

LOCAL UNION REPRESENTATION

at the 41st International Convention

Eligibility for Local Union representation at the 41st International Convention is determined by Article II, Section 7 of the *IBEW Constitution*, which states:

No L.U. shall be entitled to representation at an I.C. if it has an indebtedness to the International Union for per capita tax payments and unless its per capita tax to the International Union has been paid on its membership through the month of July prior to the first of the month in which the I.C. is held.

The basis of representation for eligible Local Unions is governed by Article II, Section 8 of the *IBEW Constitution*, which states:

Each L.U. shall be entitled to a per capita vote on "A" and "BA" members based upon the average monthly number of members in good standing on which per capita tax is paid to the International Union during the twelve (12) month period ending on March 31 in the year in which the I.C. is held. Where the L.U. has been affiliated with the International Union for less than twelve (12) months, the average shall be computed from the month of affiliation.

Each L.U. shall be entitled to the following:
