their men to have a card. The other gives the old excuse, "I do not like the way they run things up in the local and would not join because so and so belongs to it." The foreman is in arrears to this local and would not pay up because he might lose his job.

The Bell is not doing much at present, just the same old bunch of company men who think more of the Bell and their benefit plan than they do their hide. They have a Chicago scab by the name of Berlin or something like that who runs around all dressed up carrying an umbrella and running a "Gang" of two men cutting over a few drops here and there. He carries his left arm loose at his side as some one in Chi bored a hole in it with one of those well known boring machines that use a lead bit and powder for power. He has been the cause of two brothers losing their jobs here and other tricks like that, well if he keeps it up he might find that there are people here who will give him as much as he got in the windy city.

The city still has two or three scissor bill splicers at work on the underground, but they will not always have a job here and if they move they will find out what it means to be right.

Now for the convention and fifty thousand members. We can do it if we will only try hard enough, let every member get one new or the old member and see the results, it will surprise you what can be done in a short time.

We (the organized labor in this city) are preparing to organize a Label League to buy nothing but label goods to see if we can not get some of the merchants to handle union made goods only, it is hard to get some articles in union made goods here, in fact an organizer for the Stove Moulders wore out a pair of union made shoes trying to find a pair of union made trousers and I believe finally found a pair. If all labor councils would do this it would soon be easy to get any article with the label on it. For instance collars. How many of the brothers know that eight women make all of the union made collars that are sold in the United States? Here is the idea, the average union man will strangle at a gnat and swallow an elephant, if the business house has some

plumbing done by non-union labor the union plumber will not go in it but if it is done by a union plumber he will go in and buy scab goods and feel satisfied that he has done his duty as a union man. We should not have to always ask for the label, it should be so that those that did not want union made goods would have to go in and say "Have you any scab shoes or clothes" as the case would be, and let us hope that we will soon see the time when it will be so.

The Board of Trade here backed by several of the real estate men and other get-rich-quick men have started a Build-Now movement to keep things going so a few can still get theirs while the rest hold the bag and the first thing they did was to send a letter to the Trades Council and ask all crafts to reduce their wages ten per cent in order to help out the cause. How is that for nerve? They found out that the working men of Jacksonville did not do business that way. A short time ago the same Board of Trade asked all union men to help raise money to build an exhibit for Florida products and needs to be built near the depot to get the suckers before they had a chance to spend their money on anything else but would not agree to build it with union labor. Consequently they did not get any union money.

Another thing before I close, all brothers figuring on coming this way because you read how prosperous Florida is had better make sure of something before coming as things are very slow.

With best wishes to all for the year 1915 I remain

Yours fraternally,
Willie Fewclothes,
Press Secretary, Local No. 177.

L. U. NO. 202, BOSTON, MASS.

Editor:

Once again we appear in the columns of the Electrical Workers Journal with several changes and improvements in our organization since the date of my last letter.

We have been growing rapidly through a strenuous organization campaign among the brothers, and we have made great gains in which figure the traffic, plant accounting and revenue account offices of the New England Telephone & Telegraph Company, securing a large number of members for our local. For the information of brothers who do not know much about the "baby local" of Boston No. 202, in addition to the clerical forces of the New England Telephone & Telegraph Company, we also have among our members a large number of the Field Engineering employees that are included within the scope of our jurisdiction.

Our meetings are well attended and interesting, especially when Brother Friedman is on the job, displaying his well-

known oratorical ability, of which he is a past master.

Since the date of my last letter, Brother Harold C. Fish has resigned as recording secretary on account of the large amount of business which now occupies his time and Brother William C. Crane of the Traffic Department of the New England Telephone & Telegraph Company has been elected in his place. Nevertheless, Brother Fish is still an active member and is still "rooting" hard for Local No. 202.

Several of our brothers with their ladies (or some one else's lady) attended the recent ball given by Local 142 in Paul Revere Hall, Boston, which was a great success, both in a financial and social manner. The girls' Local 8-A, has been a great deal of assistance to us in supplying social entertainments and dances for the benefit of our brothers, which we greatly appreciate. I believe we have the unique distinction of being the only labor organization of its kind in this country, and we trust that in the near future, the organizers of the International Brotherhood of Electrical Workers will see their way clear to organize the other clerical offices of the Telephone & Telegraph Companies through the United States. There is no question in our minds now, but what organization is the thing, not only in the telephone business, but practically in every line of business. We are now one body created not for the purpose of individual interest, but for the good of the union, and with this idea in mind our success is assured.

Local No. 202 is exceptionally fortunate in having such a man in the president's chair as Mr. James R. Queeney, whose tact and zealotness throughout the past year has carried our union through many strenuous meetings without any ill-feeling or interruption of the usual harmony that prevails. The fidelity and earnestness of Mr. Queeney is obvious and all brothers of Local No. 202 heartily approve and appreciate his work.

We wish all brothers the best of success and we trust that if any of them are in Boston on the first and third Mondays of the month, they will not fail to look us up at Rathbourne Hall, Roxbury, when we have our usual meeting.

Respectfully submitted,
Fred E. Cox,
Press Secretary.

L. U. NO. 226, TOPEKA, KANSAS.

Editor:

I notice in reading the letters in the Worker, that most every place is dead. Topeka is no exception. However a new shop has showed up on the main drag, and we are all watching to see if it will last long enough to let the paint dry well on its front sign.

It was rumored around that our city electrical inspector was going to resign and the morning of the civil service examinations, five brothers surprised each other by appearing and taking the examination. Some surprise party! The prizes are yet to given out.

You can take it from me if the laboring man wants any laws made in justice or in favor of him, he must have fighters on the firing line when the legislature meets. It has been my observation that we work for our craft too much and not for the great mass of labor. Labor has been fairly successful in the Kansas legislature. We got a Women's Minimum wage and maximum hour commission, better compensation and a few small laws bettering labor. The Lord knows we could have gotten more if we were all represented in a good legislative lobby. I fully believe that we do not keep close enough tab on our law makers and let them know we are watching them. Organized labor could do worlds more good work if we just stuck together at the polls. Remember our friends—also our enemies. How did your representatives vote on the immigration bill? Have you told them what you think about it? The lawyers have the best union in the world. Have you ever been at a trial where six or eight lawyers and a judge get paid for figuring out, not is the person guilty, but how guilty is he? Talk about stalling a job and organizing the craft. Did anyone ever get anywhere defending themselves in court? You have got to have a card thats all.

Yours fraternally,
Chas. J. Maunsell.

L. U. NO. 228, EL CENTRO, CAL.

Editor:

I am rather small, so the "bunch" slipped me the P. S job.

Now fellows, I am going to try and put you right. Ohio is my home state, and I have been in California four years. I am not going to knock, or boost, just plain facts, straight from the shoulder. California is one of the greatest states in the Union. The greatest climate in the world is found in the "Golden State," but say fellows, she is just about as rough a place you ever struck, if you haven't the "stake" for three squares and a flop per day. Next to Texas it is the largest state in the country, a place where three to five cent railroad fare exists, and the "shacks" are tough ones. They will ditch you on a blind siding just as if it were a watering tank. So when you "lads" back east get the California fever, just sit easy in the boat and figure that you are now having the pleasure of putting your feet under the old mahogany table, while the trail west is not as easy as it reads in print and there are thousands coming

here daily and the west is pretty well filled up and jobs are almost a minus article.

Now a few lines of Imperial Valley. This country ten years ago was known as the Colorado desert. We are from 10 to 260 feet below sea level and in the summer, well its about 120 degrees in the shade every day, which means about 150 degrees in the sun. Its so hot that B V D's are excess baggage and at night we sleep out in the opening without any covering, but the blue sky above. Fellows the Bible is full of the word H and I guess this is the place you are all welcome, but just figure this below sea level stuff, before you ask for your T. C.

Work is picking up in this Valley a little, and by the time old Sol registers about 120 degrees in the shade, some of you boys can drop in and get a road-stake. We are 100 degrees organized, but to date no agreements signed. But have your I. B. ticket in your pocket paid up to date because we can't hear you if you haven't. This dope about leaving them, or losing them don't get you very far and the trainmen feel the same.

