LABOR DAY, 1919

By FRANK MORRISON

Secretary American Federation of Labor.

Labor Day, 1919, the organized workers possess greater intelligence and confidence in themselves than at any other period.

The trade union movement was true to its historic mission in the great war that defeated a military autocracy and it has not forgotten the plea, "Make the World Safe for Democracy," that so successfully united the people of our country in one purpose.

The organized workers will continue their efforts to make our country safe for democracy, though certain other elements of our citizenship have abandoned this plea in their desire for material gain, regardless of effects on the nation's life.

The workers' determination is indicated in their demand that the purchasing power of their wages permit them to meet present living costs. The workers have not forgotten praises showered on them during the war and they now insist that living standards shall not be lowered. They point to government statistics which show that over \$1.80 is now necessary to purchase goods that were priced at \$1.00 before the war.

The railroad solution offered by organized railroad shopmen and the railroad brotherhoods, and supported by the American Federation of Labor as a whole, and the declaration of the Policy Committee of the United Mine Workers of America for the nationalization of coal mines under democratic management are also indicative of the workers' determination to make our country safe for democracy.

Government reports show that there are 8,500,000 persons over 10 years of age in this country who can not read nor write the English language. It seems unnecessary to urge that our edu-

cational system be revised that this illiteracy menace to a government "of, by and for the people" be removed.

Another policy that would make this country safe for democracy is organized labor's demand that immigration be stopped until such time as those aliens who are now in this country can be assimilated. Sentiment must give way to the dictates of self preservation when national needs and social aspirations are threatened by waves of immigration that are stimulated by cheap labor employers.

The proposed plan to "Americanize the alien" will not be successful while industry is conducted along autocratic lines.

The attempt to solve this question by company "unions," welfare work and beneficial features will not suffice. None of these contain the element of fundamental democracy.

The alien must be Americanized, but industries like the steel trust, that make the alien possible, must first be Americanized. These business men must be Americanized. The American spirit of freedom and equality can not be aroused in a worker who is denied the right of free speech or who has been discharged because he does a lawful thing—joins a trade union.

On this fundamental the trade union movement stands. It is idle to talk of Americanizing the alien or of establishing democracy in industry while an industrial oligarchy ignores guarantees in the Declaration of Independence and the Federal Constitution.

The trade union movement stands for the highest order of Americanism and it believes that the first step in Americanizing the alien is to Americanize the job.

**INTERNATIONAL FEDERATION OF
TECHNICAL ENGINEERS', ARCHI-
TECTS' AND DRAFTSMEN'S
UNIONS.**

In May, 1918, a number of draftmen's unions throughout the country came together in convention and organized the International Federation of Draftsmen's Unions. Recently the jurisdiction of this body was extended and its title changed to the "International Federation of Technical Engineers', Architects' and Draftsmen's Unions", under which name it is now flourishing with a membership of about 4,000.

This organization has accomplished the following results since its inception.

It has established a wage scale for marine draftmen throughout the whole shipbuilding industry and the Navy Department of the United States Government, securing about a 32 per cent increase for all draftsmen engaged in this class of work; a forty-four hour week and the recognition of representative committees elected by the men.

Its officers have re-written and modified this scale and presented it with substantiating data to the Board of Railroad Wages and Working Conditions of the United States Railroad Administration, and after hearings on May 12th and 13th, have very good reasons to believe that it will be substantially put into effect by direction of the Regional Directors throughout the entire Railroad Administration. This would mean about a 30 per cent increase for all engineers and draftsmen. Should this effort on the part of the International result as favorably as expected, it would be recorded as another victory for organized labor.

All civil engineers and draftsmen within the railroad service should either form locals or become affiliated with those already formed, so that the organization may be put in a position to assist them in obtaining the benefits of the work we have so nearly completed.

About 2,300 engineers and draftsmen working on railroads are now affiliated with us, and we welcome all those who have not yet taken advantage of the opportunity to join with us in a movement which means so much to us all.

Any further information desired will be promptly furnished on application to the Corresponding and Financial Secretary of the above organization, A. F. of L. building, Washington, D. C.

Anthony J. Oliver, President.

THE STRIKE BREAKER LADY.

The swellest lady job I know of is being a telephone operator during a strike. Bonus pay, to the office and home again in an automobile, luncheon the best caterer can offer, and no need to worry if the telephone subscriber kicks at slow service. Then there are the stylish operators brought from outside the city, living at the best hotels and putting on all kinds of dog. And all the petty telephone company official young men are so attentive, so considerate, so shielding. It's so much nicer to be loyal and sheltered than to be walking up and down with a "DON'T WORK" placard hung about your neck or waist, in front of an exchange entrance, on picket duty, shouting "yellow" and other unlady-like words at girls who continue on the job. Yes, the strike-breaking phone operator's life is a happy one, while it lasts. It's real elegant in fact. Working under strike conditions is such a pleasure. There's money for nice clothes, for you don't even have to pay car fare. There are policemen to watch you and prevent any striking "Bolshevixen" from jabbing a hatpin into you as you get into or out of your car—which of course is pronounced "cah". Then there are the auto joyrides, for the fresh air, twice a day. That is the life. Of course, "common" girls you used to go with cut you in your home neighborhood, but who are they? Just common, that's all. Gee, but it's nice to be like a girl in one of those Saturday Evening Post novels—a working-girl queen. And yet fellows talk to you about oppressed labor. I don't see anything like that in my job. Everything and everybody's just lovely—except those "tacks" with placards on them that cry out "Scab!" But who would demean herself by noticing such as they? Huh!

IN MEMORIAM

BROTHER I. J. HANLEY.

Whereas, Local Union No. 9, I. B. E. W., has been called upon to pay its best tribute of respect to the memory of one of its most worthy members, Brother I. J. Hanley, who passed away June 16th, 1919.

Brother Hanley was electrocuted while in the performance of his regular duties as a lineman.

Stricken down while still in the flower of useful, vigorous and glorious manhood. His many noble qualities, buoyant spirits, his light heart and deep affections will ever remain fresh in the memory of those who knew him best.

Whereas, We recognize in his untimely taken away, Local Union No. 9 has lost an esteemed and worthy member, the country a good and loyal citizen, and the home a faithful and devoted son; therefore, be it

Resolved, That we bow our heads in prayer to the Almighty God that his soul may rest in eternal peace; and, be it further

Resolved, That the members of Local Union No. 9 extend their deepest sympathy to the family, relatives and friends in this their hour of grief; and, be it further

Resolved, That a copy of these resolutions be spread upon the minutes, that a copy thereof be forwarded to his bereaved mother and that a copy be forwarded to our official Journal for publication.

Harry Slater, Recording Secretary.

R. A. Brehman,

Geo. Allen,

W. Glass,

Committee.

BROTHER E. K. TECHINOR.

Whereas, By the will of Almighty God, our Brother and fellow workman, E. K. Technor, was suddenly called to that great unknown, from which no traveler has yet returned, and though he was not long among us, he was diligent in his duties, faithful to his fellows and respected by us all, the membership of Local 132, I. B. E. W., is deeply touched by his loss and wish to express their deepest and heartfelt sympathy to his friends and relatives; therefore, be it

Resolved, That for a period of thirty days our charter be draped in mourning, out of respect to his memory, that a copy of this resolution be sent to his relatives, a copy be placed on the minutes of our Local, and a copy be furnished our Journal for publication therein.

Earl P. Callrom.

Clifton, Ariz., June 26, 1919.

BROTHER WILLIAM EDWARDS.

Resolution on the death of William Edwards, member of Local Union No. 286, of New Albany, Ind., who was electrocuted July 24, 1919.

Whereas, It has pleased our Supreme and Heavenly Father to call from our midst our dear beloved and constant Brother, William Edwards, and has seen fit to have him side by side, with his companions that know nothing other than purity; and,

Whereas, Brother William Edwards was a true and loyal member of our union, honest and faithful workman; and,

Whereas, The calling of this Brother has made a vacancy in L. U. No. 286 that will be looked upon with deep and sincere remembrance, as we loved him and will miss him; be it,

Resolved, That we hereby express our heartfelt sympathy to his bereaved family in their hour of grief; and, be it further,

Resolved, That our charter be draped for a period of thirty days and that a copy be sent to the bereaved family, and one to the official journal for publication, and that they be spread on the minutes of Local Union No. 286, I. B. E. W.

Francis H. Welch, Secretary-Treasurer.

BROTHER J. M. CURTIS.

Whereas, Local Union No. 584, I. B. E. W., has lost its second member by death in the service of our country, and

Whereas, The Almighty God in His Infinite Wisdom has deemed it wise to call from our midst Brother J. M. Curtis, and

Whereas, Local Union No. 584 has lost a true and loyal member; one always ready to do his part to forward the cause of the Brotherhood; therefore, be it

Resolved, That the members of Local Union No. 584 extend to his family and relatives their deepest and heartfelt sympathy in this their hour of sorrow; and, be it further,

Resolved, That our charter be draped in mourning for a period of thirty days, that a copy of these resolutions be sent to his family, a copy sent to the I. O. for publication in the official journal, and a copy spread on the minutes of our local.

J. J. Cease,

R. E. Reese,

J. B. Lear,

Committee.

BROTHER C. W. CARVER.

Whereas, It has pleased our Heavenly Father to call from our midst our esteemed Brother, C. W. Carver; therefore, be it

Resolved, That the members of Local Union No. 611, I. B. E. W., express to our late Brother's family our deepest sympathy in their hour of bereavement; and, be it further

Resolved, That our charter be draped for thirty days, that a copy of these resolutions be sent to the bereaved family, and a copy to the official journal for publication, and that these resolutions be entered upon the minutes of this Local.

J. G. Fishburn,
Carl Hitchcock,
J. H. Mohn,
Committee.

BROTHER WILLIAM A. JACKS.

Whereas, On June 26th, 1919, our Heavenly Father deemed it best to call from our midst and duty, by electrocution, our beloved Brother, William A. Jacks; and

Whereas, Brother Jacks was a firm believer in our principles and a worker for our cause, he was also one who when the call for duty came, was never found missing. He was a true husband and father, one who will be missed by all who knew him.

Whereas, Once more our Heavenly Father has seen best six days later, to take with Him, Robert, infant son of our late Brother Jacks, to that country, eternal in the Heavens, from which none return. Be it,

Resolved, That L. U. No. 763, Omaha, Neb., take this means of extending the union's sincerest sympathy to the bereaved wife and mother, brothers and sisters in this hour of affliction; be it, further,

Resolved, That a copy of these resolutions be forwarded to the family, one to the official journal for publication and one be recorded upon our minutes.

H. B. Wood,

Whereas, On July 26, 1919, Local 898, I. B. E. W., of Huntington, W. Va., lost one of its most highly esteemed brothers, Brother Frank Carroll, who was electrocuted while working in Ashland, Ky. Brother Carroll was a willing worker and was liked by all who came in contact with him; therefore, be it

Resolved, That the members of Local 898, I. B. E. W., extend their deepest sympathy to his bereaved family in this hour of sorrow; be it further,

Resolved, That a copy of these resolutions be spread upon the minutes of this Local, a copy to be forwarded to his family, and a copy to be forwarded to our official journal for publication; it is also

Resolved, That our charter be draped for thirty days in memory of our late Brother.

L. S. Abbott,
A. C. Singer,
Committee.

BROTHER GEO. VIGNOVICH.

Brother George Vignovich was shot by unknown thugs while coming home from work.

Whereas, Almighty God in His wisdom, has deemed it best to remove from this earth our esteemed and beloved Brother, Geo. Vignovich, therefore be it

Resolved, That we, the members of L. U. No. 12 of the I. B. E. W., extend our heartfelt sympathy to the relatives and friends of the deceased brother, and further be it

Resolved, That we spread a copy of these resolutions on the minutes of the Local and forward a copy to the Worker. And that it be further

Resolved, That we drape our charter for 30 days.

Fred Swinger,
J. J. Takarski,
A. B. Griffin,

FOODSTUFF ADVANCES.

A report recently issued by the United States Department of Labor, covering increased cost of food stuffs representing twenty-two principal articles of food, is a very conclusive piece of evidence to show

that some relief besides increased wages is necessary if we hope to keep the necessities of life within reach of the wage-earners.

The report is reproduced below and surely provides plenty of food for thought.

EDITORIAL

H. C. L. AND DISCONTENT From every city, town and hamlet is heard the rumble of discontent. Expressions of dissatisfaction are more noticeable day by day, indicating the human family is grappling with the serious problem of how to obtain life's necessities. It seems next to impossible to find a remedy for the present intolerable and ever-increasing cost of commodities that constitute the necessities of life. Wage increases are granted one day, only to be wiped out the next through additional increases of commodities cost, demonstrating the inadequacy of wage advances to entirely correct the situation. Just why it should be so, no one seems to know. In a vague way we all believe the war has something to do with the inflation of prices. This is no doubt true. However, the war is over. Production is again reverting back to normal and useful things, crops are above the average, and there seems no reasonable cause for the present high prices.

