You can participate using your smartphone, a tablet, or a separate computer (or second screen). It will be difficult to have zoom and the trivia application on the same screen.

- Clicking on the link while on your device – phone, tablet, or separate computer.
- Typing the link in the address bar of your device

STEP 2 – Once you are on the Poll Everywhere site, you will be prompted to put in your name. Please use the following when putting in your name:

STEP 3 – Trivia Time! The competition will consist of two rounds of trivia with 20 questions each. If time, we will do one final round with 10 questions. There will be several ways to be victorious.