Well I had to slip you a little ancient history and some geography this time. May have some good news next time.

Yours very truly,

H. I. Reiser,
Press Secretary,
Box 373.

L. U. 251, PINE BLUFF ARK.

Just a few lines to let the Brotherhood hear from No. 251 again.

Well business is about the same here as it is every where else. Although all of our members are working at present, no extra work going on at all. But we are looking to a brighter future.

Well brothers the International Convention is pretty near at hand. Lets all pull for the \$1,000 death benefit. I don't see why we can't have it the same as Railroad Trainmen have it.

If all Locals will pull together we will sure have it for the coming year.

We have a committee appointed to draw up a letter to this effect and will appear in the next issue of the Worker. So brothers give it your best attention and I believe it will appeal to every member of the brotherhood.

Hoping all the brothers the best of success, I beg to remain,

Yours fraternally,

J. J. O'Donnell,

I DON'T KNOW.

Did you ever hear anything like this? Does it fit your case? If so there is room for improvement.

Listen! When does your local meet? I don't know.

Who are your officers? I don't know.

How many members in your local? I don't know.

Any applications before the local now? I don't know.

Is your local in good financial standing? I don't know.

How much are your dues to the local? I don't know.

Are your dues paid up to date? I don't know.

Are your dues payable in advance? I don't know.

What induced you to become a member in the brotherhood? I don't know.

Of what good are you to a local? Nobody knows.

J. J. O'Donnell,
P. S., L. U. No. 251,
Pine Bluff, Ark.

L. U. NO. 256, FITCHBURG, MASS.

Editor:

Just a few lines to let you know that Local No. 256 is at last a reality. We have a membership of nearly forty, which is 96 per cent of all electrical workers within the jurisdiction of our local. The fact that 91 per cent of our members names appear on our charter is conclusive proof that the fellows are enthusiastic for the I. B. E. W.

Up to the present time we have been unable to get the contractors to sign an agreement, but as business all over the country is on the decrease, this place is no exception, we have not pushed the matter greatly.

Working conditions are fair at present and we have every reason to believe, if the attitude of the contractors in regard to the Brotherhood is taken into consideration that as soon as prosperity smiles on us again, that wages and conditions will be better. The contractors here are very fair minded men who have been "through the mill" themselves, so that when the time comes to talk "real" business we expect we will have no trouble in getting an agreement signed.

Trusting that my next letter to the Journal will have more encouraging news, and extending to all the Brotherhood the best wishes of Local No. 256, I beg to remain

John Gilmartin,
Press Secretary.

L. U. NO. 280, HAMMOND, IND.

Editor and Brothers:

Any brother traveling and is very far from this Calumet District and picks up some newspaper and reads of prosperity around here, which they have in every paper, that is printed here. Don't get excited and quit your job, if you have one and don't spend your loose change to get here either. There is nothing whatever doing in any kind of work. And as for line, or any electrical work, it is prac-

tically dead, and there is no signs of anything doing this summer. But if any brother does happen to get stranded here, Local No. 280 will give him one meal and a nights lodging, if you are in good standing with the I. B. of E. W.

Local No. 280 would for once like to see one of the organizers come to pay us a visit. We meet every Friday evening, meeting called at 8 p. m. at Fitzgerald's Hall on north Hohman St. I know that you could help us considerable. I believe myself that there is not enough get-together meetings and learn to know each other, be friendly and most of all try and help each other. Any city which

may as well give up and let the employers railroad you.

I would like to see Ohio, Indiana, Illinois, Michigan and Wisconsin form one District Council. Each and every local in the five states should discuss this thoroughly, and send a delegate to the convention at Pana, Illinois on May 3d. It is part of our bread and butter brothers to get organized and more familiar with each other. Our conditions here are not up to standard by any means. I would like to see Local No. 280 represented at the D. C. Convention, with a delagate and help boost things along. Local unions give it a good trial

Bro. Elmer Cover, L. U. No. 280, Hammond, Ind. "Troubleman" for Northern Indiana Gas & Electric Co. Covers the Towns of Whiting, Hammond, Dyer, Griffith and Highland, Ind.

has two or more local unions, should hold these get-together meetings quarterly. I attended one of our meetings recently, but just before meeting was called, some brother wanted to go to a nickel show or some amusement anyway. Meeting was called to order and they said now less railroad this business through and go. Brother that is the whole thing in a nut shell, there is to much railroading in our meetings. If we only take more time and discuss the question more thoroughly before putting the vote, our meetings would be seventy per cent better. We only have one meeting night a week and if we cannot devote our time for that one night to the good of the cause, you

and I am satisfied the effect will be beneficial to the cause.

Yours fraternally,
Press Secretary.

L. U. NO. 292, MINNEAPOLIS, MINN.

Editor:

I have been jacked up considerably for not having a letter in last months issue, but as a matter of fact, I was not at fault. Owing to the recent Building Trades strike my time was pretty well taken up.

On January 24, all trades affiliated with the Building Trades Council of our city, were called off the new Soo Line Bank building in support of the Sheet

Metal Workers protest, against the carpenters doing the hollow sheet metal trim, which was awarded the Sheet Metal Workers by the A. F. of L. The carpenters, bricklayers, plasterers and hoisting engineers remained on the job.

There was 50 of our boys that walked off the job.

After remaining out for several days the Plumbers and Steam Fitters were ordered to go back on the job by their international officers, which they did.

The next day the lathers and pipe coverers went back to work. Then our executive board met and ordered our men back to the job. After our boys went back the balance of the trades followed, except the Sheet Metal Workers.

After several days of arbitration, the Sheet Metal Workers were given a concession to install all the metal furniture on the banking floors.

The strike was quite a set back to our Building Trades Council, and quite a humiliation to all the labor organizations in the city and the unfair carpenters continue to install the metal trimmings.

Since my last writing our former business agent, Bro. L. E. Anderson, resigned and Bro. S. P. Skoog was elected to succeed him.

No doubt, some of the brothers will remember Bro. Skoog, as he is like myself, "A stray dog without a home."

Brothers Stevens, L. E. Anderson and the writer were recently elected to the executive board.

Brother Ray Cleary, representing our grand officers, has been in our midst for the past few weeks, and though he is here on a different mission than when he last visited us, I wish to state without fear of contradiction, that he has produced grand results in the Twin Cities in a very short time. One of his accomplishments was to organize and install an inside telephone men's local.

Securing recognition from the Northwestern Telephone Co., of the local union.

All inside telephone men have been instructed to join the union by the telephone company, their wages have been raised to \$3.50 per day for installers, and \$4.00 for cable splicers, and their hours have been reduced from nine to eight for all men. Also time and one-half for overtime to midnight and double time thereafter, also double time for Sundays and holidays.

I state, with regret, that L. U. No. 292 is not accepting traveling cards at the present owing to the scarcity of work in the Twin Cities.

The Soo Line building which has employed a number of our boys this winter is nearing completion and another month will see the job practically cleaned up.

I note with pleasure the large increase of correspondence in our journal and it

behooves one not to take up too much space, so I close wishing continued success to our grand brotherhood.

Fraternally,

H. H. Broach,
19 North 15th Street.

L. U. NO. 331, DECATUR, ILL.

Dear Editor and Brothers:

I had a big letter ready for the worker last month, but as I got sick a few days before I mailed it, I lost out entirely.