The question of H. C. L. overshadows everything else, and it is very reasonable that it should, as it means hunger for the masses, and where hunger exists contentment is impossible.

It is encouraging to note that at last the Federal Government has recognized the acuteness of the situation, and made some move that we hope will be productive of results.

Investigations by the Federal Trade Commission of two basic industries, the packing and shoe industries, which are both closely related, as the packing industry controls the leather trade, disclose that unreasonable profits have been earned in both these industries, and that profiteering on an extensive scale exists at this time.

If the report is based upon facts, and it is reasonable to suppose that it is, those responsible for the situation could be guilty of no graver crime, and it is to be hoped that the Government proceedings will result in those guilty receiving suitable punishment, and it would go a long way toward restoring confidence, which seems to be a very necessary thing at the present time.

RIGHT TO ORGANIZE Thinking men of all stations in life who are alive to conditions, are conscious that a great change or turn over is about to occur in our industrial life, and see two ways by which this change may be brought about. The vast majority are determined a change shall occur, and that the democracy men fought and died for shall be established, not alone politically but industrially as well.

The spirit that established the right of people to govern themselves is alive today, and the people are determined to extend to industry the principles of Democratic Government. The movement is a part of the onward march of civilization. Industrial monarchs are marshalling their forces to defeat the movement. Their efforts will be as futile as were the efforts of the recently deposed political despots. Industrial tyrants are conscious of the fact that their employees are determined to establish the principle of collective bargaining, and have a say as to what wages they shall receive, and under what conditions they will labor.

It is amusing to see the last line of defense such employers have established, which is the employer-controlled organization of employees,

they foolishly thinking that free and liberty-loving working men and women will ever be satisfied to accept a substitute for something they desire and are determined to have, namely, the right to organize. Such employers are to be pitied for their ignorance of human nature. They should know that employees with intelligence enough to produce the products of this age, surely know enough about economics to determine what is best suited to improve their conditions.

The great steel corporations are employing every method to defeat the efforts of their employees to organize. Free speech and the right of peaceable assemblage would be suppressed, if the steel trust could have their way. The representatives of these great corporations are beginning to realize that each effort made to deny constitutional rights to their employees results in strengthening the determination of the employees to organize and obtain industrial democracy, a condition that is right, just and humane, therefore, bound to prevail, by peace if possible, by force if necessary. Open-minded peace loving citizens, both employers and employees, prefer the former. Capitalistic saboteers and industrial vandals in general prefer the latter. In our judgment the former will prevail, and even though conditions are serious, and the situation extremely aggravating, we still have sufficient confidence in the American public to believe that no question will confront us that cannot be solved by peaceable methods.

L. U. NO. 1, ST. LOUIS, MO.

Editor:

Yes! St. Louis is still on the map and doing very nice, thank you, and at present the Electrical Worker members of Local No. 1 are all working.

July 15th saw the end of our old agreement which was 87½¢ an hour, so we had our new one signed up calling for \$1.00 an hour.

Our boys are mostly all back from the service. 59 in all and most of them had service oversea, but no one was killed.

We are having trouble with the Bell Telephone Company in St. Louis. They have imported scabs both men and women from out of town, but with the help of Brother O. E. Jennings, our District Organizer and last but not least our able sister May Mathews and the striking employees and financial aid of Local No. 1, we shall beat them to H—.

At our June election we elected all new officers and I think they are doing first rate so far although I was on the losing side, that's nothing new for your truly to be on the losing side because the only winner I have been on in the past ten years was the American Army.

Brother McGinn our retiring Business Agent did fine work and I was more than surprised to see him defeated, but he was, and is now getting it the hard way, using his arms and back instead of his head.

The weather is sure warm in St. Louis at present. One hundred in the shade if you can find any.

No doubt this letter is a riot of mistakes and funny stories, but I shall try to do better the next time.

Fraternally yours,

Bro. Lee Killian,

Press Secretary.

St. Louis has been on the move again, full of fight, like the barber's cat, pulling all men and operators on Kinloch and Bell telephone job. It did not take the Kinloch people long to find out that old No. 2 meant business, so they hung out the distress signal, calling for help from No. 2 and 116A, who responded by settling difficulties and returning to work. The Bell Company are putting up a fight, but the odds are against them, and we look for settlement soon.

Jefferson hotel has been charged with letting strike-breakers use their place and it has been picketed since the Bell trouble.

All union men in St. Louis and vicinity have been ordered to have Bell phones disconnected, and from all reports a great many have done so.

A new wage scale has been presented to the Public Service Commission for men of the United Railways Co. and if it is allowed will make a fair scale at that job.

Brother Springer was much alarmed the other morning to find he was dizzy and had a headache trying to tell us he was threatened with the "flu". Well, it may be so, but.

Our one big paper here published an account regarding a large sum of money that will be received by a couple of Brothers, so we expect most any day to

see a fleet of Pierce-Arrows in front of their office. We will not mention any names, but believe they will be town cars.

If Brother Dickinson continues to dress in white we will have to give him space on the fashion sheet along with Brother Springer and his pea green sport suit.

Resignation of Brother Creedon as president was received awhile back and Brother Jack DeVoe was elected to finish the term. Brother Jack is some kid—well liked, and everybody is with him on the job.

Forgot to mention Brother Jennings, but don't forget he is here and always on the job fighting for all that is right.

Our B. A., Brother Knoll, is a busy man. Says he could stand a couple of assistants any time, and really does things, as he went over the river the other day and closed a job for \$1.00 an hour. More power, Dan.

Regret to report Brother Edward Arnold on the sick list. Nothing serious and will be O. K. in a couple of days.

Bill Howell, Rec. Secy.,

Editor:

During the inability of Secretary Ed. Smith—on account of illness from which he is gradually and fortunately recovering—I am serving in his stead and cheerfully furnish the Worker with a few tidings from Local No. 4.

Although somewhat under the weather, Brother John King summons sufficient courage and strength to preside at all our meetings in compliance with his duty as president, and manifests that deep interest in the Local's affairs that wins the deep felt appreciation of all our brethren.

Our Local has submitted a new contract for the coming year to the New Orleans Railway & Light Co. for investigation of its provisions, by the company's management, and the outlook for its approval is promising.

Quite a number of workers in the different departments of the company's plant, such as meter testers, meter installers, meter repairmen, underground cable splicers, arc lamp repairers, and sub-foremen, have obtained membership in our Local, and others will be continually added to the list, judging by the many promises that have been made.

We regret to see the absence from the Worker of any items of interest from the other locals in New Orleans—Nos. 120, 823 and 858. Surely they cannot consider a monthly contribution of that character to your popular journal—our loyal mouthpiece—too laborious a task. We will be rejoiced to see them take this gentle hint.

The members of our Local are looking forward with joyous anticipation to the great convention of Electrical Workers to be held in this city during September, and are busy in preparing for the royal entertainment of the delegates. President King of Local No. 4 has been chosen as its delegate.

The financial condition of our Local is very satisfactory, indeed, and the sociability of the brethren continues to evoke very favorable comment in general.

Fraternally yours,

J. Rosenthal, 428 S. Hennessy St.,

Local Union No. 12 sends greetings to all the members, and brothers wherever they may be, as we feel that we are getting closer together every day. There is more life now existing and brotherly love shown than has been for years. All craftsmen are doing better and living closer to one another than ever has been done before.

We believe that there should be a great many changes made in September when all the local delegates get together at New Orleans. One in particular that the electrical bodies all over the United States take a hand in politics and see at the poles that good and honest union men get in office. Did you brothers notice the speeches made in Congress on the th by the senators from Colorado and Texas after the railroad representatives had asked Congress and President Wilson to do something to cut down prices of food or they would have to have more money. These gentlemen claimed that they would not stand for this class of men to tell them what they had to do. But they do not mind taking orders from Wall St. Why?

We will have two mighty good boys at the Convention; Ed Carlson and Richard Clec. Meet them brothers and you will find them O. K., but be careful of them; they are both married.

We are sending Bro. C. L. Griffin as delegate on August 11 to Ft. Collins to represent us before the State Federation of Labor, and brothers there is going to be some hard fighting there, as politics on the outside has ruled labor in this State for years but her day is over.

Brothers how about you, have you a lizzy? Most all the wire pullers here have. There was a car load of new ones come in a few days ago and it takes all the cops in Pueblo to handle the fixers but they pay the fine like men. Work 8 hours and out for a ride the next 8. Great sport. Come down and we will take you around.

We have three shops in the city with about 18 men busy all the time. The steel plant has about 150 electricians and linemen they keep going so when we all get together there is always something doing. There is a few at the mill that has not come in the local yet but will, we think soon. There is talk of opening the charter and if we do, there is no doubt but what we will get the majority of them.

One of our brothers working at the steel plant returning from work few evenings ago was shot to death by some unknown parties. There was more than one as the brother had nine bullet holes in him and we have been unable to find out who or the cause.

Best wishes to all the locals and brothers. Come and see us as No. 12 is glad to meet any one with the green ticket.

Fraternally yours,

J. L. Seany

Another line from Local No. 21. I don't know what to write as things are at a standstill here in Philadelphia and the neighborhood. There is going to be all kinds of trouble in and around here which is liable to break out any old time against the big companies and the shipyards and also on the railroads.

We have also elected our delegates for the Convention at New Orleans. They are our financial secretary and recording secretary, but we hope our financial secretary goes as he is acquainted with the conventions of the past and with other conditions at which to fight and which way.

We have one of our brothers running for councilman. We wish him success in his new position if he lands it as he is a union man all the way through so there may be hopes

yet for a union city for union men.

This is all for a month or until the next issue of the Worker.

They elected me Press Secretary because they did not have it in for anybody else, so Hop got it wished upon him.

Well, Local No. 34 is up and a coming and we do not think there is a local under the sun that has anything on us. We have a closed shop proposition here and all Brothers are welcome in all the shops any time, and they are not looked at as if they were thieves or moochers, as the bosses and employes are just the same as one large family at a Thanksgiving dinner scrapping over the dark and light meat. The P. S. thinks it is a 50-50 split on the "light and dark".

Work is exceedingly good here and has been for the last three years, and still on the incline.

Well, Dear Editor, I will call this off with these few lines, but I will drop you a line again in the Worker and tell you all I know and then some.

If I could hear from our old Brother, "Shorty" W. W. Wade. If he was in Peoria he would never leave it, I say, and I will bet when poor old Shorty gets down on his prayer bones he forgets God and prays to Peoria instead, because he knows she is the biggest and best city in the world.

The telephone operators' situation has about taken up all the work that the officers of this Local has had the chance to devote to it in the last few weeks.

In my last letter I spoke about the seriousness of the Operators' union as being opposed by the officials of the Bell Telephone and the Ohio State Telephone companies. On July 16 the operators and all male employes of the two telephone companies went out on strike and they were out for about ten days, and a few are still out, as the company has refused to take them back up to this time, claiming that they were guilty of overt acts. The Ohio State Telephone Co. was almost put out of commission as far as labor was concerned during the strike. They had a few old women and young girls that didn't know any better than to scab. In fact, they didn't know the meaning of the word "scab," but there was a few that worked for the company and slept in their in-door beds that the company provided for them during the strike. The Bell company succeeded in hiring some from Chicago and scabs from other cities and they kept about a 45 per cent service going during the strike, but their line and cable gangs were 100 per cent union and there was no repairing on the outside, only when about twenty of the strike guards would take out a couple of scab repairmen, and then they might succeed in working for five minutes, but when any union men would come around their jobs they immediately evacuated their positions, and as we knew most of their jobs that they intended going to one can imagine how much work was being done by their line gangs.

All sorts of charges and intimidations were made against the girls and the men trying to discourage them from staying on strike and some of the union employes were arrested, but nothing was done to any of them for lack of sufficient evidence to convict them of the felonies that the telephone companies charged them with.

The city council appointed a special com-

mittee to look into the affair and determine the cause of the strike, as public sentiment was going against the companies and everyone was in favor of the strikers and were working hard for the girls to obtain their conditions and the recognition of their union.

The city council was convinced beyond any doubt of the rights of the telephone workers and they found conclusive evidence through their co-operation with the union officials that the girls and the men were in the right and they should receive the proper consideration from the telephone companies that all organized workers receive from their employers, the telephone companies and the city council entered into an agreement with the telephone workers whereby all men and girls would be taken back on their jobs at their former wages and positions and such questions as needed arbitration would be taken care of by the postoffice inspectors on the job at the time on the day after this agreement was reached the girls and the men reported for work at their respective exchanges and offices and some of them were taken back at their former standing, but there were 150 others that did not get their jobs as the company claimed that they were guilty of overt acts and in doing this the telephone companies abrogated their agreement made in good faith with the city council's committee. Since this time there has been repeated efforts on the part of the workers to call another strike, but the union officials believing that it would be the best policy to work out their difficulties in a more diplomatic way opposed any such idea, although realizing the justice of the whole affair. Up to this time some of the girls and men have been taken back on their jobs, but there is still some that are awaiting the investigation of the postoffice inspectors, who will insist upon their reinstatement that they receive their back pay from the time that the strike was called off, and we feel while there are a good many that believe that a strike would be the only remedy to make the companies come to their senses quicker, that it would be best at this time to await the judgment of the representatives of the U. S. Government. But if there is not an amicable adjustment within a reasonable length of time Cleveland is liable to have another telephone strike on her hands, and it is up to the government officials to see that the employes of these companies are treated as real human beings.

The Maintenance are still coming along fine in their organizing campaign and new members are coming in at every meeting. Shops that we have worked on for the last two years are being organized now and the men are kicking themselves that they were not in here before as they realize after they are in what they have missed in the line of benefits and their union conditions. We are very proud of the way our old members are working among their friends trying to get them into the union and it only goes to show that a little perseverance on the part of the members count for a whole lot when it comes to organizing these men that claim they have as good conditions as the union has.

On the fourth Wednesday of this month there will be a big mass meeting and smoker for the Maintenance electricians all over the city and we expect a large crowd at the meeting and there will be some of the best speakers in the labor movement to address the men.

Press Secretary,
Maintenance Section No. 38.

Editor:

As you have not heard from this Local the past month will try and give you what little I know of the present conditions in

and around Cleveland as our regular Press Secretary has gone in a higher life and has given up his position as secretary.

Work in and around the sixth city has been fairly good this summer, as most all of the traveling brothers have gone to work for the C. E. I. in order to get the shekels to continue their journey. They don't seem to anchor long on the job. Sorry to say as it seems to be somewhat of a hit the ball job. Through a little effort on the part of some of our present officers we were able to land a fairly good position for some of the brothers with the city fire alarm at a fixed price of \$160 a month. We have also been able to land a new wage scale with an increase, the Municipal Light & Power Co. making a jump from 78½ cents to 90 cents an hour for linemen and other crafts in comparison. I must say that when the C. E. I. got the drift they stepped from \$5.75 to \$6.25 per day. It was very near a voluntary raise on the company's part.

Must say that the employees of the two telephone companies just finished a two weeks vacation and are back to work, which one of the other locals will explain the situation more perfect. We were assisted by Miss Sullivan and Brother Broach. Some seemed to call it a strike but in as much as I understood the situation would give it another name. Hoping this will pass the censor, I am

Editor:

Just a few lines before I am too late for the press. It appears to me as though our worthy press secretary, Theoretical Covenha has lost his pen as he has the first writing to publish in the Journal since his election. It's the same old story boys. The buck is passed along to the few workers who try to hold the interests of the organizations together, but it seems to me that there has to be one hundred per cent efficiency in our organization in the near future or the skids are liable to be pulled from underneath us unless we get together and work for a betterment of the organization in general, so let us all get out and attend to our duties and the committees and officers attend to their assignments or resign from their offices. It is the same old story when time comes for their reports. All kind of excuses. It appears to me that the majority of our members are only card men, not union men, as they only attend meetings or show their faces when out of employment. They don't even have the interest of the organization at heart. When we elect officers or negotiate with the bosses on wages I would rather see an organization of a hundred good loyal union men than one of four hundred mostly card men. So its time to wake up. As things here in Buffalo are beginning to look brighter and look for plenty of work in the near future. The T. Livingston Co. have three good jobs in our city. The Ley Co. of Boston have work coming off here soon and our City Contractors predict plenty of work so I think we have prospects of a busy fall and winter. Our scale here ranges from eighty to ninety cents per hour with prospects of getting more. Let us hope so, as we need it to combat with the high cost of living. I will state that Brother Jack Holzer leaves Friday to start a good size job at Jamestown. New York for Lord Electric Co. More power Jack. So I guess Jack will use some of the reliable boys on this job.

Brother King is putting the National Lamp job through in good shape. The boys are getting in plenty of overtime on this job, which resembles war time hours.

Brother Weittig is pushing Livingston's work with great success under the Supervision of Bro. Saunders of the Syracuse office.

Brother Hanks is still running the wild cat work with about seventy-five men to keep him busy. Bro. Frank Joyce has been with us for the past week, having a week's vacation. He is with the Virginia Shipyards. Located at Alexandria, Virginia. Pretty soft Frank.

Well Brothers I will now touch on the outing held on August 2nd, given by Buffalo, Rochester and Syracuse Locals at Island Cottage, Rochester, New York. The Buffalo delegation journeyed to Rochester on a special train which indeed was necessary as they were as wild as young bulls. I will state that our worthy organizer H. H. Broach was a guest at the outing, accompanying the Buffalo delegation to and from Rochester. I will state Bro. Broach was the guest of honor and after the dinner was served Brother Broach gave a brief but touching speech, touching on organization, welfare and Brotherly work and interest, after which a handsome charm with the Emblem of the I. B. E. W. attached was presented to Brother Broach in honor and remembrance of Local No. 86 of Rochester. There were other speakers in attendance such as Mr. Matt, Supt. of the Wheeler Green Electric Co. of Rochester, a real live wire, also Brother Sherman who was a member of the Brotherhood when only a membership of fourteen hundred and also our humble servant, Brother George C. King. I must state there were plenty of good things to eat and drink and amusements and races of all sorts to keep us busy. The base ball games resulted with Buffalo beating Syracuse and Rochester beating Buffalo.

Brother Hank O'Connell's Beef Trust Tug of War Team beat the Buffalo lean team. Bro. O'Connell then decided to have his helpers oppose the Syracuse team in the tug pulling and the pulling was so keen that the rope parted ending the contest.

In the Rochester-Buffalo ball game, Bro. Broach was selected as umpire, but finished the game pitching for Buffalo. Lookout Harry! or Muggzy McGraw of the giants will be after you. I will state that the outing broke up in a sad way, as while everything was going along in fine shape in the evening a young lady was drowned in the lake, which was the sad ending of a Perfect Day. As the boys stripped off their clothing like trojans and went to the rescue, but it was to late when our worthy President Brother Seitz rescued the body. The boys worked over her and used the Pull-motor, but of no avail, as God's will was done.

Then about this time it was train time and we had to hurry back to Rochester to get the train. I will state we have a movement on foot to have a clam bake in Buffalo in the near future and will have Rochester and Syracuse here as our guests and also hope to have Brother Broach with us also. In concluding I will state we have a movement on foot for a telephone workers campaign which will begin with an open mass meeting to be held at Engineer's hall, 667 Main Street on August 13, 1919. We expect to have Brother Broach and Rose Sullivan of the Telephone Operator's Department with us on this evening, as the weather is warm. I will close.

Respectfully and fraternally yours,
Egroe.

Just a line to the brothers thanking them for their assistance in disposing of our Ford automobile, I am sorry that I cannot give you the name of the winner at this time as the drawing does not take

place till Aug. 13, for some unknown reason the drawing was postponed till that date.

I have learned just recently who the most unappreciative wire twisters in the country are.

I went to work on the Penna. R. R. found 30 men working there and only three card men, all of these have only come there within the last 6 months. The other fellows a couple of years ago were not getting more than 35c per hour. But when organized labor went out and got 57c and then 68c they were right there to hold out their hands for some.

They all got back pay, one, I know personally got \$751.40 and he still has no card and I asked him if he was not ashamed to look a union man in the face, I asked one if he had a card and he did not know what I meant. A card man represents these men on grievance committees. But we are going to get after these sizzer Bills, (it's a dandy name for them) and make them come across.

Some of our brothers made a bum job out of what might have been a good one at Niagara Falls, our B. A. had a fair chance of making it 85c an hour job when what did they do but go to work for 65c. Iron workers and painters on same towers are getting nearly a dollar per hour, then along comes the broad back who has the worst work of all and takes 65c which shows that base ball does not contain all the bone heads in this country.

The Buffalo General Elect. is doing lots of work, but still the price is only \$4.90 for 10 hrs.

The Depew & Lancaster are busy and pay \$5.00 for eight hours 2 ways on company.

Again thanking the brothers for interest in Ford car, I am

Yours Fraternally,

It is with pleasure that I devote a few moments time writing this letter informing every electrical worker of the actions taken by I. B. E. W. No. 56.

The first of May we presented our agreement to the contractors and had the experience of having it returned without any encouraging information but that action didn't give us weak knees and as per arrangements on the first day of April we stopped work until the signing of the agreement which was on June 27. Our members were very orderly during the entire strike and I look back with pleasure to see how mannerly the whole thing was handled.

Our labor troubles are all settled but I wish to state to brother electrical workers, if any of you are thinking of visiting Erie, you had better stop, look and listen because work is very scarce at present.

In reading the April Journal I saw an article written by Bro. W. W. Wade, of Local 83 in which he mentions an Electrical Workers Home. Brothers, take it from me, Wade sure is on the right track. What a pleasure it would be to us to know that when we are gone we will have provided for our wives and children, a home in which they would be contented and taken care of just as good as if we were still with them. There is just one thing in which I differ with Bro. Wade and that is Los Angeles is too far from Erie and so I will take the great privilege of placing Erie, Pa. in nomination, come on brothers give a shove. Our members have welcomed back our fighting brothers, who showed Willie Hollenzoler how to kick the dust and in this tribe of True Blue Americans, we find. Our Old Friend, Bro. Fred Roth, "a friend of every union man."

Bro. (Slim) Roth who saw service on the battle fields of France was our president when called to the colors.

When Slim reached home he came face to face with as nice a labor strike as you have ever laid eyes upon, but did he grow discouraged after thinking his fighting was done? Nothing doing, he peeled his coat off at once and fought by the side of our business agent, doing everything within reason to bring a settlement in favor of his Local. That's the kind of members we want and need. Three cheers for "Big Slim."

When "Big Slim" reads this he is going to say "B. S. Mayerhoefer" but don't you believe him brothers.

Yours truly,

C. H. Mayerhoefer,
Press Sec'y.

My last letter to the Worker written for the June issue, did not appear, so I suppose it was too late and will appear in the July number. This is written for the August number and is to inform the brotherhood of our present situation, although we expect that our strike will be ended before this is read by the membership.

Our strike, called on June 1st, is still in progress, after two months have gone by, and we are still holding out for our original demands the most important of which is an increase of \$1.00 per day in wages. As we had three or four of the shops already closed before the strike, we did not demand this of the contractors, for we knew that if we could get the money we could close the shops ourselves. It was our intention after we got the increase in wages to bend our efforts toward closing the remaining shops, which at that time were working only enough of our members to do work which demanded the card. But one of these ratty contractors got wise, because somebody spilled the beans, and he immediately got busy organizing an open shop association. This of course was to enable him to get the support which he knew he would have to have if he was to hold out. The open shop propaganda at first was very mild, and many business firms were led into it without knowing its real purpose. But after sufficient members were secured to make a showing, the screws were put on, and these members found that they had been hoodwinked into something that meant a disruption of their satisfactory relations with union employees. Many of them tried to withdraw, and a few had the courage to do so, but many others and unfortunately our buffaloed fair contractors among the number, let the fear of boycott hold them to their pledge, and now they want someone to show them a way out of the difficulty. In the meantime, we are going ahead with our shop, securing enough work from our friends and the public to keep us going and establishing the new scale which the contractors are bound by their foolish pledge not to pay. They admit we are not asking for too much and would pay it if they had not already agreed otherwise among themselves; so it is a case of one of them breaking his pledge first, and none of them have the courage to be the first to do it.

We have had some support from the building trades and the trades council, but the crafts there represented do not care to be drawn into the affair too deeply, fearing to lose more than would be gained by so doing; so the electricians have conducted the fight pretty much on their own ground, although they can see that the same trouble will be met by other crafts as soon as they make an effort to renew their contracts. We have been repeatedly

asked by other crafts here why we did not secure financial assistance from our International office, and seem greatly surprised to learn that no such funds are available. Here is a condition of affairs that should be remedied at the next convention, and the time is not far distant when the membership will have a chance to place our defense fund in such a shape that it will do some good. There are few local unions in our organization that have not at some time felt the need of financial assistance to win a strike, and the fact that there is a fund for this purpose has led many locals to venture on a strike, only to find out after they are out that the joke is on them. This local union did not expect aid from this fund, knowing it cannot be had; but after a two months strike it would be very acceptable, and we are strong for a plan that will open up this fund and make it available when needed to help fight our battles. We hoped to win our fight without making an appeal to our sister locals; but we have reached the point where we find it necessary, and we hope that when you receive it you will be prompt in coming to our assistance. We also ask all brothers to stay away from this jurisdiction until our trouble is over, for we have all we can handle without having to take care of members who might as well go in some other direction as to come here.

We note with satisfaction the work that some locals are doing in organizing the telephone operators, and wish that we could report the same success here. But the company here has a female instructor in their school who has so far managed to block every effort made to organize these girls. The time may come when the operators here will awake to their needs, but at present they have not the backbone to withstand the threats which the company has held over their heads.

With best wishes to all members, and hoping that we may have a good report to send in by next month, we are

Local 61 still in the fight for right. After using every means in our power to get an increase in wages from the L. A. Street Ry. we were forced to pull the job. The first time in the history of Los Angeles I believe, the line came off 100%, line foremen, truck-drivers, and groundmen. This was on the 7th of June. Two of these weak kneed fellows went back a few days ago, and are now working for \$4.40 the same as before they went out, but cut out the time and one half, overtime, just straight time, and that is too much for that kind of people.

Any how we got the real men off of the job and most of them on much better jobs now. Those boys that came off and stuck sure deserve great credit, as some of them had been there for as long as 18 years, few of them under six years, I believe our only salvation in a locality where the M. and M. has the foothold it has here is to get in the City Charter a clause whereby an outside electrical worker must be licensed and have had four years experience, so as the life and limb of the public will be protected. What I mean by that is at least four to one must have had four years experience. Had that been in our charter here we could not help but win the strike, but as it was they even went to the high schools and got boys from there.

After about three months negotiations with the city we were successful in getting a new wage scale. We refused to represent any dept.—that was not 75% in

the local. The meter setters for example were only 50% in so we did not ask for an increase for them, and they did not get it. The line foremen, linemen, troublemen, patrolmen, and truck drivers as helpers were better than 75% in our local so we asked for them the 20% increase and got it. The scale now for linemen, troublemen and patrolmen is \$6.00 for eight hour day Saturday afternoon off with day, double time for overtime. So now some of the boys that could not see fit to join us have found the Dear Boss don't love them as much as they thought he did.

We asked for a flat six dollar scale for this District. But owing to the telephone situation we said nothing when they gave the employees a 50c raise that is the Edison and L. A. Gas and Elec. Co. But we are not through with the L. A. Gas and Elec. Co. as their policy is to give our boys the worst of it at all times. And as far as the Edison the bonds carried for the city to take them over, so of course we will be getting the above city scale then, for that job. Trust this information will be of benefit to some other localities. The International vice-president of the Carmen's Organization, told me only yesterday that he would advise all men working at electrical work who are now in the Carmen's Locals to transfer to their respective organizations, as per supplement No. 4 of the System of Federation. Best Wishes to all locals.

Fraternally Yours

I have failed to send my write-ups to the Journal for the past two months, so I thought it was about time to hear about No. 82.

We have made a big stride forward since last spring. Our wage scale is 80 cents an hour and double time for overtime. We are ninety percent strong now and are looking for a closed town next year.

Two of our members went back to the McCook Aviation Field to scab the job, Louis Weikert and O. J. Wekesser, who are suspended with a \$500 fine.

Trusting this will reach you for the September number, and thanking you, I am,

Yours very truly,

L. U. NO. 86, ROCHESTER, N. Y.

Editor:

Being about three months behind the times in regard to an editorial to the Worker.

Will give an idea of events as they have been going on in this city for the last nine months, or since the signing of the armistice.

Will state the Electrical Workers, Brickmasons and Plasterers, Sheetmetal Workers, Structural Iron Workers, Plumbers and Steam Fitters, laborers, and the old organization of Hoisting Engineers, Local No. 483, which had its charter taken away from them by their international for upholding real unionism, through the local Building Trades Council, have been acting as one complete organization.

To verify the unity of the Building Trades of this city, witness the strikes at the Eastman Kodak Co., Bausch Lomb, Optical Co., where the contractors affiliated with the Builders' Exchange, insisted on employing non-union men. There seems to have been a good deal of hatred of unionism by the contractors of the

Builders' Exchange when they insisted that the electrical workers, masons and plasterers, sheetmetal workers and laborers dismiss their business agents, whom they termed the "willful four", and appoint others whom would perhaps be more servile to the bosses' interests. This the unions refused to do. The result was a general lockout against the Building Trades. The Building Trades held a protest mass meeting to which the public was invited. This was done to show who was responsible for the lockout. The Building Exchange contractors were invited to this meeting; seats reserved for them on the platform, and to be given full opportunity to discuss who was responsible. Full protection was guaranteed them, as there were about sixty policemen at the meeting. Not a contractor appeared. International officers of the various unions involved came to Rochester, and practically settled in one day what the unions were not able to do in nine months. We do not know who were the most satisfied, the Builders' Exchange or the unions, possibly the contractors.

We still have our old business agents, and the men are behind them against anyone who insists they must go.

In regard to the agreement of the electrical workers with the electrical contractors, which had a few weeks to go when the lockout occurred. On May 1st, the agreement having expired, and the lockout still in force. The electrical workers' agreement committee decided on the following, which were the main demands: Nine dollars for a six-hour day, all overtime double time, working in inclement weather double time. This agreement caused quite a stir among the contractors and our local received quite a number of radical titles handed to them by the contractors. The contractors and electricians met and discussed this agreement. We were offered 25-cent raise, which would make our scale of wages \$6.25 for an eight-hour day. We refused such an offer. Then our committee, with the sanction of our union, compromised, and accepted \$7.00 for an eight-hour day. We still believe in the \$9.00 for a six-hour day, wishing to improve our living conditions, to compare with any other useful human; also shortening the work day to prevent unemployment.

At the present time there are thirty electricians out of work out of a total of 275 membership, which is about 9 per cent unemployed. This condition does not tend to keep these boys satisfied.

Local No. 86, in justice to all Brothers, has created an unemployed list, which means the first man out of work is the first to go to work. This is done to prevent discrimination, and to kill the black list, also to try and give justice to all. Our reconstruction and democracy contractors, so-called during the lockout, do not like this arrangement; also some of our local boys who believe in survival of the strongest, also do not seem to know that men grow old in age or speed methods, and who do not know that a union is an organization for co-operation and not competition.

We want to inform all electrical workers that there is a real spirit of unionism being formed by Buffalo, Rochester and Syracuse locals, that the men in these locals when in the jurisdiction of a local union, on depositing their traveling card, do not have to come across with the customary one or two dollars permit money, or more, which has been levied on some of our Brothers who worked along the Atlantic coast and middle west by unions who seemed more after the gold than real unionism.

There are a number of Brothers of this local who followed the electrical line as war workers, who have been up against

this levying game, and have been made to feel like outlaws, with long standing membership in the I. B. E. W. These same boys paid more permit money than some unions charge to come in as a new member, yet new men in these localities come in on an open charter for \$5.00.

Rochester, Buffalo and Syracuse are going to hold a joint picnic to be held at Rochester, N. Y., during August.

Akron, Ohio, local, please take notice: We have a Brother here whom you are desiring to locate, Brother F. McCabe, who will some day accept a position with the Electric Drop Cord, Bell & Buzzer Co. of this city. Press Secretary.

L. U. NO. 103, BOSTON, MASS.

Editor:

A few lines from the almost forgotten No. 103 Boston. Having received the Journal for the first time in months, it sure was a treat. The boys of Boston are now retarded to a minimum amount of work for this section of the country. Having completed all major tasks which were placed under construction during the war, there is practically no big jobs under way now.

After having a get-together of the Building Trades, we expect things to boom very soon.

Our new agreement has gone into effect outside of a few incidentals, which our Business Agents, Smith and Queeney are slowly, but surely working out. And "By the way" Jack Smith has many admirers for an international position when he leaves the Convention in New Orleans.

Our membership has increased considerably in the last year, and it is certainly surprising to meet all the "Twentieth Century" electricians that has been made in a few days while our good hearted local issued permits.

Some of Boston's foremost Clarinet players and first-class barbers, say Electrician if "THE" job, and they are electricians even though No. 103 knows different. We have had two very warm elections since you last heard from us, and both "Tool Bag Candidates", funny as it seems, were defeated.

Our new Financial Secretary is filling Frank Kelly's position in A-1 form. You just watch Sec. Fennell build his fences. We have a Czar in Boston, Martin Lomasney, that Jack exceeds when it comes to Politics. Our young and noble Recording Secretary is a delegate to the Convention and I am going to inform the Brothers that they will find one congenial upright fellow in Frank Sheehan. Watch him Brothers, he is aces in No. 103.

I will close now with promise of a long interesting letter in the near future, as I will be better equipped with exact conditions which will be final in Boston.

Fraternally yours,

Steve Mealey,
Press Secretary.

P.S.—We would like to hear how our new organizer Jimmie O'Donnell is progressing.

L. U. NO. 109, ROCK ISLAND, ILL.

Editor:

Well Brothers things are going so fast I hardly got the time to write lots of news this time. At present 109 has a strike against the Central Union Telephone Co. On July 17th we were forced to go out, and I can say it has been a clean one and every lineman and repairman came out and so the little blue bird did not stop at that he flew up to the Hello girls and 260 came out almost putting Mother Bell out of business and not one has gone back. The Company has tried almost every way to get the rank of them broken, but nothing doing. On last Sunday a big mass

meeting was called on July 27th in protest of the altitude of the Central Union Tel. Company and I can say that the Tri-City Federation went on record that they give all the full moral and financial support and that every union man be taxed \$1.00 per week which will mean \$4.00 per month and I can say that \$2,000 has at the present time been turned into the strike funds. The girls had a dance and from what I can learn they took in almost \$1,000, so you can see how we are to carry on this strike. We are going to win it. If we can not lose it this is one of the greatest Labor movements of the Tri-City. The Central Union Telephone Company has no lineman and at the Rock Island exchange they claim about twenty scab girls; at Moline exchange, 4 scab girls; at East Moline 1, so they do not give much service. On August 1st, if the strike was not settled every union man was to put his phone out of service, so it will mean almost 8,000 phones will come out. I can say as for mine it is out of service and no scab can come in my house to fix it either.

Brother H. D. Smith of No. 485 has done some good work and I believe if given a chance he will put a complete victory. We also have a strike against the Tri-City Railway. The streetcar men were forced to go out August 1st. Also a strike on the Silvis Railroad Shops. About 3,000 men are out now, so I guess we will get all the strikes we want, but if we have to strike we can do it. Well as I want to mail this right away, so here is hoping that next month I can say that some of these strikes have been won. With best wishes to I. B. E. W.

I am respectfully,

L. U. NO. 112, LOUISVILLE, KY.

Editor:

So far as Local 112 is concerned "There ain't no such Animule as a Press Secy." So I am taking the privilege of telling you that we are still in the game. On July first all members of Locals 112, 90-A and 286 working for the Home and Bell Telephone Co's. walked off of the job. This action completely tied up service with the Home Co. and not a call was put through from any of the 22,000 home telephones from 7 a. m. Tuesday 'till 9 a. m. Saturday. From that time on only 20% service was given from 8 a. m. to 5 p. m. With the Bell Co. we had five scabs left on the job; of the five four were switchboard men and the other was a superannuated old fossil with a 25-year service button. Of the operators we were only able to pull about 50%. But that was enough to cripple old Mother Bell so, that she had to send a hurry call for her professional strikebreaking operators to use as a crutch. Our pickets were on the job and forced the officials to get their autos out to haul the scabs to and from work, as the taxi-drivers refused to haul them but allowed our pickets to use their cars free of charge to chase the scabs home and advertise them around their homes. After several counter proposals were exchanged through Mr. Brulingame, Mayor pro. tem. of Louisville, the Home Co. agreed to all employes to return to their places and all scabs brought here from other cities to be sent out of the city, and all questions of wages, hours of work and conditions to be left to an arbitration board selected before Aug. 15 as follows: One by the employees, one by the Tel. Co. and these two to select the third. This proposal was rejected in a joint meeting Friday evening, July 25 but was considered in joint meeting Sunday a. m., July 27 and was accepted and the Home Tel. Co. employes returned to work at 7 a. m., July 28. Old other Bell refused to abide by any orders from the P. O. Dept. or

deal collectively with the employes in any way so are still out (Aug. 8) and intend to stay out until old Mother Bell changes her mind. We have had no desertions from the operators but regret to say we have had several so-called men that let Mother Bell pull the wool over their eyes but we have shown some of them the error of their ways and soon came out again. So Mother Bell and her slave drivers are having quite a time getting any slaves to drive. Organizer Jos. Lyons and our B. H. Henderson are some hustlers and we are backing them up with 50 men and 65 operators that are stickers and Gen. Mgr. Turnbull and Chief Opr. Carrie Minton will find out that their kind will not be tolerated by working men and girls any longer.