January was a very busy month for the local. We held another smoker the 27th and certainly had a good time. There were about one hundred present, representing L. U. No. 146, inside wiremen, L. U. No. 424, shopworkers and L. U. No. 331, linemen. Attorney A. J. Fitzgerald opened the speaking with a twenty minute talk on the advancement of electricity and organized labor. Mr. Chas. Wright, president of the Trades and Labor Assembly favored us with a lecture on the importance of demanding that the label be on all goods used by us. After this we had a recess of a few minutes for lunch. After lunch and other refreshments we returned to our seats to hear some more. The next was Mr. F. J. McNulty, our International President, who gave us a very earnest and convincing talk on the object, aim and purpose of our brotherhood. He also sang for us two very appropriate songs. In his speech he brought out many facts and some very helpful ideas, such as the importance of the label on all of our purchases, the necessity of all parties concerned adhering closely to their agreement, and the uselessness of strike troubles and the suffering caused by them. He seemed very much surprised at the progress of the I. B. E. W. in Decatur and explained some of the reasons why we should take an interest in our L. U. He also invited Mr. J. C. Adams, one of the inside men to come to Springfield and relieve him of a hat which he has owed him since the first charter was granted about one year ago. Well I am sure the brother will risk the hat deal for we are more fortunate in having our I. P. with us on this event, than some of the cities so far away from the I. O. Our next and last topic of the evening was the necessity of co-operation of employe and employer and was talked upon by Mr. McCane, who is Second Vice-President and State organizer for the structural iron-workers. Mr. McCane is a man of wide experience along the line of organized labor and has been trying to line up the iron-workers at the bridge works here for sometime. After he finished we again retired to the back room for lunch, and there many old pals met, for several of the Bell men and several strangers were there and we

talked and lunched 'till early morning, finally getting some applications and several promises. We are living in hopes that all the Bell men will come in when they can and thus make our local much stronger and better than ever before.

Well we have had one man, Brother Bacon on the sick list for several days, but he is improving rapidly now. Business is on the bum here for outside men. No one is being layed off at the present, but none are working only the maintenance men. Brother McNulty mentioned the importance of proper legislation for the interest of the I. B. E. W. I think we should be careful how we vote. This month "Feb." we sent Brother Sullivan our secretary and treasurer to Springfield to help form a league for the purpose of inducing the legislature to make a law that every electrical worker must be examined and licensed before he can work at the trade. We believe this will protect the wage scale and lives of the men and also insure the employers against inexperienced men.

We had quite a little excitement a few days ago about the automatic system going into the hands of the Bell, but we don't seem to hear anymore about it, so I guess its a failure. Everyone at the Auto. were studying freight train time cards and looking for other jobs. Then the city said the Bell would start their estimate in ten days, but they won't start 'till they get ready. Well I believe they will start it late this fall and work on it all winter, but of course no one knows. There was a heavy storm in Missouri and parts of Illinois a few days ago, but it did not touch Decatur. One of our brothers, Mr. Mike Tyre was helping repair the Wabash telegraph lines and received a broken collar bone when the work train he was on wrecked with a freight. He and another lineman that was injured went to the Wabash hospital and were given treatment after which they were able to go home.

Well from the looks of a newspaper put out by the Auto. Electric and several others, there ought to be lots of rebuilding and new work also this year.

Let us all vote for the men that will try for government ownership and make us get license to work.

Hoping I have not taken up to much of our editors time and to much space in the Worker, I remain,

Fraternally yours,
Lester McCurry,
227 S. Water St.

L. U. NO. 340, SACRAMENTO, CAL.

Editor:

I was instructed to write a letter for the workers, as our press secretary has been sick and unable to do so. To begin with the fair is open and the crowds are

coming, but that is about all the activity there is out here, trade conditions have been bad for the past six months. There was a little boom in San Francisco just before the fair opened, but that is over with and there are quite a number of brothers out of work. Brother J. Poelman met with misfortune, while out of work he was taken down with the mumps and while sick lost his five year old son, which was the youngest of two boys.

By the way there is one other thing I would like to say something about, that is our label, we have a label for house wiring to put on meter loop, also a small rubber stamp about the size of a quarter to label all fixtures made by union men which reads, union made. No union man in Sacramento will hang a fixture without the label being stamped in canopy. As we have a mixed union the journeymen help the fixture men by not hanging any fixtures without the label.

Well this is all the news I can think of, so I will quit, if any brother wants to know anything about the Fair or California, I will be pleased to give him all the information I can.

Fraternally yours,
G. H. Coale,
Secretary, Local 340, I. B. E. W.

L. U. NO. 353, TORONTO, ONT.

Editor: I wish to let all the brothers know that Local No. 353, is still very much alive, although work is not very bright, the boys are nearly all working as yet, but there is word of lay off on the Hydro-Electric Co. The Bell Co., is working their men eight hours per day, with one day a week off. Telephone company is keeping their men all working as yet, but they haven't got a very big staff of men on.

Another little thing that I wish to put in is that some of our members are falling back in their dues, but hope that they will see they are doing very wrong in doing so, and that they will come up meeting night and pay up. Our meeting night is the first, third and fourth Wednesday of every month in the year. Not one month in the year as some of the brothers see it.

Hoping the brothers won't take offense at this, but will try and attend the meetings more regularly. In union there is strength, so let us all work together and keep up the strength.

Yours fraternally,
A. W. Irwin, Press Sec'y.

L. U. NO. 360, PORT ARTHUR, ONT.,
CANADA.

Editor:

As an introduction would state, we are still on the map, and though somewhat dented, are likely so to remain.

MARCH 1915

It did seem strange for a long time why correspondence, in answer to our inquiries, requests for supplies, etc., should never reach us. At last comes the solution: Head office and others, it seems, sent supplies, replies and sighs to Port Arthur in good faith; but instead of landing under the Union Jack, the material seemed loath to leave the stamping ground of the Bloomin Heagle, and so went to Port Arthur, Texas.

All this leads us back to the old query: Where and what is it? Port Arthur, Ontario, Canada is about a million miles from the theatre of war; in other words it is away up here in a nice, safe, comfortable spot on the north shore of Lake Superior; with a reform council and not a zeppelin in sight; and poorer conditions than any city, two blocks from war zone.

An old joker: i. e. g. Due to conditions arising from the war: wages, time, etc., have been, and are liable to be further reduced, or entirely obliterated.

But believe us it is no joke; a ten per cent reduction, general shake up of staff, premonition of still worse to come, and other uncomfortable terms are meeting us right along; and though the men with families are being given the preference, there are quite a few who can not be classed under that head, and "beans and bunk" have to be provided for, just the same.

The fact remains, that all construction work has been abandoned until further notice, and though maintenance keeps a tidy bunch busy, its no great shakes at that.

Our local holds together in fine shape, especially since coming back into the fold, and helping to put a stop to the endless controversy, which was keeping the Brotherhood back so long.

"Watch us grow," a new motto, which every local on the Continent should adopt, is one full of prophecy.

Despite gloomy local conditions, the Telephone Operators and Electrical Workers, financed and carried to a successful conclusion, an informal ball, at which one hundred and fifty couples tripped the tangled maze of our latest dances, and near dances on January 25th. These affairs have come to be regarded as one of the events of the season. The decorations of the dining and dancing halls are said to have been unique; especially the moonlight effect, which always seems to strike a sympathetic chord in all climes.

The above, coupled with a Smoker or two, help to make the life of our workers more pleasing.

Though still practically unknown, we hope to make ourselves felt in the future, in the Brotherhood world; and also hope to have a "wee sma" voice at our next convention.

A live wire set of officers have been installed this year, and give promise of big things.

Be pleased to regard our first efforts with commiseration.

O. B. Runkle,
Press Secretary.

L. U. 383, GILLESPIE, ILL.

Editor and Brothers:

Allow me to bring to your notice the above local. This is our first introduction to the "Worker" and the brotherhood generally. We organized and received our charter November 14, 1914, and I may say have been getting along like a house on fire ever since. We now have twenty-three members, which represents about 90 per cent, of the electrical workers of this locality, and we hope to have the remaining 10 per cent in the near future. The following brothers were elected officers and are filling their offices with credit to themselves and the brotherhood also:

R. B. Corwin, president; Lee Conway, recording secretary; A. L. Hooper, treasurer; A. M. Croaggs, financial secretary; H. Digman, first inspector.

The charter members are framing up a welcome to the newer members, which will take the form of a banquet to be held in the meeting room, Miners Hall, Gillespie on March 5th to which members and their lady friends, wives or otherwise, are invited.

I will close this initial attempt with greetings to all and an invitation to any local which desires to correspond for the benefit of the Brotherhood.

Yours fraternally,
W. Foster,
Press Secretary.

L. U. NO. 418, PASADENA, CAL.

Editor:

Having been appointed press secretary, I will write a little this time, and try to do better next time.

We have just got over the effects of a big smoker. We had every thing from cigars to boxing. Everybody had a swell time. We also had the pleasure of having Vice-President Green of the P. D. C. talk on unionism, and he sure has the right idea.