I am sending a list of scabs and their card numbers and want them published in the Journal so all the brothers and sisters will be on lookout for the rats if they light in your territory. Some of these scabs drew their strike-benefits one day and went to scabbing the next so look out for these kind as they are worse than rats.

We enclose pictures of Hurd, Francis and Barrett and request that they, together with the record of these four men, be published in the "Worker" for the edification of the membership.

The case of Hurd is particularly aggravating. This man has, for years been an active and prominent member of Local 125. He was our principal delegate to the conference which settled the 1917 strike, was elected president last winter and was delegate to the conference in San Francisco at the start of the recent trouble and until the Northwest was called out. On his return from San Francisco, he used every means to keep Local 125 from obeying the order of the International Vice President to strike the Job, and endeavored to emasculate the strike in this section by his appointments on the strike committee and in every way possible tried to discourage the membership. From the day the job was pulled, he used every means of persuasion to induce members to return to work, announcing that he was going to do so and trying to start a stampede. The climax was when he volun-

L. U. NO. 125, PORTLAND, OREGON.

Editor:

We are herewith reporting to you for

tarily appeared before the State Board of Conciliation, which was investigating the strike, and made statements to the effect that it was an illegal strike, that the members were coerced into going out and many other statements calculated to injure our position in the eyes of the public. The day following his appearance before the Board, he returned to work for the telephone company after having spent the previous evening in trips around the city in accompany hired automobile, visiting the homes of numbers of our members and endeavoring to persuade them to follow him back to work. We especially urge that this man's picture be published in the "Worker."

The case of Barrett also deserves special mention. This man who recently returned from overseas was not in the best of financial condition when the job was pulled but when the operators went out his wife stayed and scabbed on them as she had previously done in 1917. Barrett however went out and when prevailed upon to pull his wife off, gave as an excuse, that one of them had to work in order to live. Various overseas men in our ranks went to him and offered him financial aid and the

Strike Committee went to the trouble of securing him a job with a power company at more money than he had been making with the telephone company. He refused both the job, the financial aid and to pull his wife off and finally returned to work himself.

Francis and Beal are just ordinary scabs. The former scabbed on the promise of a wirechief's job and the latter because he is feeble-minded.

All four have been expelled from Local Union 125 and a fine of One Thousand Dollars, (\$1,000.00) levied against them.

We ask that this record of these ex-members be published in the "Worker," together with their pictures, that of Hurd in particular.

Fraternally yours,

O. McCann,

President Local Union 125, I. B. E. W.
C. LeRoy Brown, Recording Secretary.

Herewith enclosed photo of the entertained committee of Local-Union No. 4,

porting Brother King from place to place. The white substance in the distance is not snow, but is the beautiful (and hot) southern sun shining on the dewy grass. The committees are very busy perfecting plans to entertain the delegates who attend the convention and in this respect will again call your attention to the special notice in the July Worker in reference to notifying Brother Byrne of your intention to attend. Brother King of Local No. 4 is in receipt of a letter from Brother Davis, President of the R. A. R. Club, notifying him to prepare the banquet hall and has taken steps to seize all wet goods in the possession of the New Orleans members of the I. B. E. W. in order that the delegates may not be disappointed after receiving the cartoon in the July Worker. Brother Byrne has caged an army of mosquitoes and in training them to attack only visiting delegates he has also arranged with the hotel management to have the steam heat turned on in the convention hall for a few hours daily. One thing about Byrne he believes in being thorough and if he carries out all his plans I am sure the Fifteenth Biennial will be a never to be forgotten convention. In conclusion I wish to again call your attention to the import-

130, 823, 868 and 882. This photo does not show full committee as some being absent on account of work. Reading from left to right the names are as follows:

Seated—First Row, W. Authement, D. J. Byrne, Geo. Lorrick.

Seated—Second Row, J. Stoltz, Dr. P. B. Autrey, R. L. Reiley.

Seated—H. M. Muller, James Howley.
Standing—Geo. Sell, L. Baessler, John P. King, Frank Bulger.

In the distance to the extreme left can be seen an electric truck of the New Orleans Railway and Light Company. Their truck is used for the sole purpose of trans-

ance of notifying the committee herein mentioned of your intention to attend, as the month of September is going to be a regular convention month and room will be at a premium. The I. B. E. W. convention will convene September 15th. The Advertising Clubs of the world on the 19th to 23rd an Industrial Exposition by the New Orleans Teocali will be held September 21st to 28th, and the shriners will hold a conclave the last four days of the month. Brother Frank Swor of the International Executive Board is here now making the final arrangements for the official headquarters which will be in the St. Charles

Hotel. I am requested by the committee to notify all locals holding tickets for the Dodge automobile award to kindly make returns as early as possible.

With best wishes to members,
I am fraternally yours,

As it is time for another article in the Worker, will try to let the Brotherhood know how we are progressing in this part of country.

I stated in last month's worker that we had some fisherman out trying to catch some big fish, will state that they were very successful in their attempt, and will explain what they were fishing for. It was for an increase in wages and closed shop conditions, while the lines are still out for a few more fish can say we got an increase of 10 cents on the hour for thirty days and another increase of the same amount is due on the first of the month.

Practically all the Inside Shop here are complying with our agreement and here is hoping that they always will and am sure our committeemen have made them see that way. We still have our Blizzy Izzy Agent on the job and he shot after them all and from the looks of applications and initiations at each meeting night it makes us think that he is the best in the country to line them up.

There is no big rush of work on here at present and would not advise any brothers to come this way, while we are always glad to see visiting brothers and are always glad to help them think it is best to notify them of conditions which will save them lots of disappointment and expense.

We are planning on a very big Labor Day Celebration and know it will eclipse any that has ever been held here for some time. All the brothers seem to be anxious and are willing to co-operate to make Labor Day here a big success.

As this seems to be all the dope I have for this time will come to close wishing the whole Brotherhood success, I am

Fraternally yours,
John A. Braun, P. S.

We have been having meetings of more interest of late than usual. We have elected Brother M. R. Gallion to look after the interests of the local at the big camp meeting to be held at New Orleans. And this is one of the minor details compared to the amount of work we have been putting forth in getting the telephone employees organized. It is said that "a faint heart never won a fair lady" and we did not faint nor did we take any anesthetic but it was some task and we are still busy on some parts of the organization. We have won a number of fair ladies and for good measure secured a lot of masculine scalps that we consider valuable trophies.

Just a line to let the members know that I am still here. This part of Texas is experiencing some very hot and dry weather just now, and said hot weather is about to cook ye scribe, but our anguish is somewhat lessened by the fact, that we are able to eat some of the finest melons, cantaloupes, and peaches, (the last

named being the kind that grows on trees) that you ever stuck a tooth into.

Union Labor is preparing to have a grand parade and celebration on Labor Day in Old Ft. Worth, and I hope to be able to "jine" the boys as of yore.

The oil fields of North Texas are creating a strong demand for all kinds of Labor, and at this time nearly every body is at work and longing for the reduction (promised) in old H. C. O. L. Here is hoping for the fullest success of our coming convention. May harmony and tranquility reign supreme.

Fraternally,

"Old Crip".

A few lines to the Journal to let the Brothers know that this place is still on the map. Although things are moving along pretty slow, especially myself this hot weather, but I manage to keep in touch with the labor movement throughout the country, which seems to be about one strike after another, due to the H. C. O. L. The bosses will slip you a small paltry sum and then up goes the necessities of life about double or triple that amount. I see the president is looking into the high costs and etc. Some one had better get wise pretty soon or it may be too late to right a wrong. It seems to be the case in Russia at present. "Oh" they say nothing so radical could take place in Civilized America. Well this get rich quick crowd that are juggling the markets these days are laying a good foundation of something to happen. I would not venture to state what I think it will be, but any one who will stop long enough to study the unrest throughout the land, can plainly see the hand writing on the wall. I see Rock Island and Moline are out against old Mother Bell. Operators and men. Would have liked to have been there during the trouble, but having the misfortune to break a small bone in my heel I could not get over there much as I would have liked to, but here is hoping they give old Mother a good trimming, for she has it coming at all times. There is a good field in Illinois for Telephone Operators locals and I would like to see the men of various locals take up the job as I realize that the Operators' International can not handle such big a job throughout the country, as their finances will not allow them. So put your shoulder to the wheel and see if we cannot help the operators to get a just and living wage and thereby whip Mother Bell to a stand still and make her like it. Well I will close for this time wishing the Brotherhood continued success, I remain,

Yours for the cause.

At our last meeting we lost our faithful Recording Secretary, U. P. Hill. He having taken up other work that takes him out of the Journeyman class. He has been our Recording Secretary since we got our charter and we will certainly miss him. Brother H. M. Beebe has been elected in his place. We have also lost our President. Not seeing him for four meetings, we elected Brother Henry Nichols and as far as he has gone it looks as if he will make a good one.

We have an agreement before the Contractors for 85 cents per hour and a closed shop for Journeyman and expect we will have a little trouble getting it signed up.

Our Business Agent is doing fine work getting in all the linemen and operators. They have an agreement out to the Power

Company for 70 cents per hour for linemen.

The Grotom Iron Works employs a lot of our brothers and as this place is under the Macey board ruling, yet in regards to wages and working conditions we are getting the boys in line as fast as they come to work. But there are a few Blood Suckers that are hanging out so when our Metal Trades Council gets going good we will put the screws to them. Everybody is working at present and we have a few large jobs to start soon. Most of our Brothers are back from the Service, the last being Brother Rowley who put in over a year "Over There." Not wishing to overload the circuit this time with best wishes, I am

Having just been elected Press Secretary, will try to give a little information concerning Local No. 238. We have recently added sixty-three members to our old membership of thirty-seven. After years of hard work we have at last succeeded in getting the employees of the Asheville Power & Light Co., and the North Carolina Power Co. organized. We have also succeeded in getting a few of the Bell Telephone linemen. Our Local has increased so rapidly lately that we have outgrown our present quarters and unless a larger hall can be found, will be compelled to hold our meetings in one of the parks. Perhaps some of the brothers would be interested in knowing that Asheville is a fully organized town with the exception of the Bell Tel. & Tel. Co., and we are at work on them now expecting to soon have every thing closed.

Work here at present is not very lively and a good many of the boys have their grips packed ready to go south for the winter if business does not improve. Any Brother passing this way will find a hearty welcome at our Local on any Thursday night.

This is a new job to me telling our business to the public through the magazine, but hope to do better next time.

One of our Brothers, "Casey" G. W. Jones was electrocuted while at work for the Toledo Railway and Light Company on the first day of August. He did not use any protection furnished by the Company while work on 2300 and being on the pole alone it was not possible to get up the stick quick enough to knock him clear. Our agreement with the T. R. and L. Co. provides for two journeyman, or a journeyman and apprentice to both be up when working on anything over 550. Rubber gloves and shields (pigs) were on No. 4 truck at the time. Our Business Agent, Oliver Myers has the result of this accident, had the T. R. & E. Co. put out an order compelling the men to use protection furnished by the Company.

"Lutch" Williams is Superintendent of Electrical Construction and Destruction at the Ordnance Salvage Depot No. 1, formerly Nitrate Plant No. 3 and doing fine, and getting larger every week.

All linemen here are interested in lowering the cost of food so that the few nickels they obtain, will be stretched to the next pay day and in order to pay the 50c Overland assessment.

Brother Ames got tangled up with Fed-

eral Judge Killets and is out on a \$1,000 bond. He and others printed a paper and asked on the headline "Is Injunction Slavery"? He is charged with contempt of court, and stopping the production of Overland automobiles.

The only reconstruction the T. R. and L. Co. does is when a lead or pole rots off, and this is true of the two telephone Companies. The Overland is producing scab made cars since May 2nd. The stock holders are calling a special meeting August 14th. Some of us think they have learned a lesson and that it has hit them in the pocket book. Very few linemen are coming through Toledo at present.

Brother Oliver Myers our Business Agent is President of the Central Labor Union and that helps both locals here in several ways through his power in the Central Labor Union and on different committees.

Yours for Industrial Freedom,
Frank Ames,

L. U. NO. 258, PROVIDENCE, R. I.

Editor:

I am writing a few lines for the present time to let you see that Local No. 258 is still doing business and wishing that the other locals are working full time and increasing the I. B. E. W. membership.

The light linemen of the B. V. St. E. Co. are drawing up an agreement and as you all know that it means that a presentation will be taking place soon and the honor is going to fall upon our good natured Brother Organizer O'Donnell so the high feeling is that good results are being looked for and the Brothers are wishing such will be the case.