Brothers I suppose you have all heard about the fellow that said he would not pay dues to McNulty. Some have kept their word and some have not. I have approached several that have. But I could not get a good argument out of them. They always start to tell you what McNulty done. But when you go into this a little deeper you will always find that some body else told them. Therefore it must be so. But when you come right down to it, they just don't want to pay dues. And not wanting to

pay dues they use that old McNulty argument, figuring that is the easiest way they can get rid of you. I would be very glad to hear from some brother who has a plan for getting these ex-brothers back in the local.

Let us all get together and save up enough money to send a delegate to the convention. If we all send a delegate, I am sure we can make a big change in the Constitution, if we cant not do anything else. The present Constitution need a good overhauling, what I mean. And I am sure we will get it if the locals will study out just what they want. And right now is the time to do it, don't wait until the last minute and send the delegate off half cocked.

Brothers, if you are thinking of coming out this way, DON'T DO IT. This is the worst part of the country for work everything from sharpening safety razors to loafing.

With best wishes for the brotherhood, I am,

Fraternally yours,

D. Wallace,
Press-Sec'y.

L. U. NO. 446, MONROE, LA.

Editor and Brothers:

I will try to let the good brothers know that there is another blossom on the old tree.

We organized here on January 23d last, with charter membership of eleven, and today we have a membership of fifteen. Brother Sword promises us his card out of Shreveport next meeting night.

We hope soon to have all brothers working at our craft in line.

Bother Jones and Collier dropped in on us Saturday morning, after traveling around the world. But they say they steered clear of the fighting zone. They report everything everywhere on the bum. I would like to hear from Brother Charlie Sheets. As this is my first letter I will try not to take too much space, so I will ring off.

Fraternally yours,

C. C. Sutherlin,
Recording Secretary.
215 6th St., Monroe, La.

L. U. NO. 467, MIAMI, ARIZONA.

Editor:

I will endeavor to start No. 467 with a short letter to the Worker.

Prior to February 1st our brothers of Miami belonged to Local No. 579, as the

members were almost equally divided in the two towns which are nine miles apart, connected by railway and auto stages.

On account of the Inspiration Copper Company building a new mill and the International smelting and refining Company, a smelter causing the employment of many more electrical workers then had previously been employed in Miami. It seems advisable that we should have a local in Miami, as it was quite an inconvenience to both the brothers of Globe and Miami to travel back and forth as well as expensive, the fare being one dollar round trip. At present we have over fifty electrical workers in our district working for the different mining companies and am glad to say that practically all the workers are enrolled under our banner.

As many of the brothers no doubt have heard that during the last half of January we had a complete walkout from the Inspiration Copper Company, the International Smelting & Refining Company and the Miami Copper Company, of all trades, miners, mill men and laborers, on account of the ten per cent cut of August last. The demand was that the wage scale prior to August be restored on February 1st, which was granted after two weeks from the day everybody quit. Everybody went back to work and conditions are the same as prior to August.

Mr. Editor and brothers I would like to add a word that may seem uncalled for, but if you had been here, as I have and saw the manner in which all of the men conducted themselves, you would agree with me and say a dry state for mine from this on. I wish to say that we had two thousand men here in town for two weeks and not one arrest. Why, because old John Barleycorn had the door slammed in his face in the State of Arizona at twelve o'clock on January the first. And brothers every man that had a few dollars pay coming to him spent it for something to eat and a place to sleep, instead of slipping it across the mahogany the first day or two he was off the job. I think this should be a good example to all brothers, that if they expect any labor trouble to make a resolution that Sir John Barleycorn will be an entire stranger for at least while the trouble lasts. Well Mr. Editor and brothers as this is my first attempt, I will give the names of our officers and ring off. President, A. Christensen; Vice President, Frank Diddish; Recording Secretary, C. F. Davis; Financial Secretary and Treasurer, W. H. Talley.

Will say that there is more work going on in this district than ever before, but for all that we have several idle brothers and some working as helpers in the other different crafts.

"SMILE DAM YOU SMILE."

Why look so sad, today my friend,
Cheer up, forget each little care;
'Tis foolish thus your time to spend,
Come, cast off that vacant stare,
The world is bright, just look around,
You'll see that life's worth while;
Don't despair because you're down,
Smile dam you smile.

When you laugh, the world seems
brighter,
When you weep, 'tis sad and drear;
Come, make life's burden lighter,
On this bright, new-born year.
Let your joys overshadow sorrow,
Cease your worries for a while;
Happiness, may come tomorrow.
Smile dam you smile.

E. J. Berrigan,
L. U. No. 523.

L. U. NO. 602, AMARILLO, TEXAS.

Editor:

It is with pleasure I greet you again through these columns and hope it will be more often in the future, you see fellows I am pretty busy right now trying to make The Worker a success, and say you old hikers if you want to get in bad with your Company just do as I have done and I will bet you have some fun. Yes I was about to forget to tell you that we will have an election here soon and the fellows have chosen me for one of the Goats, but I am going to fool them and everyone else and get elected by a 2 to 1 majority. Wouldn't you? Stay in the ring fellows and fight hard for your rights, and lets see if we can't make a big gain during the following year. Yours Truly is a candidate for City Commissioner No. 2, so if you can pray get busy as I will need a whole lot of help in that way and I know some of you Old Chaps are there if you would only get busy. Lets hear from Old Crip soon and someone kindly tell G. R. Walters of Bakersfield, California, to fall in line again as we miss those interesting letters more than he can possibly suppose. I would like to hear from him personally if he will take time to write me a short letter. Everything around here is dead as usual, but look for them to pick up in the Sweet Bye and Bye. Well old timers I hope to meet you at the next convention and if the boys here are in for sending me I will be there when they ring the curtain up and will make an awful fuss in behalf of Dallas for the next Convention Town as we'unds down here in Texas would be glad to have it and can show all you Old Tops how to pull it off in Texas. Get busy you Long Horn Texans and make a fuss if you will start now and keep it up until the time comes we can land it easy.

Wishing the Editor and all the brothers a prosperous year, I remain,

Yours very truly,
J. Knot Kent,
Press Secretary,
Local Union No. 467.

L. U. NO. 474, MEMPHIS, TENN.

Editor: As I have been elected Press Secretary, will endeavor to get a few lines in the Worker this month, as I believe all of our locals should do, although Local N. 474 has not been heard from in some time, but we are still in the game and here to stay. Work is mighty scarce here at present. Have quite a few of our boys out of employment, but hope to have them all back on again soon. At present we have Section 8, Article 14, in effect here.

We are having very good success here getting the outside men in our local. We believe, in a short course of time, that we will have most of them with us. I hope so, anyway. We are all having some very good meetings here now; our boys take good interest in our order, even if work is dull.

Thanking the editor for printing this as this is my first letter to the Worker; will try and do better next time.

With best wishes to all, I am,
Yours fraternally,
M. R. Hughes,
Press Secretary.

L. U. NO. 523, NORTH YAKIMA, WASH.

Editor:

I haven't much to report this time, most of our members are working at present. We received two applications for membership last meeting. No. 523 gave a ball recently, the proceeds were turned over to the Trades Council, to be placed in the convention fund.

As I stated in my last letter, the next convention of the State Federation of Labor will be held here, so our little "mite" will help swell the convention fund. "Brother" A. C. Schroeder made a "big hit" at a benefit performance at the Yakima theatre Wednesday evening. His base ball story in "Norsky" dialect was a winner.

Conditions are about the same here, work is still slack, but the good old warm days are coming and we look for something to open up soon.

I hope something will open up so I can have something to write; it is hard to dig up news when there is no work in the country.

Fraternally yours,
E. J. Berrigan,
Press Secretary.

Every local in Texas should send a delegate to St. Paul in September and if

you don't we oughter shoot you. Well I am going to stop now, but you can expect to hear from me again next month and every month unless someone closes me up in short order. So Along,

Yours fraternally,
J. W. Cummings,
Press Secretary.

L. U. NO. 619, HOT SPRINGS, ARK.

Editor: Having been chosen press secretary of Local No. 619, I suppose it's up to me to spread myself and try to make good. But for the enlightenment of the brothers, let me say in advance, don't expect too much of the Irwin S. Cobb stuff from the humble pen of yours truly.

We have had fairly good business here since the disasterous fire of 1913, but at present the situation is painfully quiet.

The electric light company has completed a white way system of over a mile. They worked quite a number of linemen through the winter.

The inside shops are not doing much and the future outlook is not good. The statewide prohibition law goes into effect next year and it remains to be seen what effect it will have on conditions here.

Hot Springs is peculiarly situated, from the fact that business here depends almost altogether on the annual influx of visitors to the baths and amusements, and owing to the legislation enacted from time to time, mostly by our rural legislators, the amusements have become almost extinct, and if the people want to come in here and spend their money, I say let them come.

Our rural representatives consider that what is good for communities like Hominy Knob, Tick Ridge and Thacker's Gap must be good for the larger places also.

But I am not in politics and am about to get away from the subject. Will say that any brother considering coming to Hot Springs for employment had better reconsider. We have a majority of our membership idle and some of us are about ready to pass around the hat. All that keeps some of us from that now is the fear of not getting the hat back.

How do you stand brothers, on the question of government ownership of telephone and telegraph? This is a question that should be given very earnest consideration by the brotherhood. It is a question which has not developed over night and is not easily nor quickly disposed of. If you have not done so, you should all read the article on this subject in the January Worker.

I wish to extend greetings to former fellow workers, whose names I see in L. U. No. 287, Cairo. When I had the honor to hold the chair for three succes-

sive terms in old Local No. 332, of that place.

I am glad we are all once more one united body and let us all work together for a bigger, a better and a stronger organization. I thank you,

Fraternally,
S. A. King,
Press Secretary.

L. U. 629, MONETON, N. B.

Editor: To the Electrical Workers of the United States and Canada. I would respectfully submit a few lines for consideration. I don't expect that they will meet the views of everyone, but everyone that reads, can answer through the Worker, thereby making work for the printer. Everywhere every year there is a new schedule of wages presented to a management, and a demand made that the increase be allowed. Now then workers, dont you know that just as soon as you get that raise, perhaps two or three cents per hour more per day, the groceryman raises one cent on pretty near every article he has for sale? The butcher raises a cent on every cut of beef he handles; the landlord raises the rent; the assessors raise the taxes, so that three months after you get that three cents on the hours you have less money for yourself than you had before you got the raise. The grocer's clerk wants a raise; the butcher's boy wants a raise, and the man behind the plow wants a raise; so in the end we may have a few dollars to handle but we have no more to save for our old age. Now, what I think every man, every union working man should apply themselves to, is to getting an eight hour day and government control of foodstuffs and household necessities. The working men are numerous enough to elect whom they please; we should have intelligence enough to elect those, whom we know would legislate for our benefit; the trusts have run things long enough. Everybody thought when cold storage plants were built, that working men would be able to have turkey every Sunday; lots of us can't have it on Xmas. If the government controlled those things, and we controlled our government, you see we could have a feed sometimes, and it would not take the week's wages to pay for it. Brothers, this is a subject too deep for my poor brain to handle, but I have faith to believe that there are union men big enough to use this little scribble for a text and they can weave such a story out of it as will bring every working man and woman with a vote to a realization of what can be done if they are determined to have fair play. Municipal ownership and government control, is the only hope and solution of the workers today. This is a funny old world; before you are 21, you can not get good wages

because employers think you are too young; after you are 40, nobody wants you because they think you are too old, not active enough. "Poor man," has to work, live, raise a family, educate them, save up enough to keep him out of the poor house, all in about 15 years; he's got to go some and live honest. Now Mr. Editor, its up to you, where this will go. It's my first attempt to the "Worker." If you think it worthy of space, you can not burn it for it's to green. But to be serious, I wish some of the good writers to the Worker, would give their views on this matter. I wish I had the ability to write as I feel.

J. D. Rushton,
Press Secretary.

L. U. NO. 669, SPRINGFIELD, OHIO.

Editor:

Local No. 669 of Springfield, Ohio is scheduled to run on fast time from this period on. March 5th marked the first anniversary of the organization here and with a look into a years past history, wonderful achievements are to be noted. From a hand to hand battle for a hand full to procure a charter, No. 669 has developed into a hundred per cent organization. A new working agreement has been presented to the local contractors to be effective June 1st. This agreement runs for a period of three years with a sliding scale rating. Just what the results of the presentation will be, remains to be seen, but we are living in hopes that it will be favorable. It is with much pleasure that we are able to say that the brothers have just passed through one of the best winters in this city in the history of organized labor. We have not had a man out of work, but for very few days since last fall. Construction work has a forcible appearance for the approaching season. I must announce with pleasure the marriage of our worthy brother Allyn H. Rohrer to Miss Glenna Malin of this city, which took place February 27th. We most certainly wish the brother much happiness and success in his new venture and hope he will not overlook any of the little things in life. It certainly appears that conditions in general are greatly improving throughout the country and that there will be work for men in all crafts this coming season. It would be a wise idea if we would be optimistical in our views of the industrial situation in the country, and see things from the bright and cherry standpoint, instead of only for the worst. Let us all give thanks that owing to the known capitalistic control of the financial situation that we are no worse off than we are.

With springtime greetings for all the brothers, I am fraternally,

W. S. Barringer,
Press Secretary.

L. U. No. 681, WICHITA FALLS, TEX.

Editor: As our kind editor found room in The Worker for our small letter number two, I will endeavor to try my hand again.

I am glad to see so many L. U. sending letters to the Worker, as there is, and I sincerely hope, each month will add to the present number until the Worker comes out with a letter from each and every L. U. in our organization. Boys we can do it, just everybody get busy and try, I am sure if we will all try, by our next convention we can have a journal worth while.

Well this month finds business just about the same in Wichita Falls, not much building going on, quite a lot of our brothers are loafing part of the time, but we are looking for a very good spring. Will say we have had quite a number of traveling brothers in our part of the country in the last few months. L. U. No. 681 will always welcome a traveling brother that holds a paid up card, but no three or four months old torn receipt goes. If one of our brothers desires to leave town and is in good standing with L. U. No. 681, we will sure issue him a traveler and we know every other L. U. will do the same. So I can't see much excuse for a brother in good standing traveling around over the country without the proper goods, he must have the proper goods to have any luck in Wichita Falls.

As I said before, L. U. No. 681, extends a welcome hand to every traveling brother with a paid up card, but I would not advise every traveling brother to come this way at present, as we have more men idle than we will be able to get to work for sometime, as most everybody knows that Wichita Falls is not a large place and we have about 25 members in good standing at present and owing to the present condition of work, we have a time getting enough work for our bunch to get by on.

One thing I intend to mention and had almost forgotten, was that the electrical workers of Wichita Falls are 100 per cent strong, have everything signed up. Everything is going along very nicely between the contractors and the brotherhood, we lost the work on seven small cottages that belong to the city last week; the city bought a block in the south part of town to make a park of and in so doing they had to buy seven small cottages, they had these cottages moved to another piece of property that belonged to the city and of course there had to be some repairing done, that called for a carpenter and the result was that the said city officials gave the work to a scab. So the contractors of the other crafts were notified of same, the city got along alright until they came to the electrical work, when they called on the

contractors for bids, they refused to bid on them, then the fun started, the council met and decided to make the city inspector wire them, so the inspector was notified that he was to wire the houses, but upon receipt of said notice, the inspector notified the council that he would not wire them, so up to present date the work has not been done.

I am proud to say that this and a few other deals similar to it has opened the eyes of the organized laborers of our city and they will endeavor to have three candidates with paid up cards in the race at the next city election, which will be in April, this is the thing that the laboring class should do all over the country not only in the city election, but in the county, state and United States. I did not intend to bring this in to politics, but for myself I am willing to bring it to most anything that will help the laborers so long as it is just and honest.

Well hoping that the editor will find a space in the Worker for these few lines, I will bring this to a focus by wishing the brotherhood a great success in 1915.

Jack Whitenes,
Press Secretary.

L. U. NO. 710, NORTHAMPTON, MASS.

Editor: Just a few lines to let the brothers know that their press secretary, if I may truthfully be called such, has at least made one effort to let other readers of the Journal know that Local No. 710 is still in existence.