Local 258 had the pleasure of having Brother O'Donnell at its last meeting and he spoke on several different subjects, which was received by the members as a good treat for it is not very often that we have any visitors calling on local 258, but there is a standing invitation for any brothers for I can tell you that it changes the meetings and the attendance if the members know that some brother is calling on the local to give them a little talk on something different from what they are hearing every meeting, so if by chance that any of the Inter offices coming this way Local 258 would be very pleased to have them pay us a visit.

I suppose that it is a pleasure to write and say that Local 258 is going to send a delegate to the convention and the honor was awarded to our honorable President Brother E. Gill, and the Brothers feel that he is the right man in the right place to go to the convention.

The Brothers have voted to parade on Labor day which is expected to be a big day here for all of the organized labor in Providence is very interested over the affair, which was started by the C. F. U. of Providence, and Local 258 has a delegate on the parade committee.

Rhode Island has just had a very critical period, which lasted for three weeks, and that is it has had a street car strike, which was a 100 per cent walk out and they got the best end of the fight before they had gone back to work.

I want to say that Local 258 is doing a good business with new applications and they have raised the monthly dues from \$1.20 to \$1.50 per month. So you can see that we mean business. Wishing the Brothers of the I. B. E. W. the best of good uck, we remain as ever, Local 258, and hope to see you at the convention.

Fraternally,
F. J. Bayher,
Press Sec'y.

L. U. NO. 269, N. J.

Editor:

Local Union 269 has been dilatory in the matter of correspondence with the worker for the past two months and from the compliments the writer has been receiving from all parts of the country and including Philadelphia it must have been missed.

Things are about the same as before in Trenton, except that the work on the boats at the Bristol ship yards has been subcontracted to the Comstock Co. and is now a fair job and taking care of a good size gang. Nothing of any importance has broken about town except some of the "Gontifs" have started cutting each others throats and as a result a number of men are engaged in cracking knobs.

L. U. 269 will be represented at the New Orleans convention by Louis Marclante, who is well known from coast to coast and no doubt will tell his story in his own quite way.

All of the 269 men who answered the country's call have returned, none having made the supreme sacrifice or seriously wounded. The event was celebrated by a picnic held Saturday, June 28th. The day was spent in athletic events. All but one of the picnic casual list have returned to work. This being former Lieut. William Tallan, who is still carrying an arm in a sling he having dislocated his collar bone as the result of a fall in a race event. Lieut. Tallan had just returned from Georgia the Saturday previous, bringing home a wife.

One noticeable event of the last election was the popularity shown Brother George Cole, he having received every vote cast for Treasurer and one of every vote cast for the executive board from a field of twelve. This shows that efforts and attention shown to business by being present every night by Dean George Cole are appreciated by the men.

Since the last writing Brother John has succeeded in signing up two more contractors leaving but one of any importance on the unfair list.

L. U. No. 271 is still doing business at the same old stand. Business is not good. We are sending messages to our Senators at Washington, D. C. that we are in sympathy with the four brotherhoods in their effort to reduce the high cost of living. The following officers were elected at our last election:

President—O. Mann.
Vice President—L. K. Bobbit.
Recording Secretary—A. R. Hanson.
Financial Secretary—R. G. Miller.

Address Box 458, Wichita, Kansas. Bro. Arthur Wheeler is recovering slowly from severe burns while at work on pole when he was burned by 12,000. Bro. L. K. Bobbit was elected delegate to convention at New Orleans. Lots of discontent among telephone men.

In our strike bulletin dated July 8th an error appeared whereby Brother William Heyne of Local Union 283, Oakland, was reported as scabbing for the Telephone Company.

This was a typographical error. It should have read Bill Haynes instead of Heyne.

We deeply regret that this mistake was

made, but we were greatly rushed in our work, and the error was not discovered until after the bulletin had been mailed. The error was corrected in several bulletins of later date.

Being fully aware of the position this Brother Heyne in, in the eyes of the Brotherhood, we take this means of offering our apology.

L. U. NO. 292, MINNEAPOLIS, MINN.

Editor:

Since my last letter things have moved rather rapidly in our little burg. Our membership has grown, and we have seen some results in our two Business Agent schemes. We have signed up two non-union shops. One was an old shop known as the Noble Electric with fifteen men, the other was the Grosse & Langford Electric Co. with six men. The latter having been signed up by our old brother Anderson, where he was B. A. Work has picked up somewhat, but is not altogether over-rushed. We had a very successful State Federation of Labor convention and put the I. B. E. W. and 292 on the map once more by getting Brother Paul S. Jeffries as one of the vice-presidents on the federation. Our boys had a fine old time down there too. I can now make public our new officers. President Brother W. E. Fesh; vice-president, Brother Sturman; Recording Sec., Brother Fred Lestic; Financial Sec., Brother G. W. Alexander, who is also our office boy and assistant B. A. Yours truly as Press secretary. On Executive Board, Bros. Paul Jeffries, H. H. Skeldon, Todd Hoban, Tom Flatty, Oscar Coover; Fist, Insp., Bro. Sheden; Sec. Insp., John (Pat) Edmonds; Trustees are Brothers Carl Velis, Art Gaushead and Fred Hurley.

Our meetings are attended on an average of 85 per cent. We are moving to new headquarters on the 15th of August to the Richmond Halls, which is the headquarters leased by the Minneapolis Building Trades and we are going to get down to real live business, because all the building trades are going to be housed under one roof. We are determined to cooperate more than ever before and expect to get this old town lined up 100 per cent before the next spring. Our new offices are to be modern and up to date in every respect and a credit to any labor organization. Our finances are now in real fine shape and we are going to use it to do some pretty tall organizing. We are working pretty hard now on our Electric light corporation known as the Minneapolis General Electric Co., with more or less success. We have quite a lot of our boys working for the Minneapolis Board of Education as the schools are being remodeled and rewired this summer and we believe these boys will be pretty steady at work till the snow flies.

Quite a few of our service boys are back now and more still coming every day, and let me say this, if these boys ever were good union men, they certainly are 500 per cent more so now. All in all we have the right bunch of boys now to do any doggone thing that has to be done and they are going to do it too, "By gosh!"

There's no grass or moss growing around old 292 now by any means. "No Sir!" The main topic right now is how to make the Labor Day celebration a "Boomer." Because we intend to show our "Arch Enemy" of organized labor, The Citizens Alliance that we defy them to do their worst. Because we are always ready to throw our hats into the ring and take up the fight for "Justice."

Wishing the Brotherhood every success will close now.

Fraternally yours,
Ed Lawrence, P. S.

Just a word or two to let you know that we are still alive and that all our brothers are back from France and working again. The boys have great tales to tell of their experience of building pole lines in France.

Work is good at present and all the boys working and some shops are looking for men.

Bro. Thomas Hefferman our president will be in New Orleans to the convention if nothing goes wrong. Bro. Hefferman is a good and worthy brother to represent us. If any of the brothers comes our way you will find some old timers here yet.

Old Mother Bell has some hold on her line men here you could not get them in the local for a farm of Illinois land.

When local 321 signed the agreement with the contractors, the superintendent gave the linemen three cents an hour where we got ten cents we have tried hard to get them in but it's always the same old story, I can't see where it will get me anything. We have a good attendance at all our meetings and are all working hard for Labor Day celebration in this city.

I will try and get in next month with more.

Yours truly,

Entered an agreement with the contractors taking effect July 15, 1919 to July 1, 1920 for 75 cents an hour, 8 hours a day, half day on Saturdays, time and a half overtime, double time Sundays and Saturday afternoons and good shop conditions, had no trouble whatever.

Local 369 have a strike on at the Jas. Clark Jr. Electric Co. There are twenty-five shopmen employed and about forty machinists.

This firm had a government signed agreement with the men for eight hours and sixty-eight cents. Time and half overtime.

But before the whistles stop blowing the day peace was declared the firm posted the following notice:

"Beginning next week this firm will work nine hours straight time."

The committee waited upon the firm with no satisfaction so the men walked out 100% with only one electrician and one machinist returning to work during three weeks they were off.

This firm manufactured the "WILLY MOTERS AND TOOLS."

Secretaries of locals please mail us copy of agreements with electrical manufacturing shops in their localities.

Trusting to be favored with copy of agreements, I remain with best wishes.

As L. U. 424 has not been in this column of the Worker for so long I will try and scribe a few lines to let everybody know we are not all dead by all means.

Well, we have again had our election of officers and re-elected Wm. Lasko, president, newly elected James Cooper, Vice-

president, "Fat" Coover, recording secretary, James Withgett, financial secretary and treasurer, Frank Dresser Sam Wolfe, Arthur Johnson, trustees, Jess Duncan, delegate, "Checkers" Smith, foreman.

About all of our boys have returned from the Army. James Cooper was in the Navy for fifteen months and returned with a high rank of officer. Jess Duncan Floyd Cazel, James McDonald also helped eat some of Uncle Sam's beans. August Volkman is still in France and he has no assurance when he will get back but when gets back we will have them all back without a single gold star.

Well, No. 424 is out on a strike with the other railroad shop men have not got nothing but wildcat news about it to give out but do believe we will be back to work before long. We all know we waited long enough for some word on this but it seems after the war was over our work was done with them. We are not asking anything out of reason. 85 cents an hour.

Well brothers must close for this time. wishing you all success.

L. U. NO. 465, SAN DIEGO, CAL.

Editor:

San Diego has just about settled back to normal peace time activities, albeit not prices. We only have one small ship yard, and the many service camps in this locality are either entirely or almost entirely abandoned. At least, electrical work is no longer stimulated by war activities.

The inside wiremen have a new scale effective July 1st, and a closed shop here with the exception of one or two sma unfair contractors. However, work is very quiet and there are several inside men walking the streets or pouring concrete at the shipyard.

The inside wiremen (not including inside telephone men) have just started a movement to secure a separate charter, but it is not expected that same will be installed until after the convention.

A five weeks "argument" with the telephone company stopped July 21st—or rather the "fight" stopped. The argument still continues, but we are guaranteed certain concessions and are working for a few more. The government gives up control the 31st day of July, and we were given retroactive pay by them which we believed the company would be unable to give if we stayed on the street until after August 1st. The telephone operators Local (127-A) here, which we organized a week or two before the strike, went out with 28 charter members and grew to 167 during the week. This prosperous young organization meets every Wednesday evening at Eagle's Hall. Local 465 meets every Monday evening.

We have not maintained a private business agent since the flu took our treasury down the line last fall, but just at present Brother Carter, business agent of the carpenters, has extended us the courtesy of handling several matters for us. For the information of strangers in San Diego, Brother Carter has credentials from our local and is wide awake. His headquarters are at the Labor Temple.

We are certainly indebted to Brother Carter as well as many other good union men and women in San Diego, too numerous to mention, for the co-operation, support and financial assistance given us during the telephone strike.

The Cooks' Waiters' and Waitresses Local donated the use of their hall for our strike headquarters during the entire five weeks, and their business agent, Larry DuVal, was untiring in his work with our strike committee and entertainment committees. The Cooks' and Waiters' hall is

more centrally located than Eagle's Hall, although the latter was kindly offered us for headquarters.

The following officers were elected and installed into Local 465 for the term ending June 30, 1920:

C. T. Lewis, President, J. H. Lodewyck, Vice-President, R. W. Savage, Recording Secretary, Glen Lilly Press Secretary, Frank Mahanna, Foreman, H. Allen, First Inspector, R. L. Rayburn Second Inspector.

The first day of the telephone men returned to work a number of the female strikebreakers were still at the switchboard. Troubleman Harry Allen called for the wire chief and the operator said, "What is his number?"

The same week a main office switchboard man called in on a line and asked for the panel and jack. He was referred to the supervisor (a strike breaker) and thence to the information desk, finally being informed that "We have no one listed by that name."

Just a few lines to let the Brother's know that Saginaw has at last "woke up."

We have increased our membership to about three hundred and have also joined the Building Trades Council, which was recently organized.

Inside men have been out since June 1st. However we have been able to keep busy at something, even to digging cisterns.

All contractors have signed up but six and they want Brother Broach from the I. O. to come and settle the trouble as our Business Agent who is a live wire got in "Dutch" with his "picketing stunts."

They have also been granted an injunction prohibiting the boys from carrying banners and etc.

Some of the fellows got "cold feet" and went back on the job, but you know "every dog has his day" and ours is coming.

The scale presented is as follows:

Journeymen, 87½ cents.
Helpers, 3 years, 75 cents.
Helpers, 2 years, 65 cents.
Helpers, 1 year, 55 cents.

All overtime at the rate of double time. Telephone workers have also been in "hot water" but things look favorable at the present time. If they do have to pull out, the girls of 129A will be with them.

Cranemen are also out at the time of writing but will soon be back to work.

Well Brothers, I thank you for reading this jumble thru and I will hang up and give somebody else the line.

With best wishes, I am,

The time sure does fly from one month to another, but I'll always try to let our fellow craftsman know how we are making out. The mosquitos are having a large time these hot nights, but I guess we can stand it a few more weeks.