Working conditions here are about the same as all over the country. Hardly any of the inside men are working full time, so would not advise any "floating" brother to strike Northampton, or vicinity. A stranger looking over the list of contractors in the city might think that work was rushing, but that is not the case, as there are nearly as many signed up, as there are journeymen members.

Several minor troubles arose recently, but have all been satisfactorily settled.

A "would be brother," by the name of Ralph Mooney, violated Section 2, of Article 29, for which he was suspended and also fined, other locals will please note. (Effective in December.)

Hoping these few lines find space in the Journal, I will close. With best wishes for the best of prosperity to all.

H. S. McBreen,
Press Secretary.

L. U. NO. 712, NEW BRIGHTON, PA.

Editor: L. U. No. 712, is about a year old and has never been heard from in the Worker, but we are sure we have been heard from locally, our first scale gave the wiremen a raise of a dollar a day and better working conditions to all, without a fight.

We started by inviting all electrical workers in Beaver county to a meeting to organize, and as only inside men came, we formed an insidelocal, soon the others saw we meant business and asked us to take care of them, so we now have the linemen and shopmen with us.

There has not been very much work here this winter, but we are looking for better times this spring, but will have men enough to take care of all that comes, as we still have several idle.

We have raised our initiation fee to fifty dollars.

We are affiliated with the Central Labor Association, which takes in all trades.

We are also affiliated with the Building Trades Council (one of our delegates is president.) This council takes in only building trades, and includes the brick layers. There are seven unions in now, with a membership from four to five hundred men. There are two more locals organizing (the hod carriers and teamsters.)

We find, that working with the B. T. C., as we have it here, is far more satisfactory than our old way. There is one business agent for all building trades and it only costs the locals two dollars a year per man to keep him in the field all the time. Mr. D. S. Leighty, is our present business agent and he is hard to beat.

The B. T. C., has adopted the button system and we find it works very satisfactory. We are fined a day's pay for every day we work with a man without a card, so if we go to a job and see everyone has a B. T. C., button in a conspicuous place, we do not have to ask for his card, if do not see the button we have to ask for the cards. The contractors do not wear buttons, but when they sign the scale they are given a card and are supposed to show it when asked for.

Fraternally yours,
J. W. Donaldson,
Press Secretary.

L. U. NO. 713, CHICAGO.

Editor:

I have made no New Year resolution, but am trying to set a record for No. 713 of Chicago this year by trying to have a communication, even if it be a small one, in each issue of the Worker in the year of 1915.

In the past month (February), we have had a number of visitors from both in and out of the city and our members certainly like to see and hear from visiting brothers when in the Windy City. So when in the city do not fail to call upon us and see for yourselves what a real live shop local can and are doing. Among our visitors were Brother Frank Fisher of Local No. 110 of St. Paul and Brother S. Skoog of Local No. 292 of Minneapolis in

company with International Organizer, Brother Ray Cleary, who had come to Chicago in reference to bringing about an organized condition for the telephone mechanics of the Tri-State Telephone Co., of Saint Paul and Minneapolis, who are going to install the Automatic Telephone service which equipment is manufactured by members of our local and always bears the Union Label of our Brotherhood. Our business representative Bro. Lundmark succeeded in getting Mr. Harris, President of the Automatic Telephone Co. to use his good offices in bringing to Chicago a Mr. Barry, who is General Superintendent of the Tri-State Telephone Co., to discuss the situation of organizing the said company. And we earnestly believe that with the co-operation of Nos. 110, 292 and 713 that good results can be affected. Now if all other locals would endeavor to act in conjunction with one another on the same lines that we have done, quicker results could be brought about for a more united and stronger Brotherhood, and a greater feeling of harmony would exist among the various branches of our craft. While I am on this matter of the Automatic Telephone system I will add a word or two in regard to the telephone situation in this country. It seems that from all over the U. S. one hears where Mother Bell has delivered a bump to some local; now why not give the Automatic, which is union made throughout, a boost? It being a far superior service. I understand that in Dallas, Texas the Buildings Trade Council took this matter up and after investigation practically put Mother Bell on the shelf and O. K.'d the Automatic system. We would like to hear from one of the press secretaries of Dallas, as to how this was accomplished.

In closing brothers, I wish to impress the matter of boosting our label as in that way we will gain a great deal more recognition, not alone in our own craft, but in all of the other trades as well.

J. A. Jackson,
Press Secretary.

L. U. NO. 723, FT. WAYNE, IND.

Editor: Being an admirer of the Electrical Worker, and never seeing anything from Ft. Wayne, I brought it up at our last meeting that we should have a press secretary, that would contribute a few lines to the official Journal, because it is every local's duty to keep the Journal in existence, but it cannot do so without contribution and subscriptions. I was at once appointed to fill the vacancy and I will now try and give the readers some of the Ft. Wayne news.

Local No. 723 was organized by Mr. E. G. Smith, nearly three years ago, it is

composed of outside men, there being over forty members at present. Our last meeting showed only one brother on the sick list and three out of employment, but two have since gone to work. We have presented but one wage scale, which took a hard fight to get an increase in pay, some of the boys loosing several weeks' work, but every man stuck until the last, except one man, who is now out of the ranks.

There are the City Light & Power Co., and the Traction Co., here, both are open shops but employ all card men, which is the bulk of our local. The telephone Co., and street Car Company's men not being lined up yet.

Our local is one of the boosters for the Co-operative store which is being started here and every member is taking a great interest in it. We are certainly rejoicing that the great split has come to an end and we are looking forward to a greater and better future, when an electrical worker now extends you his hand and displays his card, you know he is a bona fide brother.

At our last meeting, the chairman of the entertainment committee, made his final report on the dance and electrical display given by our local in January, the proceeds of which were put into our sick fund. This local is greived very much over the death of two of its members by that dreaded disease, tuberculosis, and of our worthy brother, Wm. Hyitt, who one year ago while at work for the Traction Co., slipped while working on a pole and fell across two primaries that burned the left hand off at the wrist and the right hand into a crisp, leaving him a cripple for life. Brother Hyitt is now suing the company for \$75,000 damages, but has been delayed by change of venue for no reason whatsoever. A committee has been appointed to go over the constitution and approve changes to be brought up by our representative at the next international convention. One thing of most importance is a national or state attorney employed by the I. O. to take up such cases as this of brother Hyitt's and make his employers give just reason for change of venue and bring them to a quicker settlement. I would like every brother to consider this matter and leave your representative take the proposition along, for we never know when we ourselves need this great help.

My story is now getting lengthy and I must close, wishing every brother the best of success, when the good times do come, and if traveling this way, you are welcome at our meetings every Friday night at Bartender's Hall, 623 Calhoun street.

Yours for the best,

Sam Evans,
Press Secretary.

L. U. 5A, WORCESTER, MASS.

Telephone Operators Union Has Banquet in State Mutual Restaurant.

A perceptibly deep blush was on the countenance of Mayor George M. Wright as he stood before 200 members of the Telephone operators union at their first annual banquet at the State mutual restaurant last night.

He indicated his feelings in the presence of such an Eden when he declared in opening his address on "Some of the responsibilities of the mayor of Worcester," that he thought when he first entered the hall that he would require a chaperon, but he felt more at home since he had discovered that the Eden was not entirely Adamless. He referred to the three other men present.

The gathering brought together practically every operator in the service of the New England Telephone & Telegraph Co. in Worcester. For the once it was the operators who were busy instead of the lines. There was not a dull moment from the time the first course was served at 8:30 o'clock, until the gathering broke up shortly before midnight.

The spirit of St. Valentine's day was carried out in the decorative plan. Each table was adorned with little hearts, goblins, black cats and other novelties.

Miss Christina Dornes, chairman of a committee of the union, which had charge of the arrangements, introduced Miss Katherine R. Coyle, the president of the union, who was toastmaster. Miss Coyle read several letters and telegrams from officials of the telephone company and of the Electrical workers brotherhood, with which the union is affiliated, regretting their inability to be present.

Mayor Wright received an enthusiastic greeting and his recital of the numerous exigencies with which the chief executive of the city is confronted every day of his official life claimed close attention.