The local electrical work of Charleston is still holding its own. Some few of our brothers seem to be tired of working with some one else, and have started a contracting business of their own. We wish them success.

Some of the contractors have signed the agreements but others seem to be slow about the signing. We are still working to get all contractors to sign, so we may have a closed city.

We have been having a little dissatis-

faction about the local contractors belonging to our local, so in order to settle it we are making a bylaw to take care of it. It will give them a withdrawal card. I will knock off while the way is clear.

All the excuse I offer for not having a letter in the past Worker was no news at that time. All is well and everybody working pretty much the same now. Bro. Jack O'Neal was badly bruised about the hands and arms on July 17th at the Pierce Oil Refinery Sand Springs, Oklahoma. Sand Springs is in 584 jurisdiction. He is getting along fine back at work now. Bro. William Wertz was electrocuted in June while working for the Public Service Co. and resolutions were sent to the grand office but failed to reach the press for some reason. We have done a good job organizing Mother Bell's boys the past two months. We have about all of them. We have a few more in the district and the linemen will be at the front. The linemen are more than on hundred strong in 584 now, with our new by-laws in effect the linemen will have a \$25.00 local with \$1.50 dues. The wiremen are all working and making money but spending same. At our regular meeting July 23 we elected our delegates to the International Convention. Brother O. M. Anderson, lineman and Bro. G. C. Gilmore inside wireman, a good delegation and we are sure 584 will be well represented for the best of the order.

We are going out for a better convention this year. At all meetings we need a better attendance and more interest taken by the members. Brothers don't wait for the other fellows to do it, if you are appointed on a committee serve to the best of your ability. If some one objects to the way you serve which is often the case, just tell him to make a noise like he wanted to do something for the brotherhood and he will soon get a committee job. If we could get more members to serve at committee work, all the business would not fall on just a few brothers and we would not have so many kick and objections.

At our last meeting I was elected Press Secretary and instructed to get a letter in the next issue of the Worker. The following officers were elected for the ensuing year:

President—Brother Claud Blair.
Vice President—Brother Will Fulton.
Recording Secretary—Brother C. W. Mangam.
Financial Secretary—Brother William Blair.

Brothers Claud and William (Tim) Blair were reelected unanimously. These two Brothers have worked hard for 585. It's too bad we can't all measure up to their standard.

Conditions are none too good in El Paso at present, but we expect an improvement shortly. There are five Brothers working for the Bell and two for the Light. Four are employed and gone to work at Ft. Bliss. The others are out of town. There is no work being done here except maintenance and no prospect of anything new before the first of next year, when we expect work to be plentiful over West Texas, Arizona and New Mexico.

We are preparing for the Labor Day celebration which promises to be the best one ever held in El Paso. A parade in the

morning, picnic and sports in the afternoon, and a ball at night with forty organizations represented. It will surely be a success.

As this is my first effort of this kind I will close with best wishes to all, I remain,

Yours fraternally,

Since my last letter to the Worker the bottom seems to have fallen out of things here for 596. Quite a few of the boys are loafing most of the time and but very few getting full time. There is a good deal of building going on but unfair shops have copped most of the work through the lax methods and working rules of the Carpenters. The contractors get the cheapest labor. They can procure regardless of quality of work done, particularly is this true in Electrical work.

We have some hope of the city adopting a building code through the influence of our central bodies. If this is done the cheap skates will have to toe the mark or beat it. (The sooner it happens the better.) There is quite a little labor unrest particularly in factories surrounding the city. None of our members however are involved, but part are members of the Central bodies here. We have the advantage of having a city mayor who is a union printer and other men under the mayor who are union men. So there is no danger of anything happening here like what has happened our brothers in Texas Local 69.

The contractors in this town do not believe in union labor, but they believe in contractors organizing to prevent the worker from earning enough in a reasonable number of hours per day to live. Oh for the time when all classes of labor will be one hundred per cent organized and every man on every job must have his card before he works. Then if Mr. Contractor wants to play with us, he'll have to play fair.

The members of our Local Union desire to call the attention of the Brotherhood to the fact that the products of the Caldwell Electric Corporation are unfair to Organized Labor. Until June 1st, 1918, this firm was entirely fair but on that date started as an unfair concern and is now the worst scab infected organization in the fair city of Champaign.

This firm manufactures a line of compo fixtures under the trade name of "Compolux". Brothers beware! "Compolux" means "scab" products at starvation wages.

At the present time the Caldwell Elec. Corporation is erecting a new plant which has been declared to be unfair by the Building Trades Council of Champaign-Urbana as all crafts employed are non-union.

Trusting that the Brotherhood will give us their support in our action against this firm, I beg to remain,

Having been elected Press Secretary of L. U. No. 697, I will attempt to make good, by sending a few lines and if the censor sees fit, all Local Unions will have an equal chance to give it the O. O.

Everything is pretty in Lake County

with the narrow backs and I hope to be able to give a good report regarding the increase in the next issue, that is the best way of thinking, while from a calamity standpoint here are some obstacles which will have to be righted in order to keep the wire pullers busy. The carpenters are locked out (by the Contractor's Association) and the Standard Steel Car Co. are on strike, this naturally will retard building for awhile but the condition I hope will be settled in a regular way for the betterment of all. Brother F. Watts better known as "Slim" was present at a couple of regular meetings and did some work for the Standard Electric Co., but understand he left for somewhere. Good luck slim", put me a few lines in a container and send.

Brother "Ensign" Carl Dilger just recently discharged from the U. S. Navy is with us again. Carl not only went from Coal Passer to Ensign, but he received a (5) month's course at Annapolis which titles him as a Steam and Electrical Engineer. Brothers Wm. Boyden and Fred Keilman are now in the Calumet region, after enduring a two-year hardship over there. That puts the pep in the boys to see your pals go to the front and come back just as good if not stronger union men, ready and willing if need be to fight for better conditions, then again we must bow our heads in reverence and recollection of those departed.

Now with this slogan "Stick by each other." If a Brother has a fault (or more) try and help him, go to the man himself tell him, don't tell others. Be a booster and some day we will be rewarded, with best wishes and respects.

Fraternally yours,

L. U. NO. 720, CAMDEN, N. J.

Editor:

Just a few lines to let you and our brother electrical workers know of the activities and progress of our local the last month. Since my letter to you in July we have taken in about fifteen new members, eight of them being initiated last meeting night, and from week to week we are continually getting the new ones into our fold. This coming week we are going to take in three men from off the Trenton division, as the local from that division seems to be quite slow and more than one have previously stated their willingness to join up with us. We are glad to have them for we are striving for that 100 per cent mark.

At the present time we all are looking forward with interest and anxiously awaiting the outcome of Brother Jewell's efforts at Washington, in trying to have the National agreement accepted and also trying to secure the 85 cents an hour rate for mechanics. We all know and agree that the railroad mechanic is today under paid, receiving only 68 cents per hour. It is well nigh impossible for him to live as a man should, and if he has a family of any size, his pennies to call his own are few. Our present high prices are predicted for some time and many articles are rising, so what else can be done except to demand as a body and increase in wages to keep face with the present conditions of prices.

A certain representative at Washington has termed the railroad men as highwaymen, stating that from time to time they have come along with abnormal requests for higher wages, "holding up" the administration and demanding increased wages or threatening to tie up the Railroads of the country. I wonder if this Congressman realizes the actual buying value of the American dollar today? Does he realize that foodstuffs and clothing have increased 200 to 300 per cent and that wages have increased hardly 100 per cent? And

lastly I wonder if said Representative doesn't think that the Railroad man who has in most cases served his company faithfully for a number of years, is not entitled to a fair scale of wages as our war industrial workers and etc., are receiving. We were urged to stay with the Railroad to help carry troops and supplies. We did. Does not faithfulness count and are we not entitled to an income enough to provide our families with the things which they are rightfully entitled to?

I am very glad to state that our local has at last affected a settlement with the attorney representing our former brother and treasurer, Mr. Keiser, who was found to be short in his accounts to the amount of about \$300. This case has been a most obstinate one and looked for some time as if it would cost the local more than the amount short, in obtaining judgment. However, Mr. Keiser has agreed to make good the shortage providing we can properly prove the amount of funds missing.

One outstanding feature of this case has come to light and is one that I wish our Brother locals throughout the country to take note. That is the attitude and stand taken by one bonding company. This Bonding Company (a Baltimore firm) is the one through which the majority of the local unions are bonded. To this firm you are paying money and so are we to have our officers bonded to insure against just such a case as we have experienced. Now then when we notified our Bonding Company of this man's shortage and offered to give them our proofs of said shortage, they made no effort to make good, nor to prosecute this man, but left the case to us to fight, and they took a back seat and looked on.

We have notified our International office of this attitude and I wish to take the liberty of informing our brother locals. It seems as if we are paying for a protection and a guarantee which we are not getting or at least we did not get, and I think this Bonding Company should be investigated and reprimanded and that other locals should benefit from the experience we have just had. We are paying money to a company as a safety precaution, and are certainly deserving to the right of our contract.

"Brother locals" stand up for the government ownership of the railroads, talk it up and influence your neighbor to do likewise. I wish to quote here an article in behalf of government ownership.

"Three classes will be benefited, two classes injured by Government ownership.

The employees will be benefited; they will be properly classified and paid, be properly treated, whi'e they will do more and better work.

The entire public will be benefited; it will get good service, and every dollar spent on transportation after paying what ever dividends may be decided upon—will be spent on the railroads or paid to the workmen.

The shipper will be benefited for he will not be put at the mercy of men juggling prices, charging for half a dozen terminals instead of one, and for fifty sets of presidents and vice presidents with their private cars, a large part of their occupation being fighting each other for business, which automatically ought to go via the shortest and best road.

The two classes injured will be the gentleman of high finance whose business is gambling with the property of the people, and printing press parasites who weep and wail when privilege is threatened, and are protected in return." Write your Senators and Congressman that you expect them to support the bill for Government control of railroads as advocated by the American Federation of Labor.

All true blooded union men should whenever possible refrain from purchasing any

Overland automobiles, and also try and influence your friends to do likewise. It is scab labor that is now manufacturing these cars, and the Overland people absolutely refused recognition to one brother union men at that plant. Don't forget them.

Our local has passed and accepted our revised by-laws. They having been sent to the International office for approval. A very interesting talk was given us on the 23rd of last month by our Recording Secretary. Brother Hart was a delegate at the Convention in Columbus. Brother Saylor has been elected as one of our candidates to the convention at New Orleans in September.

Brothers Weber and Harvey are very thankful to their shop committee and the local for obtaining their back pay for them.

Every one here is well and busy and all are looking forward to a successful termination of our demands at Washington with as little trouble as possible.

Wishing you and our brother locals the best of success.

After working two weeks on our agreement with the Traction Co., came to a settlement at a substantial increase amounting to approximately twenty-five per cent and fair working conditions.

We are now working on an agreement for the inside men and hope to have it completed in the near future.

Work is not so good as it might be but about all of our brothers are working at this time.

The Traction Company have just taken over the new power plant at Ruiesville and that will give us a new field to work in.

Our attendance has been small but think the brothers will come out better as soon as we get located in our new hall.

Quite a number of our members has been working on the new power house have taken out traveling cards and Local 756 hopes they land good jobs and keep their cards paid up as that is the only way to have good working conditions. We started here just a little over one year ago and have been growing fine having a membership of about one hundred and associated with our sister Local 755 at Clarksburg. That it makes us practically one local as far as working conditions are concerned.

Well brothers I will not tire you longer, wish success to every brotherhood man, will close.

Critical times are now at hand and the rapidly increasing of living has made it absolutely necessary to insist on demands for increased salaries. The previous raises granted the railroad workers during the McAdoo regime has more than been eaten up by the greedy food profiteers, rent boosters and other scallawags of the same caliber, and the present scale of wages is wholly inadequate for the needs of the workingman and his family. It has been tried and found wanting, and the only answer to the problem is, "It can't be done." Both ends refuse to meet and the breach must be filled by a liberal increase in the wage of the railroad worker. Drastic action has been taken by some branches of the crafts, and it is hoped that it will not be allowed to go so far as to compel action of unity. It would be a very serious situation to face and

rather embarrassing for the country, but it seems to be the only outlet from their difficulties should their demands not be granted. Let us hope for the best and accept whatever may come with a cheerful mien.

The Plumb Plan of tri-party control of the railroad properties by the public, the operating management and the employees, which was introduced in the lower House of Congress by Representative Sims, was brought up at the last regular July meeting and was accepted with strong approval, numerous subscriptions for its support being received. It undoubtedly will prove to be a good plan of railroad operation, because of the interest of the employee being placed whole-heartedly in his work which will effectively result in a much higher efficiency and greatly improved service for the public.