Other speakers were Walter Emery, district traffic chief; Duncan McClellan, district plant chief; P. J. Molloy, president of the Telephone employes union; Mrs. Mary St. John, organizer of the Telephone operators union; Miss May Moriarty, Park exchange chief operator, and Miss Julia Cunningham, Cedar exchange chief operator.

The speaking was interspersed with selections by the Telephone operators union orchestra, Miss Rhoda Issler, leader. Incidental to the entertainment, a watch bracelet was presented to Miss Dornes, by Miss Coyle.

Songs were given by Miss Anna McGrail, Miss Ethel Clark and Miss Sidgrid Christensen. Miss Grace Byrnes gave whistling selections. Violin selections were given by Miss Elizabeth Riley. Recitations were given by Miss Anna McDonald.

Committee in charge was: Misses Dornes, Louise Donlon, Catherine Donlon and Margaret McCullough.

M. C. Dornes,
Press Secretary.

L. U. No. 1-A, BOSTON, MASS.

Editor: The third annual ball of the Boston, T. O. U., was held on January 15, 1915, which proved a success, both socially and financially. The hall was decorated with potted plants, loaned by friends for the occasion, and Local No. 103 provided the electrical illumination. Many guests were present from various parts of the state, including politicians and men prominent in the labor movement. The committee are to be congratulated on the efficient way in which the whole affair was conducted. Everyone was made to feel they were there to enjoy themselves and the proceeds from the ball will go toward the sick fund as the said fund is quite low, owing to the many members who have been ill the past year.

Our membership of 3,000 practically remains the same as times are dull and the company are not increasing the force. The officers are kept busy constantly trying to improve the Local. Sister Devine, the genial Financial Secretary, is doing wonderful work, despite the fact she has had much illness at home. One may usually find the optimistic Recording Secretary, Catherine Tierney, most any day at the Local's headquarters always ready to inform the public of the wonders the T. O. U. accomplished when she is not doing her sums or number work. As for Treasurer Breen, it may be quietly said, that during her leisure moments she is pursu-

ing the study of Economics and a lecture on the same subject is expected at most any meeting, when the expenses are unusually large.

The Adjustment Board are still busy adjusting grievances. The "compulsory lay off" has ceased.

President Molloy is about the busiest member we have between her domestic duties, clubs, union meetings and lectures on Woman's Suffrage.

During the past year we have lost many good members who decided matrimony was preferable to answering subscribers' "daily wants." Last month Sister Delahanty, who was one of the "original twenty" to organize the Local, was married to a lieutenant of the police force. Sister Delahanty was presented with a beautiful cut glass berry dish and a vase, a token from those on the same shift and who were more closely associated with her. After a trip to Virginia the sister will reside in a nearby city and retain her membership.

The 5-11 P. M. girls of Boston Toll held a banquet at the Quincy House on Feb. 17th. Chief Operator Miss Meany was a guest and "one of the girls" for the afternoon. Sisters Kenney, Kelroy, Breen and Kennedy were chief fun makers. Sister Ruelle rendered selections on the piano while Sisters Kennedy and Moran entertained with vocal selections, both classical and "rag time." Sister Kelroy rendered one of her original pieces on the piano, which was encored many times, and finally was presented with a book entitled "How to Play the Piano Correctly in Public," and which she thanked every one profusely for.

President Molloy gave an exhibition in modern dancing as did other sisters, but Sister Molloy won first prize.

After a most enjoyable afternoon it was decided to hold another similar affair before the summer season.

I am delighted to note the interesting articles Worcester has in The Worker each month and I also read the first letter Local No. 142 sent which has been organized about the same time as we have, but never found time to write.

Trusting I shall have the pleasure of reading more letters from the T. O. U.'s next month.

With best wishes for the continued success of the Brotherhood, I m,

Fraternally yours,
Ethel M. Lyman.

SUB. NO. 1, BOSTON, MASS.

Editor:

We are now well launched on the year 1915 and what a glorious year it promises to be as we are now one and all opti-

mistic enough to see that it is to be our banner year both as to organization and concentration of purpose for we are now forever one "Brotherhood" with many thanks to a kind Providence who has answered the prayers and good work of our international officers and its entire members to bring all the electrical workers under the one "Labor Shepherd" and into one fold and if in the "past" we may in an over-zealous moment said some things which were unpleasant, we feel we have been pardoned and we will now shake hands and have recourse to the old adage which says, "We care not what your past may be, its what you are today."

Now with regard to the organizing end as that is my chief interest in the work, we should ask ourselves in what manner are we helping; are we retracting or advancing the movement as in our obligation we are duty bound to help and we have of our own free will that God given right promised to do our utmost, it behooves us to examine ourselves and see if by a word here or there we may be able to increase our membership.

I am particularly interested in the larger cities and would like to know what is being done in New York and Chicago and am quoting a clipping which appeared in the editorials of the Boston Globe:

Judge Boyer of Chicago has just decided that Northwestern University has a right to keep a telephone girl on duty nineteen hours a day and not violate the ten-hour-a-day law for women. This is because the college is a charitable institution. "Charitable" is good.

This when read at our local created a storm of criticism, which would not be well for the brothers in the "Windy City" to hear.

As this is our convention year I am looking forward with great hopes for the Electrical Brotherhood, as united we will now be able to take our rightful place in the front ranks of the labor world, also hope that each and every local will appoint a constitution committee and look the present one over carefully and change or revise whichever they desire with the end in view of bettering the conditions of the members.

In closing would say that it is my sincerest wish that the Telephone Operators Union's throughout the country will each be able to send a delegate to the Convention in September, 1915.

Wishing one and all of the members of the I. B. E. W. success, both financially and socially, I remain,

Fraternally yours,

Annie E. Molloy,
President.

Elementary Lessons in Electricity and Magnetism

LESSON XXVI.—Electromagnets.

326. **Electromagnets.**—In 1820, almost immediately after Oersted's discovery of the action of the electric current on a magnetic needle, Arago and Davy independently discovered how to magnetise iron and steel by causing currents of electricity to circulate round them in spiral coils of wire. The method is shown in

Fig. 114

the simple diagram of Fig. 114, where a current from a single cell is passed through a spiral coil of wire, in the hollow of which is placed a bar of iron or steel, which is thereby magnetised. The separate turns of the coil must not touch one another or the central bar, otherwise the current will take the shortest road open to it and will not traverse the whole of the coils. To prevent such short-circuiting by contact the wire of the coil should be overspun with silk or cotton (in the latter case insulation is improved by steeping the cotton covering in melted paraffin wax) or covered with a layer of gutta-percha. If the bar be of iron it will be a magnet only so long as the current flows; and an iron bar thus surrounded with a coil of wire for the purpose of magnetising it by an electric current is called an **Electromagnet**. Sturgeon, who gave this name, applied the discoveries of Davy and Arago to the construction of electromagnets far more powerful than any magnet previously made. It was first shown by Henry that when electromagnets are required to work at distant end of a long line they must be wound with many turns of fine wire.

By applying Ampere's Rule (Art. 186), we can find which end of an electromagnet will be the N-seeking pole; for, imagining ourselves to be swimming in the current (Fig. 114), and to face towards the centre where the iron bar is, the N-seeking pole will be on the left. It is convenient to remember this relation by the following rules:—*Looking at the S-seeking pole of an electromagnet, the magnetising currents are circulating round it in the same cyclic direction as the hands of a clock move; and, looking at the N-seeking pole of an electromagnet, the magnetising currents are circulating round it in the opposite cycle direction to that of the*

Fig. 115.

hands of a clock. Fig. 115 shows this graphically. These rules are true, no matter whether the beginning of the coils is at the end or near the observer, or at the farther end from him, *i. e.* whether the spiral be a right-handed screw, or (as in Fig. 114) a left-handed screw. It will be just the same thing, so far as the magnetising power is concerned, if the coils begin at one end and run to the other and back to where they began; or they may begin half-way along the bar and run to one end and then back to the other; the one important thing to know is which way the current flows round the bar when you look at it end-on.