We held our smoker on Tuesday, July 29, and can say that everyone who attended left in a much better mood than when they arrived. It was a huge success. We had everything; singers, story-tellers, boxing bouts and everything that goes to make a good smoker complete. All the boys want to know when we are going to have another one, which proves that they were all satisfied, and that is our aim to satisfy the boys. Always bear in mind that L. U. 817 is out for complete satisfaction for the boys connected with it and just like a baby that craves for a toy and they won't be satisfied until they get it, fight though they must, and they will fight to the end. So, when the crucial moment arrives L. U. 817 will be there in line ready to shoulder the burden, bitter though it be.

With best wishes and success for the Brotherhood,

Please have this little article published in the Worker from 823 deserted but still in the ring. Just a little information for the benefit of the brotherhood in general to keep tab on some of our yellow streak ex brothers. E. Pewyea a fullfledged scab leading the cable splicers in the company also with a promise of an increase in salary and of course they fell for it but they have not got the increase yet and it will be a long time before they get it. Now I will give list of names that will be a good thing to remember. These are cable splicers that are the yellow streaks and weak kneed.

L. Kamalade, the boy that was a good union man until the boss heard of it and then he got cold feet; next, E. Eumlec, he almost raised the roof off the hall when we were organizing but the same old story, cold feet; another one, O. T. Stafford, this is not a chip off the old block, he used to boast that his father put 18 months in jail during a strike that he was innocent of; next, J. Robison, one of the boss' boys and a false alarm; next, W. Jeneven., W. E. Williams, W. C. William; now the next one is another

6874—ELECT. WORKER.
scab, J. L. Thorpe, a false alarm; now next we have a beauty, J. L. Freear, the boy that has to stay home and maise drink with the girls in his rooming house. So you can see what kind we have to contend with. Well the last one is a good actor, M. E. Baldwin, our ex-business agent. He ordered 25 I. B. E. W. buttons from L. U. 130, sold them 12 5c a piece cash but never paid for them; also 37 raffle tickets at \$1.00 a piece, never paid for them so we have to make it good. Also he borrowed \$5.00 from Brother C. Rahelich and never paid him. With all the desertions from the ranks, things look bright for us yet.

With best wishes from,

Local Union 823.

Editor:

Again I take the pleasure of writing to let you know that Local 868 is wide awake and fighting for our rights. We are going strong just now and having good attendance at our meetings, most of the boys seem interested, except a few who never take interest in anything, although at present time things look good for Local 868 of New Orleans. In addition to Article VII, Section I of contract with the Receiver of the New Orleans Railway & Light Company, the following increase has been granted to all monthly paid men at the rate of \$5.00 per month and all hourly paid men at the rate of 2 cts. per hour. And eight hours constitutes a day's work,

ARTICLE VII.

The minimum wage for all workmen included in this contract, belonging to Local No. 868, shall be as follows:

Watch Engineers, Central Station, One Hundred and Seventy (\$170.00) Dollars per month.

Assistant Watch Engineers, Central Station, and Watch Engineers, for Edison and Claiborne Stations, On Hundred and Sixty (\$160.00) Dollars per month.

Alternating Current Switchboard Operators and Electrical Maintenance Men, Central Station, One Hundred and Fifty Dollars (150.00) per month.

Direct Current Switchboard Operators, Central Station, Edison Station, Claiborne Station, Valence Sub-Station and Canal Sub-Station, One Hundred and Thirty-five (\$135.00) Dollars per month.

Direct Current Switchboard Operators, Magazine Sub-Station, Bourbon Sub-Station and constant current arc lighting equipment operators at Dryades Sub-Station and Central Station. One Hundred and Twenty-five Dollars (\$125.00) per month.

Boiler Room Foremen, Central Station, One Hundred and Forty-four Dollars (\$144.00) per month.

Water tenders, Central Station, Edison Station and Claiborne Station, One Hundred and Twenty-five Dollars (\$125.00) per month.

Night Foremen Boiler Room Auxillaries, Central Station, One Hundred and Forty Dollars (\$140.00) per month.

Oilers, Central Station, Edison Station and Claiborne Station, One Hundred and Ten Dollars (\$110.00) per month.

Boiler Feed Pump Tenders, Air Compressor Operators, and Fuel Oil Pump Tenders, Central Station, One Hundred and Ten Dollars (\$110.00) per month.

Valve and pipe repair men, boiler repair men and furnace repair men, Central Station, each One Hundred and Seventy-five Dollars (\$175.00) per month.

One extra Sub-Station Switchboard Operator, One Hundred and Thirty-five Dollars (\$135.00) per month.

Boiler Room Electricians, Central Station, One Hundred and Twenty-five Dollars (\$125.00) per month.

Generator Cleaners, Central Station, Edison Station and Claiborne Station, One Hundred and Twelve Dollars (\$112.00) per month.

Electrical Maintenance Men, Claiborne Station, One Hundred and Forty Dollars (\$140.00) per month.

Electric Construction Mechanics, Eighty Cents (80c) per hour.

Electric Construction Mechanic Helpers, Fifty-four Cents (54c) per hour.

Coal Elevator Operators, all stations, Fifty-four Cents (54c) per hour.

All workmen not included in the above classification, Thirty-Eight Cents (38c) per hour.

Wages will be paid not later than the sixth (6) and twenty-first (21) of each month.

Let us get together and work for the benefit of our standard, bring electrical work

to the top by doing our work right, along with our organizing. Brother there is a lot of difference between a union man and just a plain card man. Some do not stop to think what a great result it would be if every man would put his shoulders to the wheel to build up his Local and the Brotherhood of the I. B. E. W. No doubt I have taken up too much room in the worker this month and perhaps this will see the waste basket, but I will try again if the editor will find space for this in our official Worker, which no doubt some members never read. Local 4 and 130 please take notice.

Trust I have not taken up too much space and that the local will not find fault with me, if so they have a press secretary that never attends to his office.

I'll dead end and put my books aside for a few spare moments.

Yours Fraternally,

A. J. Pupuy,
Financial Secretary.

Now that Local 880 has been organized six full months and has by hard work got every thing running smooth think it is about time that some of the brothers to get hep and help keep things up to the high mark all the time.

What is needed more than anything else is a little co-operation by all. Everybody help just a little. Attend as many of the meetings as you possibly can. Help the officers make a success for you. Help secure jobs for some of the boys that are out of work. Several of the brothers are out of jobs just now, so brothers give a little hand. Some have been placed upon the blacklist by different firms for being a worker in the organized labor movement here. While some of the brothers have stood by and seen so call men come in shops and get the best thru relationship to the foreman. "The writer knows of one case and dares any one to disprove it." What is needed is a little more of this "Stick together" pull a bit for the brothers with a card. Things are quite dull around Pittsburg yet and the conditions are unbearable or darn near the breaking point. Wages have been reduced to the lowest limit, hours of work made longer. One case where cranimen are compelled to work dinner hour without pay. What is next no one knows. The writer is glad that some of the boys are getting the benefit, and the decent wages because they belonged to the I. B. E. W. I hope that all who have a drop of red blood in them will be ready when the time comes to fight for better conditions will stand up like men. For that time is not far off now. Last night we had our ever busy Brother Bennett with us, who gave a mighty good talk, and some very good pointers in regards to the future. The writer also received a nice letter from Brother A. I. Wooldrige, who is up in Canada recovering from burns received while at work here in Pittsburg, June 4. Well Editor I hope that these few lines will escape the blue pencil, I will close for this time.

Yours,

Jack Keeling,

On July 1st, 1919, I was elected "Press Secretary of Local Union No. 895, I. B. E. W. and as such I shall try to inform the members of the I. B. E. W. what is of interest in this jurisdiction.

On the above date President Robert Martin installed the following officers to

handle the business of Local No. 895 to-wit: James Himmel, President; E. H. Elston, Vice-President; F. B. Brack, Jr., Recording Secretary; F. W. Edwards, Financial Secretary; C. W. Russell, Treasurer; M. R. Winsatt, Press Secretary; Harry Westphal, Foreman; M. Mathews, J. G. Murry, and L. W. Cammack, Trustees; E. W. Swindell, and J. D. Landon, Inspectors; J. O'Leary, M. Mathews, R. S. Brown, Wm. G. Higgins, E. H. Gelston, C. Gerns, and F. Smith members of the Executive Board.

The union meetings are held every Tuesday evening at 12th and Alice streets in their new hall. While the struggles of the union at times has been a little discouraging never-the-less through the efforts of some of the members, especially President Himmel, we are getting things on a systematically and orderly basis and are gaining members at each meeting.

President Himmel is a promising young lawyer as well as a master electrician and this fact probably accounts for the apparent ease with which he presides at our meetings and dispatches the business thereof with alacrity.

At our last meeting President Himmel appointed a committee of five members to devise ways and means of putting on an entertaining and instructive initiatory ceremony at the meetings.

Local Union No. 895 is a railroad local and we would be pleased to hear from other unions of the I. B. E. W. in our class of work. We would also be pleased to hear from any of them in the "Worker."

Our brothers and sisters of Locals No. 283 and No. 92 have just won their strike against the Pacific Telephone Co. and it was a noble victory when you consider how hard it was for them to win with certain of the International officials doing apparently all they could to hurt the cause.

Very soon our Local is going to start a fight to keep the railroads under Government control. We would like to see the "Worker" give this subject all the publicity possible.

It is hoped that at the CONVENTION some good laws will be passed and that we will try and improve our International conditions.

Fraternally yours,

Editor:

This my first epistle to you will be to beg of you to pardon me and my Local 970 for any mistakes I may have made either in the making out of receipts or tardiness in corresponding to you before this late date, as the work of organizing a union of electrical workers was new to me and to all of us we simply had to go slow and work hard to get results and further I may say if it was not for the appearance of our much esteemed Brother John Noble, organizer, I am afraid our charter would of never increased as you will see by the return we have 10 new members since our charter arrived and 2 more to initiate at next meeting and prospects looking bright for about 10 more this month, so you see we are working the telephone so hard our aim is to make P. E. I. 100% union and I have every confidence in six months to do so. Brother Noble will keep you posted on our work as we mean to have him again with us in the near future.

Now brother the per capita dues and initiation are gone on ahead. Check covering amount. Mr. Noble told me the per capita was raised from 40 to 60 cents a month. Your instructions only call for 40 cents, but I am sending you 60 cents for each charter member, also \$2.50 covering my bond. If the per capita is only

40 cents you can give us credit for the balance on August dues. Would you kindly send me working cards and about twelve traveling cards, also constitution for new members. I believe you furnish same free, also send me about 50 application blanks. As yet we have not received the pass word

for this quarter. Would like to have same and oblige. Hoping everything is satisfactory to you in the working of our Local, I remain with best wishes for good results at your coming vacation, I beg to remain,

THE PLUMB PLAN LEAGUE seeks the co-operation of all who desire public ownership and democracy in the control of the railroads.

THE PLUMB PLAN LEAGUE is an organization by means of which all who are opposed to the return of the railroads to private ownership and operation can have expression of their views.

THE PLUMB PLAN LEAGUE proposes, by educational methods, to organize the tremendous sentiment opposing a return to conditions which unquestionably will be injurious to workers, the public and to industry, and which favors a plan of reorganization that is scientific and business-like—a plan that will contribute vastly to the happiness, prosperity and well-being of all the people of the United States.

WHAT THE PLUMB PLAN IS:

THE PLUMB PLAN MAY be briefly described as a very carefully devised method of:

1. Securing public ownership of the railroads by judicial procedure at a fair value.
2. Creating a corporation consisting of a board of directors, official employees and classified employees.
3. The board of directors to represent equally the public, the wage earner and the official management.
4. Operation of roads not for private profit but for public service.
5. Division of savings resulting from economy and efficiency in management equally between employees, in wage dividends, and the public, in reduced rate charges.

IS THIS WORTH WHILE TO YOU?

It is predicted that the adoption of the PLUMB PLAN will result in a reduction in passenger fares to a cent and a half per mile and a reduction in freight charges of from 35 to 40 per cent.

That would be a great public benefit, but in addition there would be peace, harmony and good-will in the management of the railroads, freedom from wage struggles and improved operating service.

IF YOU BELIEVE THAT THE PLUMB PLAN IS THE LOGICAL SOLUTION OF THE RAILROADS, SEND ACCOMPANYING COUPON AND \$1.00 AS A YEAR'S DUES AND SUBSCRIPTION TO "RAILROAD DEMOCRACY," THE LEAGUE'S PUBLICATION.

THEN YOU WILL BE FORMALLY ENLISTED FOR THE CONTEST.

YOU WILL RECEIVE A CERTIFICATE OF MEMBERSHIP, THE OFFICIAL BUTTON AND THE LEAGUE'S LITERATURE AS IT IS ISSUED