327. **Construction of Electromagnets.**—The most useful form of electromagnet is that in which the iron core is bent into

Fig. 116.

the form of a horse-shoe, so that both poles may be applied to one iron armature. In this case it is usual to divide the coils into two part wound on bobbins, as in Figs. 116 and 117. The electromagnet depicted in Fig. 117 is of a form adapted for laboratory experiments, and has movable coils which are slipped on over the iron cores. A special form of electromagnet devised by Ruhmkorff for experiments on diamagnetism is shown in Fig. 127. The great usefulness of the electromagnet in its application to electric bells and telegraphic instruments lies in the fact that *its magnetism is under the control of the current*; when circuit is "made" it becomes a magnet, when circuit is "broken" it ceases to act as a magnet.

Many special forms of electromagnet have been devised for special purposes. To give a very powerful attraction at very short distances, a short cylindrical electromagnet surrounded by an outer iron

tube, united at the bottom by iron to the iron core, is found best. To give a gentle pull over a long range a solenoid (Art. 329), having a long movable iron core is used. For giving a very quick-acting magnet the coils should not be wound all along the iron, but only round the poles. As a rule the iron parts, including the yoke and armature, should form as nearly

Fig. 117.

as possible a closed magnetic circuit. The cross-sections of yokes should be thicker than those of the cores.

328. Lifting-power of Electromagnets.

—The lifting-power of an electromagnet depends not only on its "magnetic strength," but also upon its form, and on the shape of its poles, and on the form of the soft iron armature which it attracts. It should be so arranged that as many lines of force as possible should run through the armature, and the armature itself should contain a sufficient mass of iron. Joule designed a powerful electromagnet, capable of supporting over a ton. The maximum attraction he could produce between an electromagnet and its armature was 200 lbs. per square inch, or about 13,800,000 dynes per square centimetre. Bidwell has found the attraction to go up to 226.3 lbs. per square inch when the wrought iron core was saturated up to 19,820 magnetic lines to the square centimetre. It can be shown that, when the iron is far from saturation, *the attraction of an armature of soft iron is proportional to the square of the "magnetic strength" of the electro-magnet*; for, suppose an electromagnet to have its strength doubled, it will induce the opposite kind of magnetisation twice as strongly as before in the iron armature, and the resulting force (which is proportional to the product of the two strengths) will be four times as great as at first.

329. Solenoid.—Without any central bar of iron or steel a spiral coil of wire traversed by a current acts as an electromagnet (though not so powerfully as when an iron core is placed in it.) Such

a coil is sometimes termed a **Solenoid**. A solenoid has two poles and a neutral equatorial region. Ampere found that it will attract magnets and be attracted by magnets. It will attract another solenoid; it has a magnetic field resembling generally that of a bar magnet. If so arranged that it can turn round a vertical axis, it will set itself in a North and South direction along the magnetic meridian. Fig. 118 shows a solenoid arranged with pivots, by which it can be suspended to a "table," like that shown in Fig. 121.

Fig. 1.

Reference to Fig. 86 and to Art. 192 will recall how a single loop of a circuit acts as a magnetic shell of equivalent form and strength. A solenoid may be regarded as made up of a series of such magnetic shells placed upon one another, all their N-seeking faces being turned the same way. Since the same quantity of electricity flows round each loop of the spiral coil the loops will be of equal magnetic strength, and the total magnetic strength of the solenoid will be just in proportion, to the number of turns in the coil; and if there be n turns, the number of magnetic lines of force running through the solenoid will be n times as great as the number due to one single turn. The use of the iron core is by its greater magnetic induction to concentrate and increase the available number of lines of force at definite poles. The student has been told (Art. 191) that the lines of force due to a current flowing in a wire are closed curves, approximately circles (see Fig. 85), round the wire. If there were no iron core many of these little circular lines of force would simply remain as small closed curves around their own wire; but, since iron has a high coefficient of magnetic induction, where the wire passes near an iron core the lines of force alter their shape, and instead of being little circles around the separate wires, run through the iron core from end to end, and round outside from one pole back to the other, as in a steel magnet. A few of the lines of force do this when there is no iron; almost all of them do this when there is iron. Hence the electromagnet *with* its iron core has enormously stronger poles than the spiral coils of the circuit would have alone.

(Continued next issue.)

Local Union Directory

This directory is compiled from the quarterly report, if not properly classified, it is because no report, or an imperfect one, has been furnished. Local secretaries should promptly report any changes.

Locals are composed of branches of the trade, as per the following signs:

- | | |
|---------------|-------------------------|
| (a) Mixed. | (f) Cable Splicers. |
| (b) Linemen. | (g) Switchboard Men. |
| (c) Inside. | (h) Shopmen. |
| (d) Trimmers. | (i) Fixture Hangers. |
| (e) Cranemen. | (j) Telephone Operator. |

(c) No. 1, St. Louis, Mo.—Meets Tuesday night at 604 N. Leffingwell Ave. President, J. T. Farrell, 1308 Armstrong Ave.; Vice President, R. P. Underwood, 3838 A. Kennerly Ave.; Financial Secretary, W. B. Smith, 604 N. Leffingwell Ave.; Recording Secretary, John Ledbetter, 4008 Penrose St.; Treasurer, J. M. Thompson, 4010 Sullivan Ave.
E. B. Meets every Friday night.

(b) No. 2, St. Louis, Mo.—Meets Monday night at 2714 Olive. President, M. L. Purkey, 2714 Olive St.; Vice President, W. Kirkendall, 2714 Olive St.; Financial Secretary, Harry Cookendorfer, 2714 Olive St.; Recording Secretary, J. R. Green, 2714 Olive St.; Treasurer, Wm. Lantz, 2714 Olive St.

(b) No. 4, New Orleans, La.—Meets second and fourth Wednesdays of each month at Eagle Hall, 1014 Canal St. President, John King, 222 N. Robertson St.; Vice President, F. Spies, 318 S. Rendon St.; Financial Secretary, H. A. De Breureys, 3518 Annunciation St.; Recording Secretary, Paul Radelet, 1481 N. Robertson St.; Treasurer, J. Howley, 516 Magazine St.

(b) No. 5, Pittsburgh, Pa.—Meets every Friday night at McGeah Bldg, 607 Webster Ave. President at McGeah Bldg, 607 Webster Ave. President, F. J. Willenhart, 214 Watts Lane; Vice President, H. E. Kennedy, Arch St., N. S., Pittsburg, Pa.; Financial Secretary, H. McDougall, 178 Ridenour Ave., Crafton, Pa.; Recording Secretary, T. J. Keilhacker, 1367 Oliviant St.; Treasurer, J. F. Wyan, 227 Ella St.

(c) No. 6, San Francisco, Cal.—Meets Wednesday at Building Trades Temple, 200 Guerrero St. President, P. G. Brigaerts, 200 Guerrero St.; Vice President, E. J. O'Brien, 200 Guerrero st.; Financial Secretary, P. A. Clifford, 200 Guerrero St.; Recording Secretary, A. Elken 200 Guerrero St.; Treasurer, G. M. Fisk, 2417 Folsom St.

(c) No. 7, Springfield, Mass.—Meets every Monday night at N. A. S. E. Hall, 373½ Main St. President, W. F. Kavanaugh, 221 Summer St.; Vice President, Warren Brown, 86 Pearl St.; Financial Secretary, J. A. Beauchemin, 81 Pynchon; Recording Secretary, Erbert Ayers, 7 Wintrop St.; Treasurer, Gregg Roos, 408 N. Main St.; Business Agent, J. A. Beauchemin, 81 Pynchon St.

(c) No. 8, Toledo, Ohio.—Meets every Monday at Swiss Hall, Monroe St. President, T. Crahan, 470 Fernwood Ave.; Vice President, Ed Goralski, 1221 Buckingham St.; Financial Secretary, Robert Hammer, 125 Canal St.; Recording Secretary, J. C. Peterson, 1106 Palmwood Ave.; Treasurer, Joe Christ, 905 Bricker Ave.

(b) No. 9, Chicago, Ill.—Meets every Friday at 8 p. m. at 500 State St. President, R. A. Brehman, 2900 Arthington Ave.; Vice President, P. Bender, 810 S. California Ave.; Financial Secretary, L. M. Fee, 2203 Monroe St.; Recording Secretary, A. M. Parish, 1046 N. Leclair Ave.; Treasurer, J. J. Dassie, 2422 St. Louis Ave.
